

SR 528/SR 436 INTERCHANGE IMPROVEMENTS

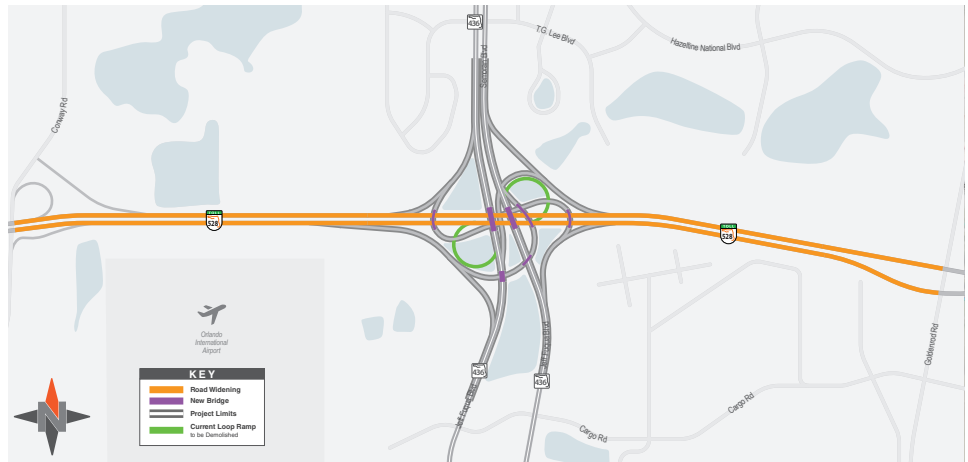

SPRING 2020

PROJECT DESCRIPTION

This CFX signature project will improve safety and traffic flow around the north entrance to the Orlando International Airport (OIA). On average, more than 50,000 vehicles a day access OIA through this interchange.

The project will add an additional travel lane in each direction of SR 528 (Beachline Expressway) between Conway Road and Goldenrod Road to ease congestion at this busy interchange.

PROJECT MAP (LARGER MAP ON BACK)

The construction of seven new fly-over bridges at the SR 528/SR 436 interchange will provide smoother, uninterrupted access between SR 528 and SR 436 (Semoran Boulevard). This includes transforming the existing loop ramps (from southbound SR 436 to eastbound SR 528 and from northbound SR 436 to SR 528) into semi-directional flyovers.

Other improvements include enhanced aesthetics such as tiered planter walls, updated signage and lighting. CFX's signature sustainable landscape design featuring native plants with bold, staggered tree canopies will provide a welcoming gateway to Central Florida for the nearly 50-million visitors coming through Orlando International Airport.

WORK ZONE SAFETY

For the safety of motorists and work crews, speed limits will be strictly enforced during construction. Speeding fines are doubled in work zones when workers are present. Motorists are reminded to change lanes for safety when they see Road Rangers assisting other motorists or flashing lights, it's Florida law.

QUICK FACTS

Project Timeline:
August 2020 – Late 2022

Estimated Project Cost:
\$118 Million

**CENTRAL
FLORIDA
EXPRESSWAY
AUTHORITY**

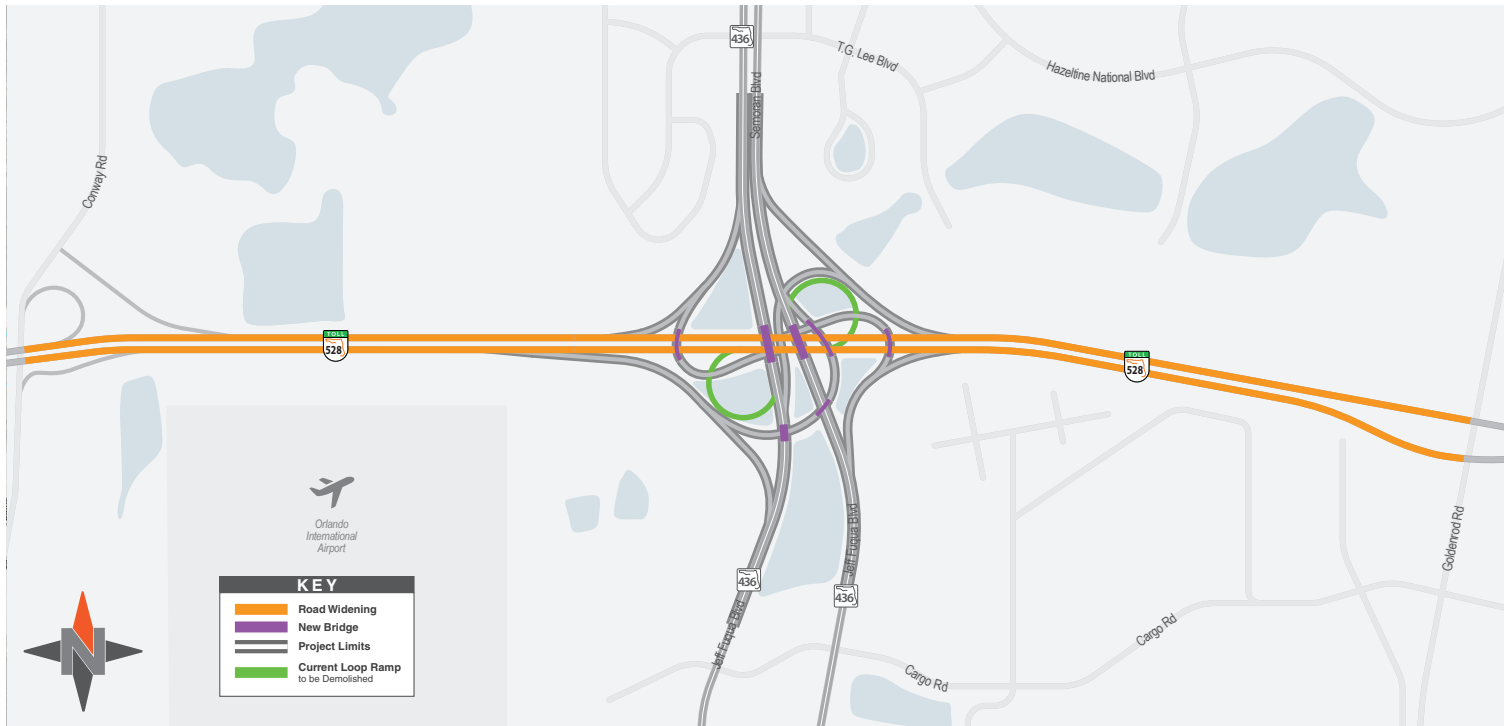

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3.3 million residents of Brevard, Lake, Orange, Osceola, and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-centerline mile, user-funded system which includes 73 interchanges, 14 mainline toll plazas, 5 mainline gantries, 76 ramp toll plazas and 343 bridges. On average, more than 1.3 million toll transactions are recorded daily, over 95 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with more than 800,000 E-PASS accounts. For more information, visit CFXway.com.
