

APPENDIX A: State Permits

Jul 1, 2006 11:57AM
Jul 14, 2006 6:27PM

No. 0737 P. 2/3
No. 0722 P. 3/5

FLORIDA DEPARTMENT OF STATE

Sue M. Cobb
Secretary of State

DIVISION OF HISTORICAL RESOURCES

ARCHAEOLOGICAL RESEARCH PERMIT

Permit No. 060704

Field Begin Date: 7/17/2006 Field End Date: 7/31/2006

PERMITEE/AUTHORIZED ENTITY:

Archaeological Consultants, Inc.
c/o Joan Deming
8110 Blakie Ct. Suite A
Sarasota, Florida 34240

Report/Artifact Due Date: 12/31/2006

Project: Wekiva Parkway PD&E

This permit is issued under the authority of Chapters 267.031 (1) and 267.12, Florida Statutes (F.S.) and Rule 1A-32, Florida Administrative Code (F.A.C.), and is administered by the Florida Bureau of Archaeological Research (BAR), Florida Division of Historical Resources (DHR).

ACTIVITY DESCRIPTION:

CRAS of Proposed right-of-way

LOCATION DESCRIPTION:

Rock Springs Run State Preserve
DEP, Division of Recreation and Parks

GENERAL CONDITIONS:

1. The Principal Investigator listed above or another qualified archaeologist designated by the applicant shall be responsible for all archaeological investigations, production of a final report, and be on site during all fieldwork.
2. A copy of this permit shall be provided to the land managing agency (when applicable) and field personnel shall carry a copy during fieldwork.
3. The permittee shall (initial each item as indicated):
 - a. prepare a final report that meets standards and guidelines required by Rule 1A-46, F.A.C., including the necessary Florida Master Site File forms; *jd*
 - b. inform the BAR permit administrator that a report has been completed and submitted to the Division of Historical Resources, or submit a copy of the final report to the BAR permit administrator; *jd*
 - c. provide proper curation and conservation of recovered artifacts and other recovered site materials until such time as those artifacts and other site materials are conveyed to the BAR for curation; *jd*
 - d. convey all artifacts and related materials obtained from state-owned or controlled land to the BAR permit administrator for permanent curation or processing for loan; *jd*

Page 2 of 3

- e. convey copies of all notes, maps, photographs, videotapes, and other field records pertaining to research conducted under this permit to the BAR permit administrator following completion of the project
 - f. ~~and~~ not remove from a stable environment artifacts and materials which the permit recipient is unable to properly curate and conserve before conveying to BAR.
4. The effective field investigation dates are subject to receipt of permission from the State Park Manager and from the DEP Division of Recreation and Parks, Bureau of Natural and Cultural Resources (attn: Steve Martin, 578-A Appleyard Drive, Tallahassee, FL 32304); and in some instances, the State/Federal dredge-and-fill permitting program. Those agencies likely will require work performance conditions relevant to their resource management and permitting responsibilities. A representative of the land managing agency will need to sign this permit document prior to BAR executing this permit (see page 3).
 5. Unless approved in writing by BAR, no work beyond that described in the "ACTIVITY DESCRIPTION" and attached to your application shall be performed.
 6. This permit is valid for up to one year following the requested report due date. Requests for approval for amendments to fieldwork, fieldwork end date and report/artifact due date are required during this time. Such requests may be made and approved by phone, email, or in writing during this time and do not require amendments to this document.
 7. In any release of information, including public presentations, media contacts, and the final written report, there shall be acknowledgement that the portion of the project involving state-owned and controlled land was conducted under the terms of an archaeological research permit issued by the Florida Department of State, Division of Historical Resources, Bureau of Archaeological Research.
 8. If Unmarked Human Burials are discovered, permit recipient shall comply with the provisions of 872.05, F.S., and when appropriate, Rule 1A.44, F.A.C. Specifically, upon discovery of unmarked human remains, all activities that might further affect those remains shall be halted and the remains protected from further disturbance until an appropriate course of action has been determined by the local medical examiner or by the State Archaeologist, as appropriate.
 9. In issuing this permit, the State assumes no liability for the acts, omissions to act or negligence of the permittee, its agents, servants or employees; nor shall this permittee exclude liability for its own acts, omissions to act or negligence to the State.
 10. The permittee, unless the permittee is an agency of the State, agrees to assume all responsibility for, indemnify, defend and hold harmless the Division of Historical Resources from and against any and all claims, demands, or liabilities, or suits of any nature whatsoever arising out of, because of, or due to any act or occurrence of omission or commission arising out of the permittee's operations pursuant to this permit and shall investigate all claims at its own expense. In addition, the permittee hereby agrees to be responsible for any injury or property damage resulting from any activities conducted by the permittee.
 11. The parties hereto agree that the permittee, its officers, agents and employees, in performance of this permit, shall act in the capacity of an independent contractor and not as an officer, employee, or agent of the State.

RESEARCH/COLLECTING PERMIT

This Permit Must Be Carried At All Times While Researching/Collecting

<p>Names of Collectors:</p> <p>Archaeological Consultants, Inc. Joan Deming, Nigel Rudolph</p>	<p>Address, Phone, Fax and Email:</p> <p>8110 Blaikie Court Suite A Sarasota, FL 34240 (941) 379-6206 (941) 379-6216 FAX aci.jdeming@comcast.net</p>	<p>Issue – Expiration Dates</p> <p>7/21/06-8/21/06</p>
<p>Representing: Archaeological Consultants, Inc.</p>		
<p>Permitted Activity: Archaeological field survey of the alternate alignments of the Wekiwa Parkway road project</p>		
<p>Permitted Collection: Cultural artifacts encountered during shovel tests</p>		
<p>In the Following Areas: Rock Springs Run State Reserve</p>		
<p>Special Conditions or Restrictions:</p> <ol style="list-style-type: none"> Contact the park manager and park biologists (407-884-2006) one week in advance of visits for coordination and arrangements. Check in at the park entrance station upon arrival at and departure from the park. Collected material is subject to inspection. Collect only materials as stated above, in the quantities and manner indicated in the attached application form or proposal. Collect no state or Federally listed, or rare endemic species or forms. Collecting shall be conducted in such a manner as not to attract attention or cause damage to the environment. Vehicular traffic shall be limited to park roads; other methods of access must be approved by the park manager. All gates shall be left as found. Collected objects may not be sold, bartered, or traded. Collections will be sent to Steve Martin, FDEP Bureau of Natural and Cultural Resources. A summary report concerning project data shall be submitted to the park manager and district biologist by 9/30/06. Copies of any other reports, publications, or theses that result from this work must also be provided to the district biologist upon their availability. Any other applicable state and Federal permits are the responsibility of the permittee. The permit is non-transferable. It must be in the possession of the permittee(s) or their research associates and assistants when collecting in the park. At least one named collector (above) must be present. The permit is revocable. The permittee and research associates will not be subject to park day-fees when entering the park for research purposes. The permit may be extended or modified upon submission of the annual report and a letter requesting renewal. Contact the issuing office for amendment or extension. Any liabilities incurred to the researcher and/or his/her associates are the sole responsibility of the researcher. The Florida Park Service may request that the researcher give a program in the local community on their work.

Additional Persons to be Authorized Under Permit:

Name <u>Nigel Rudolph</u>	Affiliation <u>ACI</u>
Name _____	Affiliation _____
Name <u>[Signature]</u>	Affiliation <u>"</u>
Name _____	Affiliation _____

Do you have a federal or other state agency permit for the proposed activity? Yes ___ No If Yes, please attach a copy.

Have you previously had a DRP research/collecting permit? Yes ___ No

If Yes, give permit number.

Was a final report submitted to District Offices?

List parks to be included in permit. Rock Springs Run State Preserve

Why is a state park proposed for this project?

Permit is requested incident to archaeological survey of the Wetiva Parkway alternative alignments which traverse portions of the Preserve in Lake County, south of SR 46.

Describe/propose benefits to state park. N/A

Project Start Date July 17, 2006 Project End Date July 21, 2006

Describe research/collecting needs and objectives (attach additional page if necessary). Attach a copy of a research proposal if available.

See attached

Species/samples to be collected/studied (if taking is necessary, specify numbers requested and justify need for sample size).

Collections will include archaeological cultural materials - aboriginal ceramics and lithic tools and debitage only.

Methodology (describe collecting/trapping/marketing methods)

See attached

Proposed disposition of collected specimens

To FDEP or designated curation facility, as specified by FDEP.

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF RECREATION AND PARKS

Rock Springs Run State Preserve

Archaeological Survey
Wekiva Parkway Project Development and Environment (PD&E) Study

Research objectives and methods:

As subconsultant to CH2MHill, Archaeological Consultants, Inc. (ACI) is performing an archaeological survey of all alternative alignments within the Wekiva Parkway PD&E Study project area in Orange, Lake and Seminole Counties. This study is being conducted on behalf of the Florida Department of Transportation, District Five, and the Orlando-Orange County Expressway Authority.

Portions of the project area are located within Rock Springs Run Preserve. Specifically, ACI proposes to conduct archaeological survey within the following parcels: 2934, 3269, 3279, 2917, 3083, 3257, 3066, 3036, 2936, 3051, and 2946.

Field survey will be performed by a team of four archaeologists. The fieldwork strategy entails the excavation, by shovel, of holes measuring approximately 0.5 m (1.6 ft) in diameter by 1.0 m (3.3 ft) deep. These will be placed at 25 m (82 ft) intervals in areas considered to have a high probability for archaeological site occurrence, and at 50 m (164 ft) intervals in zones of moderate site location potential. In the event that sites or isolated cultural materials are discovered, additional closer interval testing (e.g., 10 m [33 ft]) will be carried out. All excavated soil will be screened through one-quarter inch mesh hardware cloth, and at the completion of each shovel test, all test pits will be refilled. All cultural materials found will be bagged by provenience location, and subsequently analyzed and prepared for transfer and curation to the Florida Department of Environmental Protection (FDEP), or a repository to be determined by the FDEP. The excavation of an estimated 100-125 shovel tests is anticipated.

ACI has tentatively scheduled archaeological field survey within the alignment segments which pass through Rock Springs Run State Preserve during the week of July 17-21.
