CENTRAL FLORIDA EXPRESSWAY AUTHORITY

MEMORANDUM

TO:

Board Members

Central Florida Expressway Authority

FROM:

Lisa Lumbard, Interim Chief Financial Office

DATE:

August 7, 2014

RE:

Draft of Fiscal Year 2015 Operations, Maintenance and Administration Budget

Attached is the Draft Operations, Maintenance and Administration budget for Fiscal Year 2015. The document includes summary budget data as well as individual cost center support.

I plan on presenting the final budget at the September 2014 meeting for adoption. If you have any concerns or feedback on the proposed budget please provide them at the Board Workshop or at your earliest convenience so that any necessary changes can be made prior to the September meeting.

Covers the costs that are invoiced to the Authority by the General Engineering Consultant (GEC) to support the management and maintenance of the ITS infrastructure completed, in use and under maintenance in FY 2015. Includes coordination with the maintenance contractors, providing technical support to ensure that ITS projects are performing as intended to help the Authority manage traffic and accidents/incidents. The ITS projects needing this support are DCS upgrade, SR429 ITS implementation and ITS FON documentation. Our system contains a total of 168 cameras, the Data Server used to measure and calculate travel times and inform customers of traffic conditions. 139 data collections sensors (DCS) to support the travel time program, 52 single line DMS Signs and 36 three line DMS Signs that are now in operation plus (393) TMS that are now online. The GEC will also generate performance measures report for the CFX monthly statistics manual. Performance measures are being developed from archived data server travel time information. The budget amount requested for FY 2015 is \$114,200 higher than FY 2014. The increase is due to the update to 2014 rates from 2013 (9,000), Staff from Montgomery Consulting Group (W/MBE) (18,000), SunGuide onsite support rates increase (53,000) and part time staffing of the ITS Control Room (34,200). Additional cost represents 2014 billing rates and additional hours for Road Ranger and FHP coordination. This scope includes the following: Support Authority staff with regional operations and ITS coordination with partner agencies. Assist Authority staff with coordinating activities and evaluating operational data associated with the Road Ranger Motorist Assistance Service Patrol and dedicated Florida Highway Patrol (FHP) law enforcement contracts. Support the development of and updates to the Expressway Operations budget projections (ITS Projects), Support the application for and development of Industry trade publications, recognition programs, and conference presentations highlighting Expressway Operations efforts and achievements. Provide status updates on Expressway Operations Program Activities. Develop briefing materials for Authority Board members and management staff on Expressway Operations efforts. Provide technical analysis of technologies and operational strategies that could benefit Expressway Operations. Provide half-time support for staffing of ITS control room for 12 months.

05-120-820-53125 **FON Program Support**

Account Budget:

\$170,000

170,000

Covers the costs that are invoiced to CFX by the General Engineering Consultant (GEC) to support the Fiber Optic Network (FON) maintenance program activities. Includes coordination with contractor (Century Link, Inc./ PCS) on alarms, contract administration and verification of pay requests, overall project management for the (Century Link, Inc./ PCS) contract, FON utility coordination, update of FON drawings. Internet Protocol (IP) Network alarm coordination and coordination of maintenance activities with Juniper Networks and Extreme Networks. The proposed figure of \$170,000 is slightly higher than the current year figure of \$152,200. This level of technical support from the GEC will be similar during FY 2015, however the rates have been adjusted from 2013 to 2014 rates. We also will have a new contractor so there will be some learning curve at the beginning of the contract. This contract ensures Authority's Fiber Optics Communications Network is reliable and consistently on line and in service protecting our revenue collection data.

05-120-820-53440 Florida Highway Patrol Services

Account Budget:

785,275

This budget item is to pay the Florida Highway Patrol (FHP) for dedicated law enforcement services on the CFX expressway system in accordance with the contract between FHP and CFX executed October 27, 2000. The original contract stipulates that eight (8) troopers will be provided to patrol the expressway system two (2) shifts per day for 16 hours, 365 days per year. This covers salaries, benefits, expenses, patrol vehicle operating costs, risk management, laptop expense, HR Resources and salary incentive payments. The proposed figure of \$785,275 for FHP services is an increase of \$71,568 over revised current year figure of \$713,707. This \$71,568 increase is due to increased rates FY 2015 in salaries and includes the replacement of one (1) existing patrol car cost of \$28.805. *With the addition of Wekiya Parkway construction completion, these services will need to be expanded in the future.

|---|-------------------------|
| CFX and Florida Turnpike Services of Florida executed a new contract in 2013 for the provision of Motorist Assistance Service on the CFX expressway system and portions of the Florida Turnpike. The Florida Turnpike Enterprise District of Florida Department of Transportation reimburses CFX for that portion of service on the Turnpike system through a separate interlocal agreement. The funding requested will support the Authority's net share of the cost for providing the service. Currently, the service runs from 6:00 A.M. to 8:00 P.M., seven (7) days a week using six (6) vehicles. This contract will continue the partnership with the Florida Turnpike Enterprise. The current year net cost to CFX for the service is \$1,065,024 versus the estimated net cost for the contract service in FY 2013/14 at \$1,123,763, a \$58,739 decrease after the procurement of the contract in September 2013. The cost covers the additional new vehicles and staff. The budget number was calculated by taking the total contract value of \$7,572,000 subtracting \$287,000 mobilization fee and \$88,891 for new signs, which was invoiced in the first year and dividing the total by five (5) and discounting for the net amount to CFX. This number should be consistent for the next four (4) years upon extension of the current contract. *With the addition of Wekiva Parkway construction completion, these services will need to be expanded in the future. | 1,065,024 |
| Funding is requested to allow travel and attendance at appropriate committee meetings, conferences and project business relating to Expressway Operations and particularly those that speak to issues of maximizing the roadway capacity of the CFX expressway system. Examples of proposed conferences and committee meetings are Team Florida, ITS America, ITS Florida (ITS 3C summit), IBTTA, ITE, FES Leadership institute and Transportation Research Board. The proposed figure of \$4,000.00 is \$1,000 more than FY 13/14. It represents the estimated costs to attend up to five (5) meeting/conferences during FY 2015 that would provide direct benefits to CFX in more efficient management of the expressway systems. | \$4,000 4,000 |
| O5-120-820-54012 Reimbursed Local Travel Account Budget: To pay for local mileage travel by CFX staff using personal vehicles on CFX business to include mileage costs, parking, charges and tolls. This budget would not cover any authorized overnight travel which would cover under a separate budget category. This will include local travel to Metroplan Orlando, Florida's Turnpike Enterprise, FDOT District 5 Deland, and other FDOT district RTMC's. This budget is the same as the previous year. | \$1,650 1,650 |
| O5-120-820-54020 Gasoline Account Budget: The proposed budget figure is to pay for gasoline for one (1) vehicle owned by the Authority. One (1) vehicle operated by the Authority Fiber Optic Network technician. The Fiber Optic Technician is responsible for providing locate services for requests (tickets) received from Sunshine One Call to establish location flags depicting the actual alignment of the Authority's Fiber Optic Network to protect it from damage by those that would be excavating/performing construction activity in the vicinity. This Service was formerly done by a consultant under contract to the Authority but is now accomplished by in house staff in the Maintenance department. The \$5,600.00 is for the Manager of Expressway operations using a pool vehicle instead of a full time assigned vehicle. Nextel "Direct Connect" phones are provided to the FHP Troopers for communication with the "Road Rangers." CFX Maintenance Staff and to the VES office for direct communication in their toll violation enforcement activity. The proposed cost also includes the cell phone used by the Manager of Expressway Operations. The requested figure of \$7,000 is \$300 less due to current usage rates from 13/14. | \$7,000 7,000 |

05-120-820-54300 Utilities

The funds requested are to pay the costs for commercial electric power for 168 CCTV camera locations, 139 Data Collection Sensor (DCS) and 36 three (3) line DMS Signs throughout the CFX Expressway System. All of these devices and associated equipment were installed as part of the Authority's Intelligent Transportation Systems (ITS) Program. These projects help the Authority better manage

Account Budget:

\$16,500 16,500

This item provides funding to support expenses associated with performing "locates" of the Authority's Fiber Optic Network (FON) in response to ticket requests from Sunshine One Call of Florida. The FON is installed on both sides of the entire CFX Expressway System. It is necessary to "locate" the FON System to prevent conflicts and damage to the fiber ahead of construction and maintenance activities. The FON is the communication medium for the Authority's Electronic Toll Collection (ETC) System and telephone communication between toll plazas, E-PASS service centers and the CFX administration building. It also provides communication for all devises installed under the Authority's Intelligent.

The FON is the communication medium for the Authority's Electronic Toll Collection (ETC) System and telephone communication between toll plazas, E-PASS service centers and the CFX administration building. It also provides communication for all devices installed under the Authority's Intelligent Transportation System projects, 168 CCTV cameras, 139 Data Collections Sensors, 36 three (3) line DMS Signs and 52 single line DMS Signs. We also are maintaining 393 TMS system wide through the 511 project. CFX staff responds to Sunshine One Call "locate" tickets which will cost about \$1,040 per month which are calculated below with additional related expenses. 1) Tickets \$1,040.00 per month x12 = \$12,480.00 2) Locate tape, Locate paint and FON Marker establishment/replacement expense = \$2,500.00 Total: \$14,980.00 The addition of a 10 percent contingency due to the size of the I-4, and All Aboard Florida projects equals a budget of 16,478 which rounds to \$16,500. The locates are now performed in house by the CFX Fiber Optic Network Technician whose salary and benefits costs are included in the CFX Maintenance budget. Locate tasks were previously performed by a consultant under

contract to CFX and have been brought in house as a more cost effective method to perform the work.

plemented 1,288,280

This budget item is to support maintenance costs for all the ITS projects that have been implemented together with those signs and devices installed and brought on line during FY 2013/14. We maintain ITS infrastructure including CCTV Cameras, 393 TMS, Data Collection Sensors, Portable DMS Signs, Single line DMS Signs approaching toll plazas and three (3) line DMS Signs for displaying of travel time at key locations on the CFX Expressways. Data Server Software and equipment have been installed to develop travel time information and the project has now transitioned to the Maintenance and Support Phase. The FY 2014/15 budget request also includes funding for Data Server Software and the data server maintenance \$1,288,280 which is \$188,930 higher than the FY 2013/14 budget of \$1,099,350. The increase in costs is attributed to extending additional CCTV, Data Collection Sensors, TMS and DMS brought on line on the SR429 project contingency for repairs coordination with massive I-4 and All Aboard FL projects of \$18,500.

| O5-120-820-54625 Repairs & Maint Fiber Optic Network Account Budget: Funds are requested to pay for monitoring, maintenance and repair of the Authority's Fiber Optic Communications Network (FON). The FON provides communication between all the toll plazas for The Electronic Toll Collection (ETC) System and also communication to support The Intelligent Transportation (ITS) projects. The funds are to pay the contractor for performing the FON monitoring and maintenance with an additional amount for time and material costs for repair that exceeds routine monitoring and maintenance requirements. The funds also support a contract for technical assistance advice and replacements parts for certain major items of network switching equipment and another service contract for maintenance of firewalls that provide security to the CFX Network. The proposed figure of \$400,000 is \$104,720 higher than the current year (2013/14) figure of \$295,280.00. The funds requested for FY 2014/15 reflect the existing contracts will cost CFX to adequately repair and maintain the FON based on our ITS projects that have been implemented together with those signs and devices installed and brought on line during FY 2013/14. This would also help us avoid any risk with fiber repair that may come with the massive I-4 and All Aboard Florida Construction projects. | \$400,000 400,000 |
|---|-----------------------------|
| 05-120-820-54650 Repairs & Maint Vehicles Account Budget: Budget request is to pay maintenance and repair costs for one (1) vehicle owned by The Authority. This vehicle is operated by the by the CFX Fiber Optic Network technician. As of February 11, 2014 the vehicle has 86,000 miles (FON technician). This estimate was based on previous repairs averaging 1,890.46 per 12 month period. | \$2,000 2,000 |
| 05-120-820-55100 Office Supplies The proposed figure of \$800.00 represents the estimated needs for Expressway Operations for FY 2014/15 which is the same as the previous year. This covers the ITS control room and also the office supplies for the Administrative Assistant for Construction, Maintenance, Design Project Management and Expressway Operations. | \$800 800 |
| 05-120-820-55110 Office Expense - Other Account Budget: This budget request is to cover the cost of acquiring office furniture, desk, chair, bookshelves and credenza if needed for the ITS Control Room or Expressway Operations Director. | \$1,500 1,500 |
| O5-120-820-55400 Dues and Subscriptions Account Budget: These funds are requested to pay for dues to professional organizations related to Expressway Operations business. Includes purchase of publications and manuals from FDOT, AASHTO, ITE and other organizations that provide guidance, specifications and current processes/procedures in the traffic operational aspects of the CFX Expressway System. Payment of CFX dues to ITS Florida is included in this proposal figure which remains the same \$420 as FY 2013/2014. This figure is the same as last fiscal year. | \$1,500 1,500 |
| O5-120-820-55420 Seminars and Conferences Account Budget: The required funds will support training and education in the design, installation and maintenance of Fiber Optic Networks and for management and maintenance of ITS infrastructure. ITS infrastructure includes Closed Circuit Television Cameras (CCTV), Data Collection Sensors, Dynamic Message Signs and data servers which will equip CFX operations staff to better manage these facilities that have been installed. Funding requested will support up to three (3) sessions in the \$400.00 to \$600.00 per session cost range. These seminars will be important for PDH's continuing education to maintain P.E. License. | \$2,000 2,000 |
| 05-120-820-55430 Staff Training and Education Account Budget: The proposed figure of \$6,000 represents the estimated needs for Expressway Operations for FY 2014/15. This investment will pay for ONE (1) of the following ENA certification (Extreme networks) or Operations Academy hosted by the University of Maryland. Both would be beneficial to the operations director here at CFX. | \$6,000 6,000 |
| O5-120-820-56400 General Equipment Account Budget: Funding is requested to potentially acquire (1) one Trimble device used by the FON Locate Technician. This GPS device will be to maintain the OSP insight database with accurate up to date GPS information. The cost is approximately 5,000. I also added an additional 2,000 for laptop or tablet to access OSP insight in the field. This database can save us cost in the future by making our fiber locating process more accurate. | \$7,000 7,000 |
