

SR 417 CORRIDOR CAPACITY IMPROVEMENTS PROJECT: SEGMENT 4

BOGGY CREEK ROAD TO NARCOOSSEE ROAD

PROJECT DESCRIPTION

The Central Florida Expressway Authority is widening State Road 417 (Central Florida GreeneWay) from Boggy Creek Road to Narcoossee Road to reduce congestion and improve traffic flow. This 4.5-mile project will add a lane in each direction, expanding the expressway from four to six travel lanes. One sound wall is proposed in this segment. See the map for proposed wall location.

CFX will also add capacity to the southbound SR 417 entrance ramp at Lake Nona Boulevard and modify the existing configuration of the southbound SR 417 ramp to Narcoossee Road to three left turn lanes and single right turn lane. Wider median shoulders will be added that can temporarily accommodate traffic during emergency response events, such as traffic accidents or hurricane evacuations. This is one of five widening projects on SR 417 between International Drive and SR 528

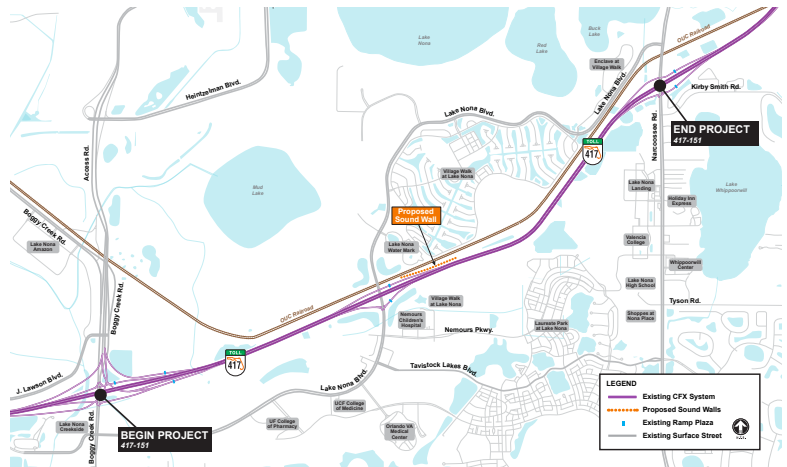

WHAT TO EXPECT

During construction, temporary lane and ramp closures will be necessary to accommodate work. To minimize the impact of construction to motorists traveling on SR 417, lane and ramp closures will not be permitted during peak travel times. There will be night and weekend work on this project.

WORK ZONE SAFETY

For the safety of motorists and work crews, speed limits will be strictly enforced during construction. Speeding fines are doubled in work zones when workers are present. Motorists are reminded to change lanes for safety when they see Road Rangers assisting other motorists or flashing lights — it's Florida law.
