MEMORANDUM

TO: Authority Board Members

FROM: Claude Miller 
Director of Procurement

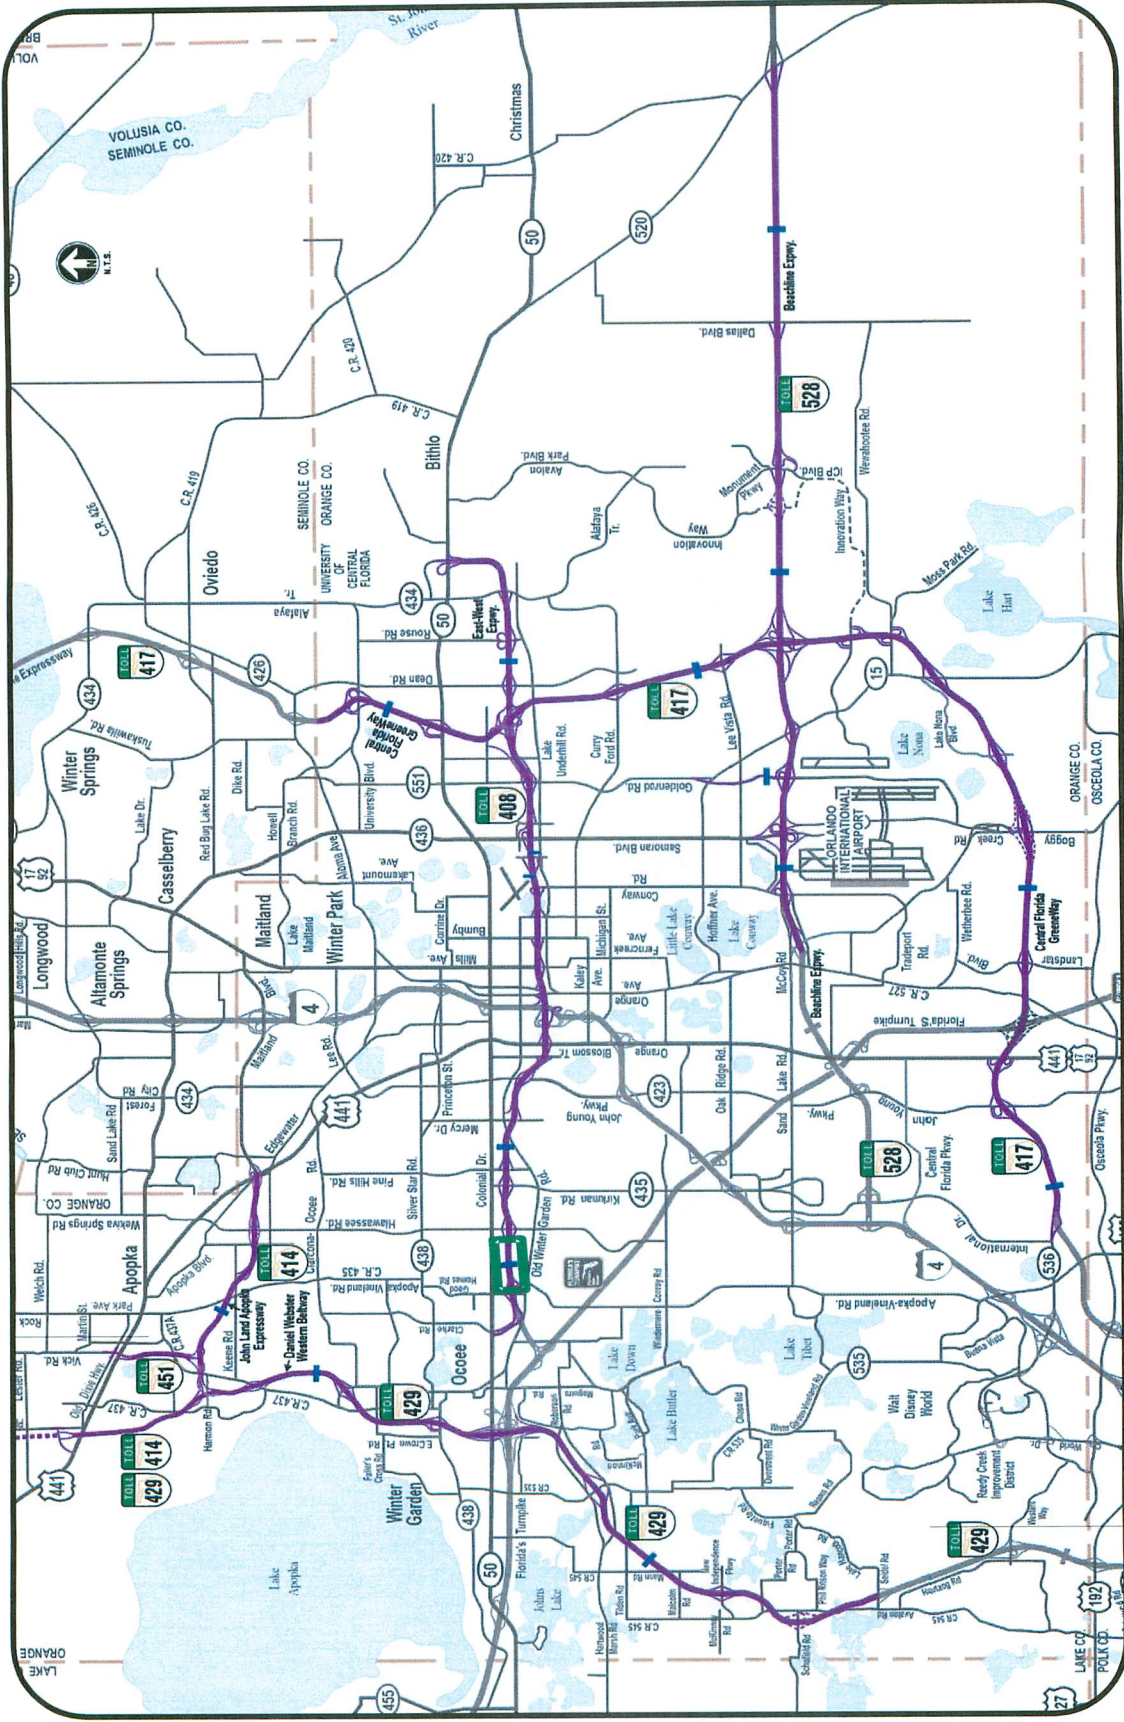

DATE: April 28, 2014

RE: Authorization to Advertise for Design-Build Services for
Backup Data Center
Contract No. 001122

Board authorization is requested to advertise for letters of interest from qualified firms to provide design-build services to complete the design and construction of a backup data center which will include a computer room to house redundant computer hardware for toll operations. The new center will be constructed at the Hiawassee Mainline Toll Plaza.

The letters of interest received will be evaluated and scored by the Evaluation Committee and a shortlist will be developed. Shortlisted firms will be required to submit a price proposal. The firm submitting the low responsive and responsible price proposal will be recommended to the Board for award of a contract.
