

# CONSTRUCTION QUICK FACTS

## PROJECT: SR 429/NEW INDEPENDENCE PARKWAY INTERCHANGE IMPROVEMENTS

To improve traffic flow, the Central Florida Expressway Authority is partnering with Orange County to make improvements at the SR 429/New Independence Parkway interchange. The project consists of widening the southbound off ramp to New Independence Parkway and adding traffic lights, pedestrian signals and street lighting on New Independence Parkway over SR 429.

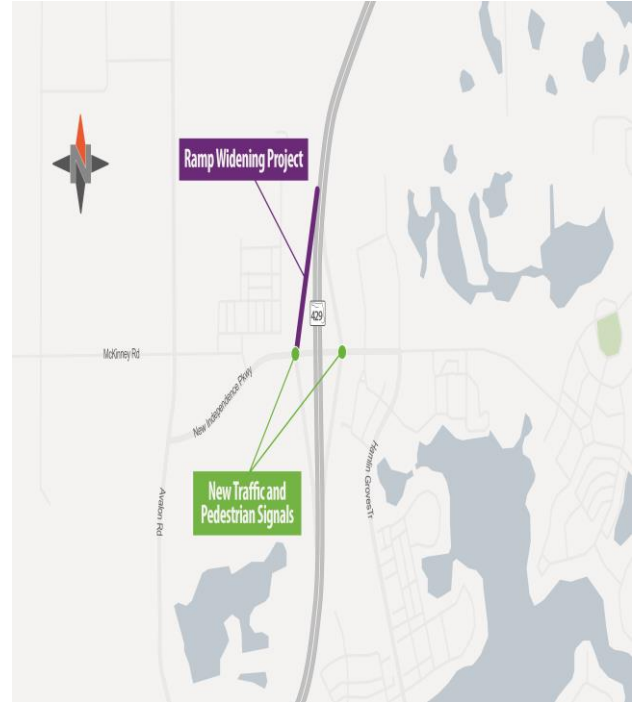

## LANE CLOSURES

During construction, temporary lane closures may be necessary to accommodate work. To minimize the impact of construction to motorists traveling on SR 429 and New Independence Parkway, lane closures will not be permitted during peak travel times. There will be night and weekend work on this project.

## WORK ZONE SAFETY

For the safety of motorists and work crews, speed limits will be strictly enforced during construction. Speeding fines are doubled in work zones when workers are present. Motorists are reminded to change lanes for safety when they see Road Rangers assisting other motorists or flashing lights – it's Florida law.

### QUICK FACTS

#### PROJECT START:

Construction began in January 2020

#### ESTIMATED COMPLETION:

Construction is expected to be completed by Summer 2020

#### PROJECT COST:

Estimated \$2.3 Million for construction

The regional Central Florida Expressway Authority is responsible for the planning, design, construction, operation and maintenance of a 125-mile limited-access expressway system to serve the five county region. CFX's system includes SR 408 (Spessard L. Holland East-West Expressway), SR 528 (Martin Andersen Beachline Expressway), SR 417 (Central Florida GreeneWay), SR 429 (Daniel Webster Western Beltway), SR 414 (John Land Apopka Expressway), SR 429 (Wekiva Parkway), SR 538 (Poinciana Parkway), State Road 453 and State Road 451.
