MEMORANDUM

TO: CFX Board Members

FROM: Lisa Lumbard, CFO 

DATE: April 27, 2016

SUBJECT: Approval of Roadway Insurance Policy with Zurich American Insurance Company

In order to obtain insurance on its assets, CFX utilizes an independent insurance broker, Arthur J. Gallagher Risk Management Services, Inc. (Gallagher), for risk management advice and the solicitation and evaluation of proposals for insurance coverage. CFX's current insurance policy is with Zurich American Insurance Company (Zurich). This policy which covers damage or loss to bridges, overpasses and toll plaza infrastructure, expires on June 30, 2016.

The upcoming policy year starting July 1, 2016 is the final year of the negotiated rate guarantee program with Zurich as described in the attached proposal. The insurance premium for fiscal year 2017 is \$639,307, which is an increase of 8% over fiscal year 2016 due to the increase in the value of the CFX system, while the rate is staying the same. Gallagher recommends accepting this year's policy with Zurich.

CFX staff concurs with the recommendations of the broker and requests the Board to authorize staff to execute fiscal year 2017's policy for a not to exceed amount of \$650,000. This will allow for additional insurance needed for system expansion during the fiscal year.

Executive Summary

Arthur J. Gallagher Risk Management Services, Inc. appreciates the opportunity to present this proposal for your consideration.

Arthur J. Gallagher & Co. is pleased to provide this proposal to Central Florida Expressway Authority. We thank you for the opportunity to continue our partnership with the Authority, which is now on its 16th year!

Current State of Florida Property Insurance Market

Florida's property insurance is dynamic, fluctuating dramatically when industry events occur. We have partnered with CFEA during both "hard" markets and "soft" market periods. We have been able to provide CFEA with competitive insurance pricing, and needed capacity during both of these periods. Over the past decade, we've seen four hard market cycles:

- The first, in 2002, was a market-wide hardening following the events of 9/11.
- The second occurred in 2005/06 for catastrophic windstorm areas of the Southeast following the widespread hurricane damage as a result of hurricanes Charlie, Ivan, Francis, Jean, Katrina, Rita and Wilma.
- Third, in 2009, following a global reduction in capacity due to the financial crisis, a brief hard market took place for catastrophe property in Q1 2009, followed by a softening in the market later that year.
- Lastly, in 2012, we experienced hard market conditions driven by two primary factors 1) industry wide-losses in 2011 and 2) increased perception of risk through new catastrophe modeling, RMS version 11. The latter had the greatest impact on our Central Florida governmental clients.

Fortunately, the past three years have been favorable to the insurance industry, with a limited amount of losses occurring. Additionally, the pace of new capital entering the industry is out-pacing demand, leading to a favorable buyers market.

CFEA Bridges Program History

Despite the dynamic catastrophe property market in Florida, Gallagher has been able to help CFEA achieve significant rate reductions since our inception as your broker. The initial rate reduction achieved by CFEA in 2004 was approximately 35% by going to a stand-alone program. Since then, your rate has decreased by an additional 44%, including an 18% reduction in 2012 which was guaranteed through a three-year policy term.

2016 Property Insurance Renewal – Bridges & Toll Structures

In 2014, Gallagher recommended that CFEA extend its current 3 year policy rate guarantee beyond its expiration in 2015. This allowed CFEA to lock in the historically low rates through 2017 and avoid uncertainty with the Florida property insurance market.

It is almost unheard of in Florida for an insurance company to guarantee property insurance rates, as reinsurance costs and markets can change dramatically year-to-year. We were extremely pleased at this guarantee, which locks in historically low rates for CFEA.

Due to 2012 hard market conditions, the “as is” program at the time would have left CFEA with a premium increase of 23% higher than in 2011. The Zurich program we were able to negotiate actually decreased CFEA’s program costs from 2011. This was during a market when all of our clients in Central Florida felt dramatic premium increases. Overall, this lead to a \$215,000 reduction for CFEA between the two options!

Additionally, Zurich continues to offer broader conditions than nearly all insurance clients in the Central Florida area, including a low, flat named windstorm deductible which would reduce CFEA’s insurance deductible by millions of dollars versus industry standard percentage deductibles.

Other Renewal Options for Consideration

- **Loss of Revenue, Non-Physical Damage** – Gallagher would recommend evaluating the alternative options that may be available to address revenue loss associated with suspensions in toll operations. Primarily regarding suspension orders that are given as a result of hurricane evacuation orders. Since this type of program has never been negotiated for any Florida toll authorities, we would recommend having Gallagher pursue this option to determine its feasibility. There is market interest in these types of programs; however, the costs are unknown.
- **Cyber Risks** – We have discussed cyber liability with the Authority as a potential insurance line to consider due to the volume of personal data maintained by the Authority. We are happy to provide further information on this should CFEA desire.

We appreciate your continued business and look forward to your further review of this proposal.

Proposal Disclosures

The following disclosures are hereby made a part of this proposal. Please review these disclosures prior to signing the Client Authorization to Bind or e-mail confirmation.

Proposal Disclaimer **IMPORTANT:** The proposal is an outline of certain terms and conditions of the insurance proposed by the insurers, based on the information provided by your company. It does not include all the terms, coverages, exclusions, limitations and/or conditions of the actual policy contract language. The insurance policies themselves must be read for those details. Policy forms for your reference will be made available upon request.

We will not be operating in a fiduciary capacity, but only as your broker, obtaining a variety of coverage terms and conditions to protect the risks of your enterprise. We will seek to bind those coverages based upon your authorization; however, we can make no warranties in respect to policy limits or coverage considerations of the carrier. Actual coverage is determined by policy language, so read all policies carefully. Contact us with questions on these or any other issues of concern.

Compensation Disclosure One of the core values highlighted in The Gallagher Way states, "We are an Open Society," and our open society extends to the compensation Gallagher receives. In general, Gallagher may be compensated as follows:

1. Gallagher Companies are primarily compensated from the usual and customary commissions or fees received from the brokerage and servicing of insurance policies, annuity contracts, guarantee contracts and surety bonds (collectively "insurance coverages") handled for a client's account, which may vary from company to company and insurance coverage to insurance coverage. As permitted by law, Gallagher companies occasionally receive both commissions and fees.
2. In placing, renewing, consulting on or servicing your insurance coverages, Gallagher Companies may participate in contingent and supplemental commission arrangements with intermediaries and insurance companies. Contingent commissions provide for additional contingent compensation if underwriting, profitability, volume or retention goals are achieved. Such goals are typically based on the total amount of certain insurance coverages placed by Gallagher with the insurance company and/or through the intermediary, not on an individual policy basis. Some insurance markets, including Gallagher-owned intermediaries, have modified their commission schedule with Gallagher, resulting in an increase in some commission rates. These additional commissions, commonly referred to as "supplemental commissions" are known as of the effective date, but some insurance companies are paying this commission later and apart from when commission is normally paid at policy issuance. As a result, Gallagher may be considered to have an incentive to place your insurance coverages with a particular insurance company. Note: Upon request, your Gallagher representative can provide more specific market information regarding contingent and supplemental commission related to your insurance coverage.
3. Gallagher Companies may also receive investment income on fiduciary funds temporarily held by them, such as premiums or return premiums.
4. Gallagher Companies may access other facilities, including wholesalers, reinsurance intermediaries, captive managers, underwriting managers and others that act as intermediaries for both Gallagher and other brokers in the insurance marketplace. Gallagher Companies may own some of these facilities, in whole or in part. If such a facility was utilized in the placement of a client's account, the facility may have earned and retained customary brokerage commission or fees for its work.
5. Gallagher assists its customers in procuring premium finance quotes and unless prohibited by law may earn compensation for this value added service.
6. From time to time, Gallagher may participate in insurance company promotional events or training and development that insurers provide for Gallagher employees.

7. Gallagher strives to find appropriate coverage at a competitive price for our customers. In order to achieve these goals, we gather and analyze data about our customers and their insurance coverage. This data and the resulting analytical tools help us better understand the current marketplace, more accurately predict future trends and offer tailored solutions to our customers. The data may also be provided to insurers pursuant to consulting service agreements from which we earn fees.

If you have specific questions about the compensation received by Gallagher and its affiliates in relation to your insurance placements, please contact your Gallagher representative for more details.

TRIA/TRIPRA Disclaimer

If this proposal contains options to purchase TRIA/TRIPRA coverage, the proposed TRIA/TRIPRA program may not cover all terrorism losses. While the amendments to TRIA eliminated the distinction between foreign and domestic acts of terrorism, a number of lines of coverage excluded under the amendments passed in 2005 remain excluded including commercial automobile, burglary and theft insurance; surety insurance, farm owners multiple perils and professional liability (although directors and officers liability is specifically included). If such excluded coverages are required, we recommend that you consider purchasing a separate terrorism policy. Please note that a separate terrorism policy for these excluded coverages may be necessary to satisfy loan covenants or other contractual obligations. TRIPRA includes a \$100 billion cap on insurers' aggregate liability.

The TRIPRA program increases the amount needed in total losses by \$20 million each calendar year before the TRIPRA program responds from the 2015 trigger of \$100 million to \$200 million by the year 2020.

TRIPRA is set to expire on December 31, 2020. There is no certainty of extension, thus the coverage provided by your insurers may or may not extend beyond December 31, 2020. In the event you have loan covenants or other contractual obligations requiring that TRIA/TRIPRA be maintained throughout the duration of your policy period, we recommend that a separate "Stand Alone" terrorism policy be purchased to satisfy those obligations.

Coverages For Consideration

Overview

- A proposal for any of the coverages can be provided.
- The recommendations and considerations summarized in this section are not intended to identify all exposures.
- Since Gallagher does not handle your complete insurance program, these recommendations only reflect items within our scope of responsibility.

Other Coverage Considerations

- Cyber Risk
- Loss of Revenue, Non-Physical Damage
- **Builders Risk / Owners Protective Professional Coverage** – due to CFEA's ongoing construction projects, it may want to explore ways to protect itself from construction risks such as OPPI, or owners builders risk coverage. Similar public clients that are undergoing expansive renovations/additions have purchased this coverage to protect its assets. OPPI coverage as an example provides professional liability coverage to CFEA that sits over top of your designer/engineer policies in the event their coverage does not respond or does not carry sufficient coverage limits.

The above coverage may not necessarily represent the entirety of available insurance products. If you are interested in pursuing additional coverages other than those addressed in the coverage considerations included in this proposal, please list below:

These supplemental or contingent commissions may range from less than 1% up to 10% of the policy premium. Please refer to the Compensation Disclosure or contact your Gallagher representative for additional information.
