

PROJECT Description

The Central Florida Expressway Authority will be adding two lanes to create a divided four lane expressway on SR 538/Poinciana Parkway from Ronald Reagan Parkway to County Road (CR) 580/Cypress Parkway. This 7-mile FDSD ~~PROJECT~~ expected to improve ~~ROADWAY~~

The project includes four proposed sound walls; re-aligning the intersection with CR 580/Cypress Parkway at Solivita Boulevard; building a second bridge over the Reedy Creek Mitigation Bank; building new bridges at Marigold Avenue and KOA street; and two new ramps at the existing interchange with Marigold Avenue.

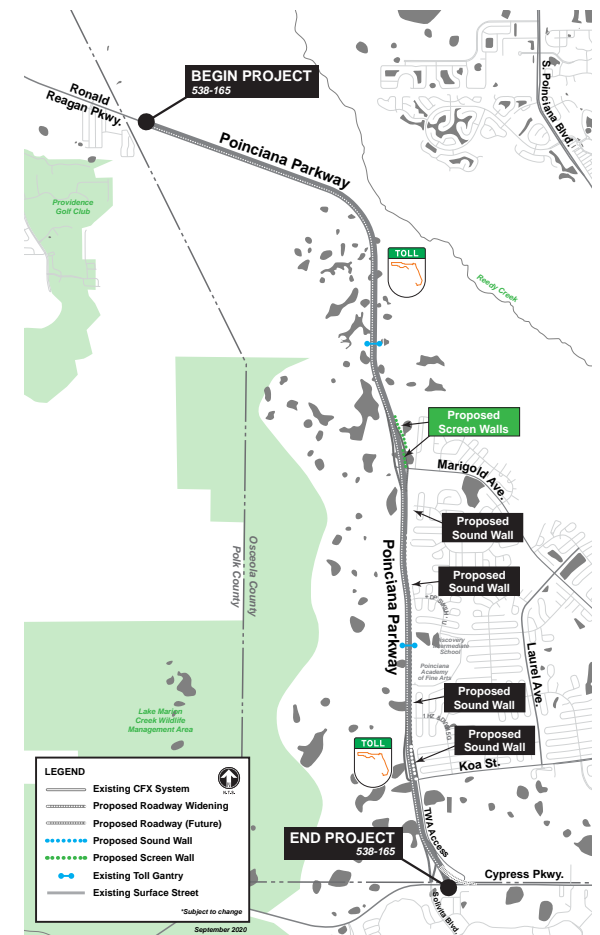

WHAT TO Expect

During construction, temporary lane closures will be necessary to accommodate work. To minimize the impact of construction to motorists, lane closures will not be permitted during peak travel times. There will be night and weekend work on this project.

WORK ZONE Safety

For the safety of motorists and work crews, speed limits will ~~BE~~ doubled in work zones when workers are present.
