

# STATE ROAD 417 CORRIDOR CAPACITY IMPROVEMENTS PROJECT

## PROJECT DESCRIPTION

In February 2021, the Central Florida Expressway Authority (CFX) will begin the 21-mile capacity improvements of SR 417 (Central Florida GreeneWay) from International Drive to SR 528 (Martin B. Andersen Beachline). The capacity improvements, anticipated to be complete by late 2023, will be broken into five segments to minimize impact to motorists.

CFX will add a travel lane to SR 417 in each direction between International Drive and State Road 528 as well as sound walls along several locations of the expressway. CFX is also adding wider median shoulders that can temporarily accommodate additional traffic during emergency response events, such as traffic accidents or hurricane evacuations.
