#### CENTRAL FLORIDA EXPRESSWAY AUTHORITY

#### **MEMORANDUM**

TO: Central Florida Expressway Authority Board Members

Linda S. Brehmer Lanosa, Deputy General Counse Kindald Sidney Calloway, Esq., Shutts & Bowen FROM:

DATE: September 28, 2016

RE: Central Florida Expressway Authority v. Kenneth A. Grimm and January D.

Grimm, et al., Case No. 2014-CA-003592, Parcel 173

Location: 3302 and 3316 Plymouth Sorrento Road, north of West Ponkan Road Size of Parent: 9.032 acres; Size of Taking: 2.598 acres; Remainder: 6.434 acres

#### DESCRIPTION OF PROPERTY AND TAKING

The 9.032-acre parent tract is located on the west side of Plymouth Sorrento Road, north of West Ponkan Road in unincorporated Orange County, Florida. Of the 9.032 acres, there are only 1.767 net developable acres. The parent tract consists of three tax parcels and is improved with a single family residence, a mobile home, shade houses, greenhouses, associated agricultural improvements, perimeter fencing and gates, and wells and septic systems. The parent tract has over 1000 camellias, trees, hedges, and other plants.

The taking consists of 2.598 gross acres or 0.447 net acres along the western border of the property.

#### CFX'S APPRAISAL REPORT

Walter Carpenter, Jr., MAI, CRE, appraised the property for CFX. He concluded that the highest and best use of the property was as an agricultural site with supporting residential. Applying the sales comparison approach, Mr. Carpenter estimated the value at \$15,000 per acre with sales ranging from roughly \$12,000 to \$24,000 per acre, or \$39,100 for the land taken.

The improvements within the area of the taking included an 18,848-square-foot shade house, 382 linear feet of a 4-foot field fence, 300 linear feet of a 5-foot chain link fence, irrigation, camellias, hedge rows, and 47,210 square feet of lot ground cover. The value of the improvements totaled \$121,000, consisting of the sum of \$101,006 for the depreciable improvements subject to 75% depreciation with a value of \$25,252 plus \$91,730 for the non-depreciable improvements, such as the plants. Mr. Carpenter concluded that the remainder would have the same highest and best use and that the underlying land value was still applicable.

Mr. Carpenter estimated full compensation at \$165,000.

#### **OWNERS' APPRAISAL REPORT**

The owners retained Richard Parham, a state-certified general real estate appraiser, to value the property. He concluded that the highest and property use of the property would be for residential use. He relied upon comparable sales ranging in price from \$28,253 to \$72,464 per acre, with a value of \$40,000 per acre, or \$104,000 for the land taken.

Mr. Parham valued the improvements at \$314,300, approximately three times higher than Mr. Carpenter. Mr. Parham placed a much higher value on the camellias and hedge rows. Mr. Grimm worked on the property and the camellias for over 35 years with his mentor and father figure, who was renowned for his camellias. There were over 600 varieties of camellias on the property. Over 240 camellias were destroyed by the taking, some of which were unique and irreplaceable.

Mr. Parham estimated full compensation at \$551,900.

#### **SETTLEMENT DISCUSSIONS**

A comparison of the two appraisals reports is below.

|                       | Carpenter | Parham    |
|-----------------------|-----------|-----------|
| Land (2.598 acres)    | \$ 39,100 | \$104,000 |
| Per Acre Value        | \$ 15,000 | \$ 40,000 |
| Improvements          | \$121,000 | \$314,000 |
| Severance Damages and | \$ 5,000  | \$133,600 |
| Cost to Cure          |           |           |
| Total for Owners      | \$165,000 | \$551,900 |

The above table highlights several key differences. First, the expert opinions as to land value and severance damages were significantly different. The owners noted that the property to the north, Parcel 174, was valued at \$30,000 per acre with 30% severance damages. This appraisal report was prepared by a different appraiser of a different piece of property, with a different typography and size. Second, there is a difference in opinion as to the value of the improvements. The owners claimed that the improvements were worth three times more due to the higher value placed on the camellias and other improvements. Third, as a side issue, although the owners did not submit a business damage claim, they did complain that the thousand clippings they took from the plants that were taken were ruined because the water was cutoff during the construction process.

Regarding expert fees, counsel for the owners submitted invoices from six experts totaling \$70,151.60, copies of which are attached. The invoices consist of the following:

| Owners' Experts                    | Invoice     |
|------------------------------------|-------------|
| Richard H. Parham, State-Certified | \$22,367.00 |
| General Real Estate Appraiser      |             |
| Calhoun, Collister & Parham        |             |
| Stan DeFreitas, Green Thumb,       | \$10,362.50 |
| Horticulturist                     |             |
| MEI Civil (Dan Morris)             | \$15,487.50 |
| Rahenkamp Design Group, Inc.       | \$5,115.85  |
| (Planner)                          |             |
| Roberts & Associates               | \$11,312.50 |
| (General Contractor)               |             |
| Subtotal                           | \$64,645.35 |
| Lloyd Morgenstein, CPA             | \$5,506.25  |
| Total                              | \$70,151.60 |

Since the owners did not have a business damage claim, the invoice from the business damage expert, Lloyd Morgenstein, CPA, was rejected.

In comparison, CFX spent a comparable amount for its appraisal report and planner's report, but much less on the horticulturist, engineer, and general contractor, as shown in the table below.

| CFX's Experts                         | Invoice     |
|---------------------------------------|-------------|
| Pinel & Carpenter                     | \$23,918.33 |
| City Beautiful Horticultural Services | \$5,595.22  |
| Fred B. LaDue & Associates            | \$3,815.25  |
| Donald W. McIntosh Associates, Inc.   | \$8,505.00  |
| Ellen S. Hardgrove (Planner)          | \$4,930.25  |
| Speer Construction                    | \$4,895.00  |
| Total                                 | \$51,659.05 |

The parties mediated on August 26, 2016. To resolve this case, the parties reached a proposed compromise consisting of an all-inclusive settlement of \$429,400. The settlement amount consists of \$325,000 for the owners, \$51,600 for expert fees, and \$52,800 for statutory attorney's fees. The owners agreed to reduce their expert fees by \$17,351.60 or nearly 25%. The proposed settlement compared to each party's position is summarized in the table below.

|                           | Carpenter    | Parham       | Proposed<br>Settlement |
|---------------------------|--------------|--------------|------------------------|
| Total for Owners          | \$165,000.00 | \$551,900.00 | \$325,000              |
| Expert Fees               | \$ 51,659.05 | \$ 70,151.60 | \$ 52,800              |
| Statutory Attorney's Fees | N/A          | \$116,725.00 | \$ 51,600              |
|                           |              | \$738,776.60 | \$429.400              |

CFX v. Grimm, Parcel 173 September 28, 2016 Page 4 of 6

This proposed settlement should neither be construed nor interpreted to be CFX's position at trial or in any other case, nor should the proposed settlement be construed or interpreted to be an agreement with the owners' factual, legal or expert positions.

#### REQUESTED ACTION

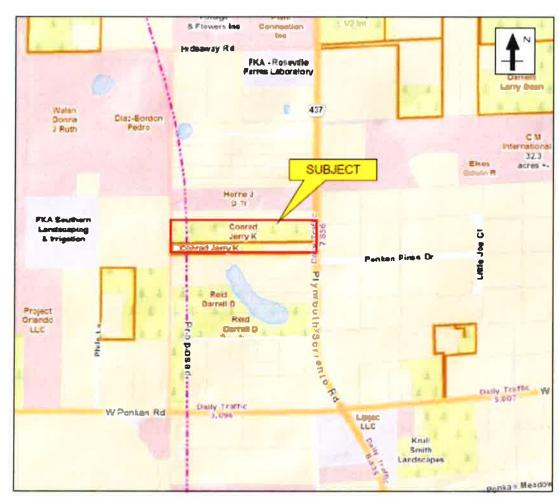

Board approval is requested to accept the proposed Mediated Settlement Agreement in the amount of \$429,400, resolving all claims for compensation for the taking of Parcel 173, including severance damages, business damages, tort damages, interest, attorney's fees, attorney's costs, expert fees, expert costs, and any other claim, subject to apportionment, if any.

The Right of Way Committee recommended approval on September 28, 2016.
