

FINAL
SR 429 - Wekiva Parkway/SR 46 Realignment
PD&E Study Traffic Report
(September 2010 Update)

Prepared For:

Orlando-Orange County Expressway Authority

And

Florida Department of Transportation

Prepared By:

HNTB Corporation

September 10, 2010

TABLE OF CONTENTS

EXECUTIVE SUMMARY.....	1
1.0 INTRODUCTION.....	1
1.1 General Project Description	1
1.2 Study Objective.....	3
1.3 Methodology.....	3
1.3.1 PD&E Traffic Model Development	3
1.3.2 Base Year Model Development and Validation.....	4
1.3.3 Design Year Model Development	4
1.3.4 Opening and Mid Year Model Development	5
1.4 Summary	5
2.0 EXISTING TRAFFIC CONDITIONS	6
2.1 Existing Roadway Network.....	6
2.1.1 Orange County	6
2.1.2 Lake County	9
2.1.3 Seminole County	9
2.2 Existing Traffic Volumes and Level of Service	10
2.2.1 Traffic Count Information.....	10
2.2.2 Project Factors	10
2.2.3 Operational Analysis.....	17
2.2.3.1 Roadway Segments Operating at LOS E.....	21
2.2.3.2 Roadway Segments Operating at LOS F.....	21
2.2.3.3 Ramp Analyses.....	24
2.2.3.4 Intersection Analyses	26
2.3 Summary	29
3.0 NO-BUILD TRAFFIC CONDITIONS.....	30
3.1 Description of No-Build Roadway Network.....	30
3.1.1 No-Build Traffic Volumes and Level of Service	35
3.1.2 Traffic Volume Projections.....	35
3.2. Operational Analysis.....	37
3.2.1 No-Build 2012	37
3.2.1.1 Roadway Segments Operating at LOS E.....	37
3.2.1.2 Roadway Segments Operating at LOS F.....	38
3.2.1.3 Ramp Analyses.....	47
3.2.1.4 Intersection Analyses	49

3.2.2 No-Build 2022	53
3.2.2.1 Roadway Segments Operating at LOS E.....	53
3.2.2.2 Roadway Segments Operating at LOS F.....	53
3.2.2.3 Ramp Analyses.....	62
3.2.2.4 Intersection Analyses	63
3.2.3 No-Build 2032	67
3.2.3.1 Roadway Segments Operating at LOS E.....	67
3.2.3.2 Roadway Segments Operating at LOS F.....	67
3.2.3.3 Ramp Analyses.....	76
3.2.3.4 Intersection Analyses	78
3.3 Summary	80
4.0 ALTERNATIVES ANALYSIS.....	83
4.1 Initial Alternatives.....	83
4.1.1 No-Build Alternative.....	83
4.1.2 Build Alternative 1.....	85
4.1.3 Build Alternative 2.....	85
4.1.4 Build Alternative 3.....	85
4.1.5 Build Alternative 4.....	88
4.1.6 Build Alternative 5.....	88
4.2 Refined Alternatives.....	92
4.3 Additional Traffic Analyses.....	98
4.3.1 Orange County Interchange Location.....	98
4.3.2 US 441/SR 46 Interchange Redesign	98
4.3.3 East Lake County Local Access Interchanges.....	99
4.4 Summary.....	100
5.0 VIABLE ALTERNATIVES	102
5.1 Traffic Distribution.....	102
5.2 User Benefits.....	105
5.3 Roadway Network Connectivity.....	105
5.4 Miles of Deficient Roadways.....	106
5.5 Summary.....	107
6.0 PREFERRED ALTERNATIVE	108
6.1 Preferred Alternative Description	108
6.2 Operational Analysis.....	111

6.2.1 Build 2012 Preferred Alternative	112
6.2.1.1 Roadway Segments Operating at LOS E	112
6.2.1.2 Roadway Segments Operating at LOS F	112
6.2.1.3 Ramp Analyses	121
6.2.1.4 Intersection Analyses	124
6.2.2 Build 2022 Preferred Alternative	128
6.2.2.1 Roadway Segments Operating at LOS E	128
6.2.2.2 Roadway Segments Operating at LOS F	128
6.2.2.3 Ramp Analyses	137
6.2.2.4 Intersection Analyses	139
6.2.3 Build 2032 Preferred Alternative	143
6.2.3.1 Roadway Segments Operating at LOS E	143
6.2.3.2 Roadway Segments Operating at LOS F	144
6.2.3.3 Ramp Analyses	153
6.2.3.4 Intersection Analyses	157
6.3 Summary	161
7.0 PREFERRED ALTERNATIVE WITH SERVICE ROAD CONCEPT	162
7.1 Preferred Alternative with Service Road Concept Description	162
7.2 Operational Analysis	165
7.2.1 Build 2012 Preferred Alternative with Service Road Concept	166
7.2.1.1 Roadway Segments Operating at LOS E	166
7.2.1.2 Roadway Segments Operating at LOS F	166
7.2.1.3 Ramp Analyses	175
7.2.1.4 Intersection Analyses	177
7.2.2 Build 2022 Preferred Alternative with Service Road Concept	181
7.2.2.1 Roadway Segments Operating at LOS E	181
7.2.2.2 Roadway Segments Operating at LOS F	181
7.2.2.3 Ramp Analyses	190
7.2.2.4 Intersection Analyses	192
7.2.3 Build 2032 Preferred Alternative with Service Road Concept	196
7.2.3.1 Roadway Segments Operating at LOS E	196
7.2.3.2 Roadway Segments Operating at LOS F	197
7.2.3.3 Ramp Analyses	206
7.2.3.4 Intersection Analyses	210
7.3 Summary	214
8.0 CONCLUSION	215
