

SR 429 CORRIDOR WIDENING PROJECTS: SEGMENT 2

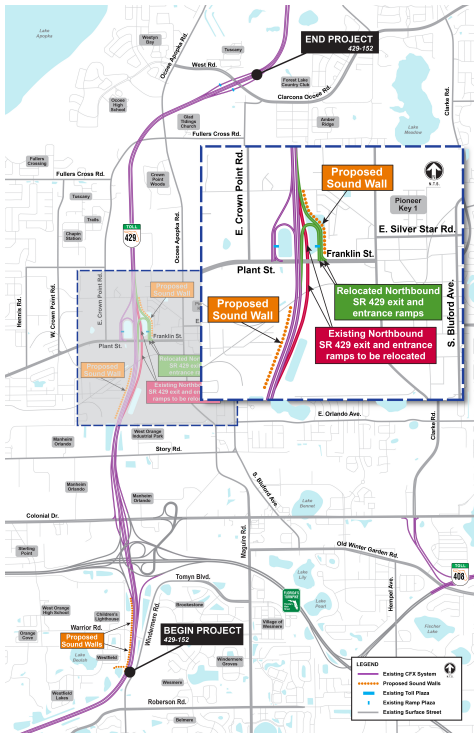

SOUTH OF FLORIDA'S TURNPIKE TO WEST ROAD

PROJECT DESCRIPTION

The Central Florida Expressway Authority is widening State Road 429 (Daniel Webster Western Beltway) from south of Florida's Turnpike to West Road to reduce congestion and improve traffic flow. This 6.1-mile project segment will widen SR 429 from four to six lanes (three lanes in each direction). Three sound walls are proposed in this segment. See the map for proposed locations.

CFX will relocate the entrance and exit on the northbound SR 429 ramps at Franklin Street and add a new All-Electronic Tolling (AET) gantry on the exit ramp. This project segment will also widen SR 438/Plant Street/Franklin Street from East Crown Point Road to Ocoee Apopka Road. Wider median shoulders will be added that can temporarily accommodate additional traffic during emergency response events, such as traffic accidents or hurricane evacuations. This is one of three SR 429 widening projects between Tilden Road and SR 414 that CFX will start in mid 2021.

PROJECT MAP (LARGER MAP ON BACK)

WHAT TO EXPECT

During construction, temporary lane and ramp closures will be necessary to accommodate work. To minimize the impact of construction to motorists traveling on SR 429, lane and ramp closures will not be permitted during peak travel times. There will be night and weekend work on this project.

WORK ZONE SAFETY

For the safety of motorists and work crews, speed limits will be strictly enforced during construction. Speeding fines are doubled in work zones when workers are present. Motorists are reminded to change lanes for safety when they see Road Rangers assisting other motorists or flashing lights — it's Florida law.

QUICK FACTS

Project Timeline:
Mid 2021 - Mid 2024

Estimated Project Cost:
\$140 Million

@DriveEPASS

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3 million residents in Brevard, Lake, Orange, Osceola and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-mile user-funded system includes 72 interchanges, 19 mainline toll plazas, 74 ramp toll plazas and 342 bridges and eight named expressways. On average, more than 1.3 million toll transactions are recorded daily, nearly 90 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with nearly 600,000 E-PASS accounts. For more information, visit CFXway.com.
