

# SR 429 CORRIDOR WIDENING PROJECTS: SEGMENT 2

## SOUTH OF FLORIDA'S TURNPIKE TO WEST ROAD

### PROJECT DESCRIPTION

The Central Florida Expressway Authority is widening State Road 429 (Daniel Webster Western Beltway) from south of Florida's Turnpike to West Road to reduce congestion and improve traffic flow. This 6.1-mile project will add a lane in each direction, expanding the expressway from four to six travel lanes. Several sound walls are proposed in this segment. See the map for proposed wall locations.

CFX is relocating the exit from northbound SR 429 to Plant Street (see map) and adding a new All-Electronic Tolling (AET) gantry. The project will also widen and add safety improvements at SR 438/Franklin Street and improve drainage throughout the project corridor. Wider median shoulders will be added that can temporarily accommodate additional traffic during emergency response events, such as traffic accidents or hurricane evacuations. This is one of three widening projects on SR 429 between Tilden Road and SR 414.

### PROJECT MAP (LARGER MAP ON BACK)

### WHAT TO EXPECT

During construction, temporary lane and ramp closures will be necessary to accommodate work. To minimize the impact of construction to motorists traveling on SR 429, lane and ramp closures will not be permitted during peak travel times. There will be night and weekend work on this project.

### WORK ZONE SAFETY

For the safety of motorists and work crews, speed limits will be strictly enforced during construction. Speeding fines are doubled in work zones when workers are present. Motorists are reminded to change lanes for safety when they see Road Rangers assisting other motorists or flashing lights — it's Florida law.

### QUICK FACTS

**Project Timeline:**  
Early 2022 - Late 2024

**Estimated Project Cost:**  
\$170 Million

@DriveEPASS

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3 million residents in Brevard, Lake, Orange, Osceola and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-mile user-funded system includes 72 interchanges, 19 mainline toll plazas, 74 ramp toll plazas and 342 bridges and eight named expressways. On average, more than 1.3 million toll transactions are recorded daily, nearly 90 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with nearly 600,000 E-PASS accounts. For more information, visit CFXway.com.
