

CENTRAL FLORIDA EXPRESSWAY AUTHORITY

MEMORANDUM

TO: Authority Board Members

FROM: Joseph A. Berenis, Deputy Executive Director

DATE: February 11, 2015

RE: Staff's Report

Below is the Staff's Report for the February 12, 2015 Board Meeting.

Engineering, Operations, Construction & Maintenance

- Staff is working with All Aboard Florida (AAF) on a rail alignment along a portion of SR 528. Staff are having weekly meetings with AAF.
- We have completed the 60% plans for the Innovation Way Interchange Project. We are proceeding to 90% plans.
 - Staff has met with SLR to work out a schedule for completion.
- Wekiva Parkway:
 - Completed 100% plans for the two sections north of US 441.
 - Right of way acquisition for the first two sections is proceeding on schedule.
 - The Right of Way Certificate for Project 429-202 has been issued by FDOT.
 - The Right of Way Certificate for Project 429-203 has been issued by FDOT.
 - Project 429-202 has been advertised for construction bids.
- 2040 Master Plan Update:
 - A presentation will be given to the Board on February 12, 2015.
 - Individual meetings with Board Members will be scheduled.
 - Phase I involving data gathering and meeting with other public agencies is complete. We may need to update the information.
- CFX's Traffic & Revenue Consultant is completing the Fiscal Year 2014 Annual Report.
- The Authority has received proposals to replace toll collection equipment. Staff will be negotiating a price with the selected firm.

- The Authority will be receiving Letters of Interest and will shortlist for the following project:
 - Improvements to SR 408 from SR 417 to Alafaya Trail
- Speed limit signs on SR 417 and SR 429 have been installed. The speed limit has been raised to 70 mph.
- The SR 417/Turnpike Interchange has been completed and open to traffic.
