

CONSTRUCTION QUICK FACTS

PROJECT: SR 408 MILLING & RESURFACING FROM LAKE UNDERHILL BRIDGE TO YUCATAN DRIVE

The Central Florida Expressway Authority (CFX) is resurfacing State Road 408 (Spessard L. Holland Expressway) between Lake Underhill Bridge and Yucatan Drive. The work will update the roadway, giving drivers a smoother ride. The 1.7-mile project also calls for improving traffic flow by restriping to add a fourth dedicated E-PASS lane in each direction on SR 408 at the Conway Open Road Tolling (ORT) Lanes.

An average of 142,700 vehicles a day currently travel this stretch of SR 408. That number is expected to increase to 197,550 by 2028.

During construction, nearby residents and property owners may experience some noise, vibration and dust. The Central Florida Expressway Authority will take steps to minimize the impact of construction to the extent possible on the surrounding community.

LANE CLOSURES

During construction, temporary lane closures on SR 408 will be necessary to accommodate work. To minimize the impact of construction to motorists traveling on SR 408, lane closures will only be allowed from 10 p.m. to 5 a.m., Monday through Friday. Weekend lane closure times will vary. There also will be some ramp closures at Conway Road, Andes Avenue, and Semoran Boulevard. Ramp closures are allowed only from 12 a.m. to 4 a.m. Drivers should also be aware of lane shifts throughout the project.

WORK ZONE SAFETY

For the safety of motorists and work crews, speed limits will be strictly enforced during construction. Speeding fines are doubled in work zones when workers are present. Motorists are reminded to change lanes for safety when they see Road Rangers assisting other motorists or flashing lights – it's Florida law.

Distracted driving is a major cause of traffic accidents. Even just two seconds of distraction time doubles the chances of an accident. Use your cell phone when stopped and never text while driving. Instead, "Designate a Texter." For details, click: www.WhosYourDT.com.

PROJECT MAP (SEE REVERSE FOR LARGE MAP)

QUICK FACTS

PROJECT START

Construction is scheduled to begin June 19, 2017.

ESTIMATED COMPLETION

Construction is expected to take approximately 6 months and to be completed in January of 2018.

PROJECT COST

Estimated \$6.1 million for construction

The regional Central Florida Expressway Authority is responsible for the planning, design, construction, operation, and maintenance of a 109-mile limited-access expressway system to serve the four county region. CFX's system includes SR 408 (Spessard L. Holland East-West Expressway), SR 528 (Martin Andersen Beachline Expressway), SR 417 (Central Florida GreeneWay), SR 429 (Daniel Webster Western Beltway), SR 414 (John Land Apopka Expressway) and State Road 451.
