VISION & MISSION STATEMENTS

VISION: To provide the region with a world-class, integrated mobility network that drives economic prosperity and quality of life.

MISSION: To build, operate and maintain a mobility network through accountability, fiscally sound practices and a community focus.

December 14, 2021

Board Members Central Florida Expressway Authority

The Annual Comprehensive Financial Report (ACFR) for the Central Florida Expressway Authority (CFX) for the fiscal year ended June 30, 2021, is hereby submitted.

In preparing this report, responsibility for accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of CFX. Internal controls are designed to provide reasonable assurance regarding the safeguard of assets and the reliability of the financial records for preparing financial statements. Management believes it has established and maintained an internal control system that provides reasonable, but not complete, assurance that the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of CFX, which is reported as an independent special district of the State of Florida, consisting of a single enterprise fund.

CFX has an audit committee that assists the CFX Board in fulfilling its oversight responsibilities by reviewing the financial information, systems of internal controls and the audit process. In fiscal year 2021 there were seven voting members; one was a citizen representative and six were staff members from Brevard County, Lake County, Orange County, City of Orlando, Osceola County and Seminole County, as selected by their respective commissions.

The financial operations of CFX are independently audited on an annual basis. For the fiscal year 2021, MSL, P.A. conducted the audit and issued an unmodified ("clean") opinion on CFX's financial statements. Their report is presented in the financial section of the ACFR.

To gain a more complete understanding of the operations and financial condition of CFX, the management discussion and analysis contained in the Financial Section introduces the basic financial statements and provides a brief analysis of the financial activities of CFX.

CFX PROFILE

CFX is an agency of the state of Florida, created by the Florida Legislature. On June 20, 2014, the Governor of Florida signed the bill to create CFX, which assumed the governance and control of the former Orlando-Orange County Expressway Authority, including its assets, personnel, contracts, obligations, liabilities, facilities and tangible and intangible property. CFX was given responsibility for the construction, maintenance and operation of toll roads in Lake, Orange, Osceola and Seminole Counties, and may also acquire, construct and equip rapid transit, trams and fixed guideways within the rights-ofway of the expressway system. On July 1, 2017 CFX expanded to include Brevard County and added an additional seat to the governance board for the respective county. As of June 30, 2021, the CFX Board was made up of ten voting members, consisting of: (a) one member each appointed by the respective chairs of the county commissions of Brevard, Lake, Orange, Osceola and Seminole Counties; (b) three citizens appointed by the Governor; (c) the Mayor of Orange County; and (d) the Mayor of the City of Orlando. The Florida Turnpike Enterprise Executive Director serves as a non-voting advisor.

CFX owned and operated a total of 125 centerline miles of roadway in Fiscal Year 2021 which includes 116 centerline miles in Orange County, 7 centerline miles in Osceola County and two centerline miles in Lake County. The roadways include 22 centerline miles on the State Road (SR) 408 (Spessard L. Holland East-West Expressway), 23 centerline miles on SR 528 (Martin B. Andersen Beachline Expressway), 33 centerline miles on SR 417 (Central Florida GreeneWay), 30 centerline miles on SR 429 (Daniel Webster Western Beltway), six centerline miles on SR 414 (John Land Apopka Expressway), seven centerline miles on SR 538 (Poinciana Parkway), two centerline miles on SR 451 and two centerline miles on SR 453.

ECONOMIC CONDITIONS

The population in the Orlando metropolitan statistical area (MSA), which includes Lake, Orange, Osceola and Seminole counties, grew 22% over the last 10 years and was approximately 2.7 million in 2020. According to the Bureau of Labor Statistics, Central Florida has a history of being a leader in job growth and has shown a strong rebound after the world wide COVID-10 crisis, seeing an increase of 8.2% in jobs over the last 12 months. The Orlando MSA economy relies heavily on the leisure and hospitality industry, and those regions have begun to show strong signs of recovery as the area comes out of the pandemic, with a 12-month job increase of 33.5% as of June 2021.

The Bureaus of Labor Statistics reports the unemployment rate for the Orlando-Kissimmee-Sanford MSA (Orlando MSA) in August 2021 was 5.0%. This can be considered a strong indicator of the economic recovery, given that at the height of the pandemic in May of 2020 it had spiked to 22.6%.

According to the Orlando Business Journal, the Central Florida area has several large-scale improvements projects in the works. In Orange County, the Orlando International Airport, which is the 10th busiest airport in the country, is investing over \$1 billion to make improvement to the north terminal and build a new south terminal. Over the next couple years, highspeed rail is also looking to potentially invest billions of dollars to better connect portions of Central Florida.

Construction of Lake County's sections of SR 429 (Wekiva Parkway) are currently underway. Once open, this multi-billion-dollar transportation project will link Lake County residents to their central Florida neighbors with a state of the art and environmentally sensitive roadway. Lake county is also boasting significant investments in their school infrastructure. According to the Lake county 5-year capital improvement plan, they expect to spend over \$170 million expanding and modernizing their school facilities.

Seminole County has also seen a significant amount of growth and development. Seminole County is seeing various expansion projects such as a new facility titled the "Boombah Sports Complex" and mixed-use luxury spaces like the new Ellington location at Oviedo Park which will consist of hundreds of family units and 12,000 square feet of retail space.

According to the Economic Development Commission (EDC), Brevard County is poised to make growth in several industries. The "Space Coast" has seen a renewed commitment to space exploration, with dozens of rocket launches expected through 2023. In conjunction with these expansions, the EDC claims that Brevard County is seeing almost 3 times the national average in manufacturing growth, showing a significant investment in infrastructure for the area. Also, according to an annual study

published by the Milken Institute the Brevard metropolitan area was the #2 economic performing region in the nation in 2021.

Largely driven by transportation improvements in the area, Osceola county is seeing a great deal of growth. There is a \$32 million, 500 thousand square foot warehouse that is being built near the Poinciana SunRail station and CFX is in the midst of doing multiple studies in the county.

According to the Orlando Business Journal, construction jumped 18% in the past year, with more than \$6 billion in new construction having started in Orlando this year alone. Although the tourism industry in Orlando saw some setbacks in the prior year, there is renewed optimism as the parks begin to fill up again. Orlando retains its identity as a leader in this industry. Theme parks continue to make investments in Orlando for the future. At Universal Studios a new roller coaster "Jurassic World: Velocicoaster" opened this year and they have plans to open a brand-new park called "Epic Universe". A new roller coaster called the "Ice Breaker" is coming to Sea World in early 2022 and Walt Disney World also has new attractions in the works including a TRON themed ride at Magic Kingdom and a Guardians of the Galaxy roller coaster at Epcot.

LONG-TERM FINANCIAL PLANNING

CFX's capital projects are budgeted and planned for in its five-year work plan. Renewal and replacement projects, intelligent transportation systems projects, information technology projects and projects from the 2040 Master Plan are prioritized according to critical need. The 2040 Master Plan was approved by the Board in 2016 and is CFX's first regional master plan. The cost of the projects is then compared to revenue projections compiled by CFX's Traffic and Revenue consultant. Once the plan is deemed fundable by the Finance Department it is brought before the board for approval. In August 2020, CFX launched the planning process for the agency's 2045 Master Plan to identify potential transportation projects over the next 25 years.

During fiscal year 2021 CFX was operating under the FY2021 to FY2025 five-year work plan with an amount of \$2.7 billion. Projects in the plan include, but are not limited to, existing system widenings, several interchange projects and multiple PD&E studies in the region. CFX's total investment in capital assets, at historical cost less depreciation, is \$5.3 billion.

CFX utilizes the modified approach for infrastructure reporting. In lieu of recording depreciation on infrastructure, CFX reports preservation expense, which is the actual cost of maintaining the roadway in good condition. This expense varies from year to year as can be seen in this year's Statements of Revenues, Expenses and Changes in Net Position. Preservation expense decreased from \$31 million in fiscal year 2020 to \$21 million in fiscal year 2021.

In addition to the five-year work plan, CFX has an annual Operations, Maintenance and Administration (OM&A) budget. Budgets are prepared at departmental/cost center level and compiled by the Finance Department. After financial review at several levels, the entire budget is presented to the board for approval. The Executive Director can make transfers between funds (Operations, Maintenance and Administration) in the budget, but amendments of additional money must be approved by the board. The board's policy requires that the net OM&A budget not exceed 25% of the projected toll revenues. The fiscal year 2021 net OM&A budget was \$90.3 million.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Central Florida Expressway Authority for its ACFR for the fiscal year ended June 30, 2020. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both U.S. generally accepted accounting principles and applicable legal requirements.

CENTRAL

FLORIDA

AUTHORITY

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the ACFR was made possible by the hard work and dedicated service of the Finance Department. Sincere thanks are expressed to the Communications Department and to our external auditors, MSL, P.A., for their special effort in compiling this report. Finally, we extend our appreciation to all the employees and Board members of the Central Florida Expressway Authority for their cooperation and assistance in matters pertaining to the finances of CFX.

Respectfully submitted,

Laura Kelley
Executive Director

Lisa Lumbard
Chief Financial Officer

GOVERNING BOARD Brandon Arrington Orange County Mayor **Curt Smith**Board Member, Brevard County Martinez Board Member, Nicola Liquori Jim Greer Lisa Lumbard Glenn Pressimone, P.E.

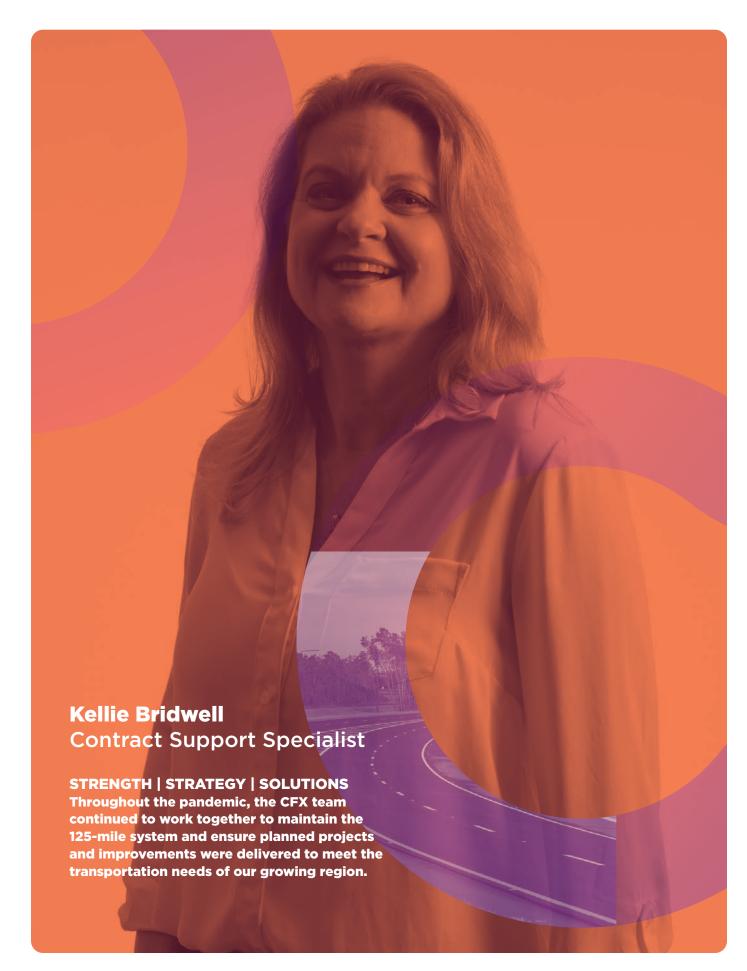

SVNZNGV

At the Central Florida Expressway Authority, we began the fiscal year in a state of constant change and innovation, as we advanced new initiatives and accelerated signature projects aimed to contribute to the economic vitality for this region. As we faced the professional challenges of our lives, our team delivered on innovative ways to support our customers amid a pandemic.

That's why the theme of the FY 2021 ACFR is **Synergy** of **Strength, Strategy, Solutions**. It reflects how we kept our focus and achieved remarkable results to keep our community moving for generations to come.

STRENGTH

Adopted Largest Five-Year Work Plan

\$3.2 Billion to be Invested in Central Florida

Central Florida's population continues to prosper, attracting new businesses and residents every day. In fact, more than 390,000 people have moved to Central Florida between 2010-2020, according to U.S. Census data released in May 2021.

In response to this growth, the Central Florida Expressway Authority's Governing Board approved the largest Five-Year Work Plan to date in May 2021. Over the next five years, CFX will be investing \$3.2 billion in capital improvements, maintenance, and safety projects to grow its expressway network for a region that's on the move. This translates to an estimated 41,600 jobs and more than \$1.5 billion in wages and income.

The Five-Year Work Plan is part of CFX's budget process and updated annually, focusing on new projects, changes to project status, cost estimates and schedules.

2022-2026 WORK PLAN HIGHLIGHTS

EXISTING SYSTEM IMPROVEMENTS

Allocating \$1.3 billion for 60 centerline miles of capacity improvement projects for SR 408, SR 417, SR 429, SR 528, and SR 538-15 of the 19 projects are funded in the first fiscal year of the plan

Improving interchanges: SR 408 at Tampa Avenue and SR 528 at Dallas Boulevard

Implementing six sustainability projects: photovoltaics (PVs) and renewable energy sources to the system and specific facilities

SYSTEM EXPANSION PROJECTS: NEW ALIGNMENTS

Project Development & Environment Studies (PD&E)

- SR 414 Expressway Extension
- Northeast Connector Expressway Phase I
- Southport Connector Expressway

Design, Right-of-Way and Construction

SR 414 Expressway Extension
SR 516 Lake/Orange Expressway
SR 534 Osceola Parkway Extension
SR 538 Poinciana Parkway Extension

\$3.2 BILLION 5-YEAR WORK PLAN

Advancing needed expansions in 5 counties to handle future growth

Renewing existing roadways with resurfacing, widening and improvements

Investing in future-forward operations, technologies and intermodal partnerships

Funding projects solely by tolls,

LOCAL JOB CREATION

Supporting approximately 41,600 jobs

Creating more than \$1.5 billion in wages and income

Keeping 98% of jobs in private sector

ECONOMIC IMPACT

Stimulating more than \$4.6 billion in Florida business

Contributing over \$2.4 billion in gross domestic product

Reducing harmful emissions annually by more than \$20.8 million

CFXWay.com/Five-Year-Work-Plans

DELIVERING

Strength, Synergy and Solutions

Central Florida continues to prosper, attracting new businesses and residents every day. At the core of our region's growth is a thriving transportation network, and the Central Florida Expressway Authority (CFX) plays a significant role in offering mobility solutions to keep our region moving. Fiscal Year 2021 was no different. The following are highlights of several significant projects to improve access and reliability for generations to come.

Q1	Q2	Q3
Milling & Resurfacing Projects \$8.6 million	TOLL Ramp Improvements \$1.47 million	TOLL Capacity Improvements \$82 million
TOLL Interchange Reconfiguration & Capacity Improvements \$118 million	TOLL Capacity Improvements \$92 million	TOLL Capacity Improvements \$117 million

INTERCHANGE PROJECT

Signature Project

As one of the busiest interchanges in the region, serving as the main entrance to the Orlando International Airport (OIA), the estimated \$118 million interchange at State Road 528 (Beachline Expressway) and State Road 436 (Semoran Boulevard) was fast-tracked for completion by 2023.

Originally constructed in the early 1980s, with only two lanes in each direction, and today carrying as many as 50,000 vehicles per day, CFX will ease congestion by adding a lane in each direction on SR 528. The existing

ramps at this interchange will be reconfigured from tight curves, forcing drivers to lean on the brakes, to longer runs with gentle curves to improve safety and overall traffic flow.

It's one of the most substantial interchange reconfiguration projects for CFX, estimated at \$118 million. Of the five bridges now at the interchange, three will be removed, and the final product will have seven new bridges. Enhancements, such as CFX's signature sustainable landscape design, will feature native plants with bold, staggered tree canopies to welcome the nearly 50 million visitors and residents traveling through Orlando International Airport annually.

ABOVE: Rendering of completed project.

CAPACITY IMPROVEMENT PROGRAMS

SR 417 Delivering Miles of Relief

To keep time-pressed customers moving, the 22 miles of additional capacity will provide much-needed relief to a rapidly growing region.

In February 2021, CFX began constructing eight of the 22 miles of capacity improvements, which is part of the 'State Road 417 Capacity Improvement Program' and an investment of an estimated \$198 million aimed to

investment of an estimated \$198 million aimed to ease congestion and improve mobility along one of the fastest growing corridors in Central Florida.

To keep time-pressed customers moving, CFX divided the 22-mile capacity project into **five contiguous segments**. This way, delays are minimized and travel times are maximized to get commuters to work, consumer goods to market and visitors to theme parks - post haste. Approximately \$1.3 billion of the \$3.2 billion five-year work plan is allocated for road capacity projects.

CAPACITY IMPROVEMENT PROGRAMS

SR 429 Keeping Up with Growth

With traffic nearly doubling from 2013 to 2018, the SR 429 widening is significant in keeping up with ongoing growth in west Orange County.

TOLL 429

Almost 20 years after State Road 429 opened from U.S. Highway 441 in Apopka to Tilden Road in Winter Garden, this four-lane expressway is wrapping up the

design phase with plans to be widened to six lanes, three in each direction, beginning in early 2022.

The 13-mile capacity project, split into three segments, has an estimated cost of \$387 million. This is part of the \$3.2 billion five-year work plan for fiscal years 2022-2026, which includes an estimated \$1.3 billion for expressway capacity projects.

COMPLETED SR 429 Ramping Up Solutions

Drivers in west Orange County experience improved travel times with the opening of the new SR 429 ramp at Stoneybrook West Parkway, just about a mile south of the SR 429 and CR 535 interchange. The \$10.8 million project now allows customers to bypass the busy interchange and get to their destinations with less hassle and in less time.

BOND RATINGS

Financial Strength Affirmed

When FY21 began in July 2020, Central Florida was experiencing the second major wave of the coronavirus and the availability of a vaccine was still an unknown. Twelve months later, at the end of the fiscal year, this region was experiencing a robust recovery evidenced by the influx of new residents and the lifting of travel restrictions.

For the Central Florida Expressway Authority (CFX), we were able to withstand the economic pressures of a global pandemic as a result of establishing clear priorities for prudent investing, strong governance, and proactive management. This allowed us to take care of our people, be there for our community partners, and keep our business fundamentals strong.

RATINGS

SYNERGY

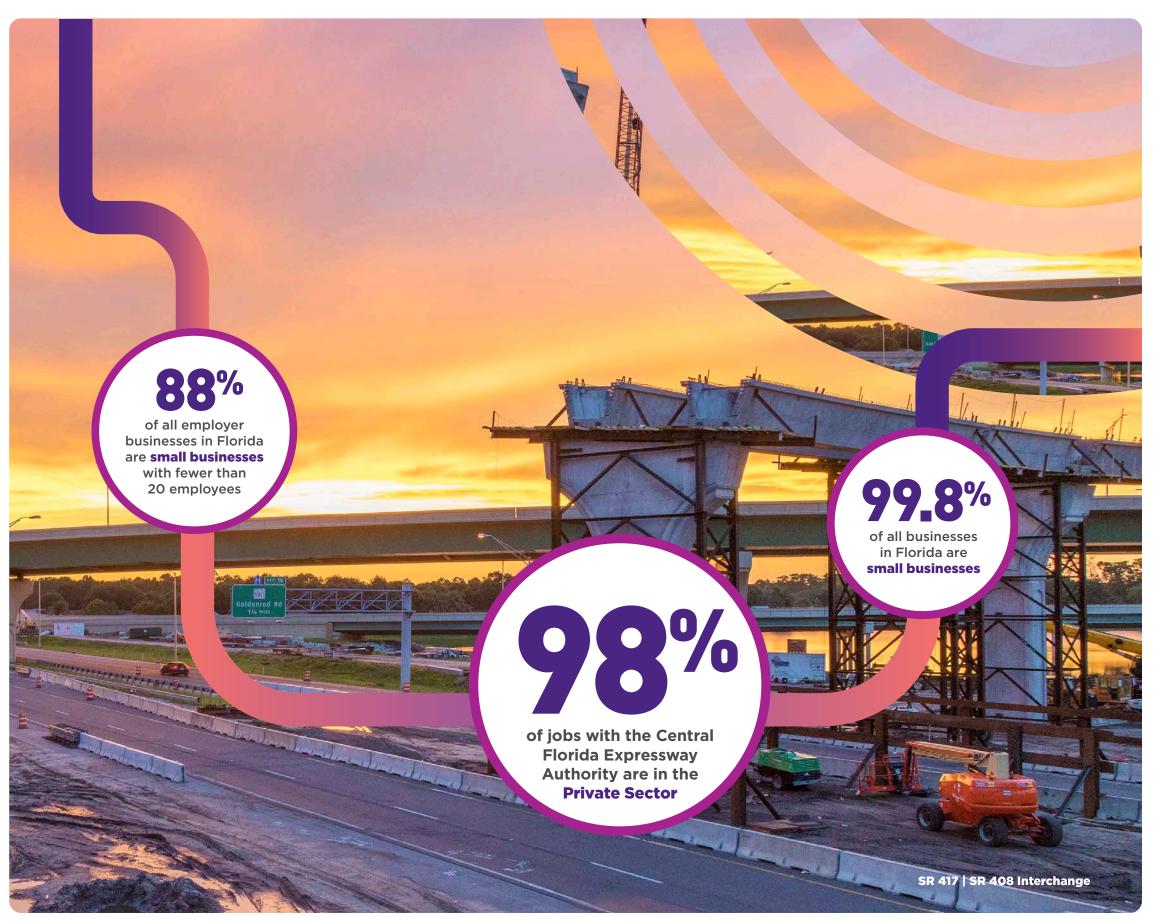

Built Specifically for Small Business

Small businesses are the economic engines throughout our region. They are the job creators, innovators and contribute daily to the vitality of our state and our community. According to the U.S. Small Business Administration (SBA), only 50 percent of business that opened in 2020 will be open by 2025, and only one-third will exist in 2030.*

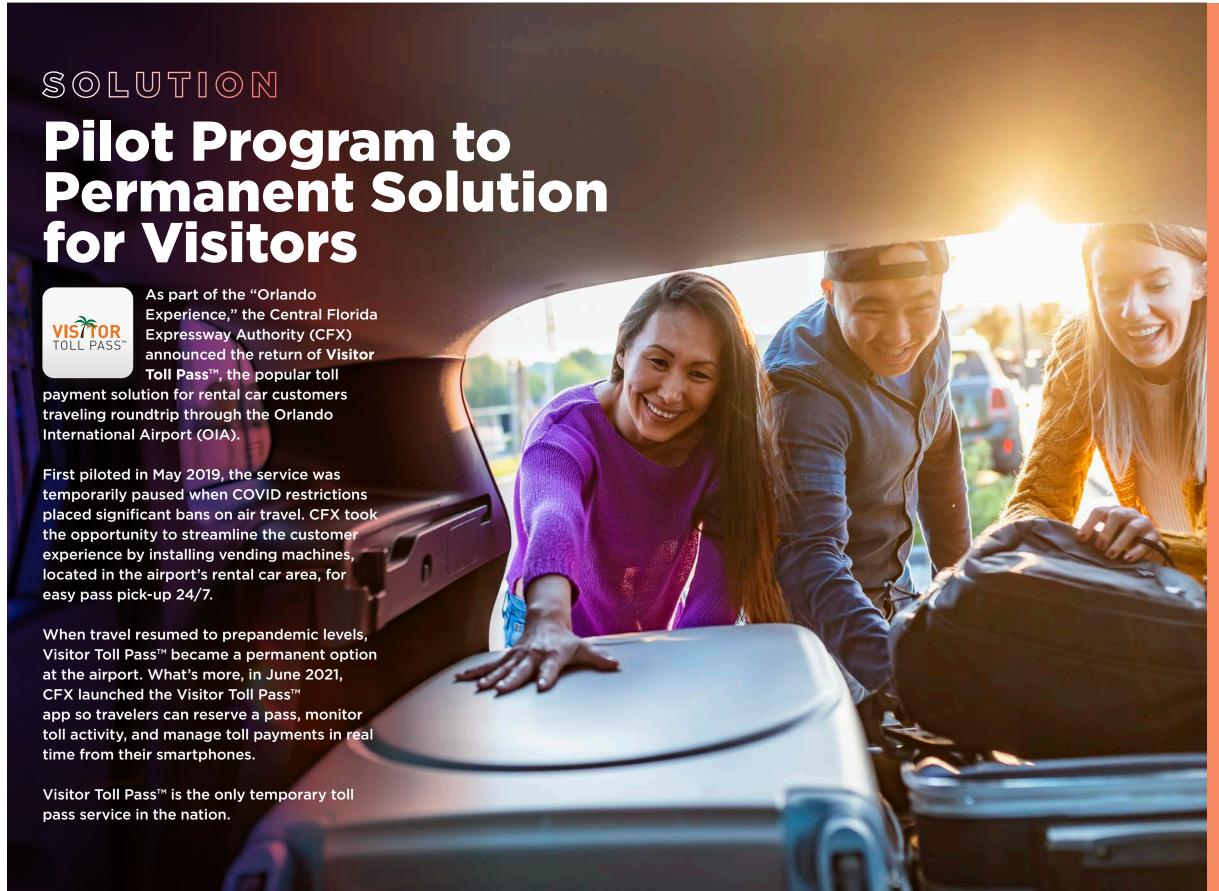

The Central Florida Expressway Authority (CFX) is committed to providing small businesses with the expertise and resources needed to do business through its Sustainable Business Enterprise (SSBE) Program. That's why CFX developed an online portal specifically for small businesses located in CFX's five-county jurisdiction to pursue contracts up to \$5 million.

"Our goal with the Small Sustainable Business Enterprise Program is to create an equal opportunity for small businesses to bid on contracts, thereby creating meaningful economic impact and growth for our region that benefits every resident and visitor," said Iranetta Dennis, Director of Supplier Diversity for CFX.

*SBA Office of Advocacy (2019)

ABOUT Visitor Toll Pass™

Designed to provide a **cost-effective alternative** to rental car toll programs,
Visitor Toll PassTM is a free, temporary
toll pass that works on all toll roads
and most bridges throughout Florida.
The pass allows drivers to avoid all
additional fees by paying the lowest
toll rate and saving visitors as much as
80% when compared with rental car toll
payment options.

In June 2021, CFX launched the Visitor Toll Pass™ app, a simple free app to allow visitors to reserve a pass and monitor toll activity in real time via smartphone.

Available for download on Google Play and the Apple App Store.

SYNERGY

Transportation of the future

It is with a renewed dedication and enthusiasm that we look ahead to the transportation of the future. Specifically, the ways improved technologies, diverse partnerships, and sustainable solutions will contribute to successfully delivering world-class mobility networks to keep our region strong and in motion for years to come.

2045 MASTER PLAN KICK-OFF

In August 2020, the Central Florida Expressway Authority (CFX) kicked off the planning process for the 2045 Master Plan, a comprehensive, visionary blueprint for system improvements and new mobility projects in Brevard, Lake, Orange, Osceola, and Seminole counties by 2045.

Fortifying its reputation as a respected leader and partner in the region's transportation network, CFX seeks input from community leaders, government agencies, businesses and organizations on ways to deliver transportation solutions to a region poised to grow exponentially by 2045.

Vital input gathered will be evaluated and incorporated into the final 2045 Master Plan in 2022. The plan will serve as a guide to prudently plan for future operations and capital investments to contribute to maintaining a world-class mobility network for this region far into the future.

ABOUT THE 2045 MASTER PLAN

The 2045 Master Plan is a long-range planning study that identifies potential transportation projects over the next 25 years.

CFX's Master Plan guides future operations and capital investment decisions and serves as the basis for the regional toll agency's Five-Year Work Plan.

SUSTAINABLE SOLUTIONS

CFX is investing \$8 million in sustainability projects such as installing solar panels in ponds throughout the system, electric charging stations at identified facilities as well as solar charging technology to support our dynamic message signs. This becomes increasingly important during weather incidents. such as hurricanes. that typically cause widespread power outages.

Independent Auditor's Report

To the Members of the Central Florida Expressway Authority | Orlando, Florida

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the Central Florida Expressway Authority (CFX) as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise CFX's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinior

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of CFX as of June 30, 2021 and 2020, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Independent Auditor's Report (continued)

OTHER MATTERS

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages B-4 through B-9, trend data on infrastructure condition information on page B-42, and pension schedules on pages B-43 through B-44, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise CFX's basic financial statements. The introductory section, calculation of composite debt service ratio on page B-45, statistical section, and the continuing disclosure supplement, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The calculation of the composite debt service ratio is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2021, on our consideration of CFX's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering CFX's internal control over financial reporting and compliance.

MSL, P.A.

Certified Public Accountants

Orlando, Florida October 27, 2021 As financial management of the Central Florida Expressway Authority (CFX), we offer readers of these financial statements this narrative overview and analysis of the financial activities of CFX for the fiscal years ended June 30, 2021 and 2020. This discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. We encourage readers to consider the information presented here in conjunction with the financial statements as a whole.

FINANCIAL HIGHLIGHTS

Operating income for CFX was \$363,298,000 (an increase of 15%) and \$317,094,000 (a decrease of 7%) for fiscal years 2021 and 2020, respectively. The increase in operating income in fiscal year 2021 is primarily due to higher toll traffic. The decrease in operating income in fiscal year 2020 is primarily due to a decrease in toll traffic, which was part of the fallout from restrictions created by the COVID-19 virus that plagued the global economy and an increase to preservation expenses.

Net income produced an increase in net position of \$227,906,000 and \$203,751,000 for fiscal years 2021 and 2020, respectively. The term "net position" refers to the difference of assets and deferred outflows less liabilities and deferred inflows. At the close of fiscal year 2021, CFX had a net position of \$2,888,556,000, an increase of 9% over fiscal year 2020. At the close of fiscal year 2020, CFX had a net position of \$2,660,650,000, an increase of 8% over fiscal year 2019. CFX's overall financial position has improved, as shown by the increase in net position.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to CFX's financial statements, which is comprised of the basic financial statements and the notes to the financial statements, and supplementary information presented. Since CFX is comprised of a single enterprise fund, fund level financial statements are not shown.

Basic financial statements - The basic financial statements are designed to provide readers with a broad overview of CFX's finances, in a manner similar to a private-sector business.

The balance sheets present information on all CFX's assets and deferred outflows and liabilities and deferred inflows, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial condition of CFX is improving or deteriorating. Net position increases when revenues exceed expenses. Increases to assets without a corresponding increase to liabilities results in increased net position, which indicates an improved financial condition.

The statements of revenues, expenses and changes in net position present information showing how a government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event occurs,

regardless of timing of related cash flows. Thus, revenues and expenses are reported in these statements for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Other information - In addition to the basic financial statements and accompanying notes, this report also presents certain *supplementary information* concerning CFX's composite debt service ratio, as defined by the bond resolutions, as well as trend data on infrastructure condition and pension schedules.

FINANCIAL ANALYSIS

Net position may serve, over time, as a useful indicator of a government's financial position. In the case of CFX, assets and deferred outflows exceeded liabilities and deferred inflows by \$2,888,556,000 at the close of the most recent fiscal year. This represents an increase of \$227,906,000 (9%) over the previous year, which is attributable to operations. Unrestricted net position increased from \$567,069,000 at June 30, 2020 to \$744,567,000 at June 30, 2021, an increase of \$177,498,000 (31%). This increase was also due to operations and funding CFX's capital plan with bond construction funds.

By far, the largest portion of CFX's net position reflects its investment in capital assets (e.g., right-of-way, roads, bridges, buildings, toll equipment, etc.), less any related debt used to acquire those assets that is still outstanding. CFX uses these capital assets to provide service and, consequently, these assets are not available for liquidating liabilities or for other spending.

Of the \$5,271,214,000 in capital assets, net of accumulated depreciation, \$39,998,000 represents the roadway, toll plaza and equipment on the Goldenrod Road Extension. This project, which opened to traffic in March 2003, was jointly funded by CFX, the Greater Orlando Aviation Authority, the City of Orlando, Orange County, Florida, and private developers, with CFX serving as the lead agency on the project. The Goldenrod Road Extension extends from the previous terminus of Goldenrod Road at Narcoossee Road south to Cargo Road. This facility intersects SR 528 [Martin B. Andersen Beachline Expressway], east of the Orlando International Airport, at a

system interchange. Each partner contributing to this project will be repaid through toll revenues generated by this road. After all operational expenses are met and the partners are reimbursed for their contributions, the toll plaza will be demolished, and the roadway will be transferred to the City of Orlando. CFX will retain ownership of the interchange to

SR 528 and certain portions of the right-of-way. Since this project is a non-system project, it is accounted for on a single line in the statements of revenues, expenses and changes in net position, in the non-operating revenues (expenses) section. The toll revenue on this non-system project is not pledged to CFX's bond indebtedness.

Toll Revenue Growth Trends | In Thousands

CFX's toll revenues increased 10% and decreased 2% during the fiscal years ended June 30, 2021 and 2020, respectively. The decrease in fiscal year 2020 was caused by restrictions put in place due to the global pandemic.

Toll revenue represents approximately 98% of all operating revenues.

CFX's toll revenue annual growth rate has averaged 7% over the last 10 years.

CFX's Operations, Maintenance and Administration ("OM&A") expenses for fiscal year 2021 increased 2.0% from fiscal year 2020 and ended the year 1.7% under budget. CFX came in under budget due primarily to the following reasons: 1) There were several roadway maintenance programs that came in under budget 2) due to a variety of reasons such as lower bank and interoperable fees and a reduced workforce, the operation of the plazas came in under budget.

Transponder sales increased by 70% between fiscal years 2020 and 2021 due to a significant focus on branding and marketing of E-PASS and the release of the new Uni transponder.

Investment income decreased by 80% between fiscal years 2020 and 2021. This decrease was expected given the current investment rate climate with treasury yields and other secured investments seeing significant reductions over the past year and a half.

Other operating revenue consists of various fees that are collected, such as statement fees, Pay By Plate fees and fees received for collecting revenue on behalf of other entities. Other operating revenue increased by 19% between fiscal years 2019 and 2020 but decreased by 37% between fiscal years 2020 and 2021. In fiscal year 2021, CFX replaced its previous Pay By Plate structure with a Pay By Plate toll rate. This made the actual toll equitable to CFX's cost to collect and

took away added on fees.

Preservation expense includes such items as resurfacing and restriping. The budgeted amounts are based on projected requirements to keep the roadway in good condition and, therefore, the expenses related to preservation can vary significantly from year to year. Preservation expense increased 44% in fiscal year 2020 and then decreased 32% in fiscal year 2021. Fiscal year 2021's expense is comparable to where it was two years ago. These peaks and valleys are expected as the system matures, and sections need additional attention.

Other expenses are expenses that were not part of CFX's OM&A budget, but also were not capitalized. These expenses are expected to fluctuate from year to year depending upon the amount spent on non-capitalized projects. Other expenses decreased by 1% between fiscal years 2019 and 2020 and then decreased by 5% between fiscal year 2020 and 2021. Despite the recent small decreases, this level of expense is greater than what has been seen historically due to additional program support and a rise in new pilot programs and feasibility studies that are not eligible to be capitalized.

There were losses in capital assets in fiscal year 2020 and a small gain in fiscal year 2021. There have been various bridges, signs and toll plaza lanes removed and/or demolished to make way for road widening, extension and interchange projects over the past few fiscal years. The largest contributing factor to the fiscal year 2020 loss is writing off signs that needed to be replaced. In fiscal year 2021 some accumulated depreciation was written off, which resulted in the small gain.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets - CFX's investment in capital assets amounted to \$5,271,214,000 net of accumulated depreciation as of June 30, 2021, an increase of \$169,395,000 (3%) over June 30, 2020. CFX's investment in capital assets amounted to \$5,101,819,000 net of accumulated depreciation as of June 30, 2020, an increase of \$270,089,000 (6%) over June 30, 2019. Capital assets include right-of-way, roads, bridges, buildings, equipment and furniture. A schedule of the change in CFX's capital assets is in Note 4 of the financial statements.

Major capital asset events during fiscal year 2021 included the following:

- Completion of the 408/I-4 interchange project.
- Completion of the toll collection system upgrade and replacement project.
- Completion of SR 417 widening from Econlockhatchee Trail to the Orange/Seminole County line.
- Several SR 417 widening projects were started.
- Widening on SR 538 from Ronald Reagan Parkway to the Cypress Parkway was started.

Modified Approach for Infrastructure Assets - CFX has elected to use the modified approach for infrastructure reporting. This means that, in lieu of reporting depreciation on infrastructure, CFX reports as preservation expense the costs associated with maintaining the existing roadway in good condition. CFX's policy is to maintain the roadway condition at a Maintenance Rating Program rating of 80 or better. The Florida Department of Transportation ("FDOT") annually inspects CFX's roadways and has determined in fiscal year 2021 that all its roadways exceed this standard. Pursuant to its bond covenants, CFX maintains a renewal and replacement fund for these preservation expenditures. For fiscal year 2020, projected expenses for preservation were \$51,040,000 with \$31,002,000 being spent. For fiscal year 2021, projected expenses for preservation were \$33,064,000 with \$20,929,000 being spent. The expenses were lower than projected in fiscal year 2021 due to slower than anticipated start dates on several projects.

Long-term Debt - CFX has outstanding bonds payable of \$3,469,181,000 (net of unamortized bond premiums and discounts) as of June 30, 2021.

During fiscal year 2021, CFX issued \$155,915,000 of fixed rate refunding revenue bonds (Series 2020A) for the purpose of refunding the series 2010B and 2013C bonds. Also, CFX issued \$548,175,000 of fixed rate revenue refunding bonds (Series 2021) for the purpose of refunding the remaining series 2008 variable rate bonds. Also, CFX issued \$88,135,000 of fixed rate refunding revenue bonds (Series 2021B) for the purpose of refunding a portion of the series 2012 bonds. Finally, CFX issued \$53,145,000 of fixed rate refunding revenue bonds (Series 2021C) for the purpose of refunding a portion of the series 2013B bonds.

The annual requirements to amortize all revenue bonds and revenue refunding bonds outstanding as of June 30, 2021, along with more detailed information on long-term debt activity, can be found in Note 5, Long-Term Debt, which begins on page 32 of the financial statements. Of the approximately \$3.5 billion in outstanding bonds, \$0 are variable rate bonds as CFX was able to eliminate all variable rate bond debt in fiscal year 2021.

To determine the fair market value of its interest rate exchange agreements in prior years, CFX's swap advisor performed a calculation based upon expected forward LIBOR swap rates and discounted cash flows. In the event of a termination, on a current market-to-market basis, CFX would have had to make an estimated termination payment of approximately \$230,129,177 as of June 30, 2020 on the swaps related to the Series 2008B Bonds. That liability was reduced to zero as of June 30, 2021.

Series 2008B

JUNE 30, 2021 \$ 0

JUNE 30, 2020 \$ 230,129,177

CFX's debt service ratio changed to 2.03 for fiscal year 2021 from 2.02 for fiscal year 2020 and 2.33 in fiscal year 2019. Fiscal Year 2021 had a marginal increase resulting from an increase in toll revenue but also an increase in debt service payments. The decrease in fiscal year 2020 is due to a reduction in toll revenue and an increase in debt service payments.

CFX has a Lease-Purchase Agreement (LPA) with the FDOT whereby the FDOT is required to reimburse CFX for the maintenance and operation costs associated with certain portions of the roadways and toll plazas on CFX's System. During fiscal years 2012 and 2013, FDOT did not reimburse CFX for the operations portion of their obligation because the Governor of Florida exercised his line-item veto authority to remove that line

CFX's bond ratings as of June 30, 2021 are as follows:				
	RATINGS			
STANDARD & POOR'S	A+			
M00DY'S	A1			
FITCH	A+			

from the state's budget. During fiscal year 2013, CFX and FDOT amended the LPA under which the FDOT agreed to uphold its obligation for operations and maintenance costs provided CFX agrees to repay those funds to the FDOT within 60 days. CFX plans to repay those funds in accordance with its Master Bond Resolution, which permits such payments provided that CFX is able to fund its OM&A budget, debt service requirements, required reserve deposits, and renewal and replacement fund requirements. The FDOT reimbursement is taken into consideration when calculating CFX's debt service ratio.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of CFX's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Central Florida Expressway Authority, 4974 ORL Tower Road, Orlando, FL 32807.

NOTE 1

Organization and Summary of Significant Accounting Policies

Reporting Entity - The Central Florida Expressway Authority (CFX) is an agency of the state, created by the Florida Legislature. On June 20, 2014, the Governor of Florida signed the bill to create CFX, which assumed the governance and control of the former Orlando-Orange County Expressway Authority, including its assets, personnel, contracts, obligations, liabilities, facilities and tangible and intangible property. CFX is an independent, locally controlled transportation authority responsible for the construction, maintenance and operation of toll roads in Seminole, Lake, Osceola and Orange Counties, and may also acquire, construct and equip rapid transit, trams and fixed guideways within the rights-of-way of the expressway system.

The governing board of CFX is made up of ten members, consisting of: (a) one member each appointed by the respective chairs of the county commissions of Brevard, Lake, Osceola and Seminole Counties; (b) one member of the Orange County Commission appointed by the mayor of Orange County (c) three citizens appointed by the Governor; (d) the Mayor of Orange County; and (e) the Mayor of the City of Orlando. The Florida Turnpike Enterprise Executive Director serves as a non-voting advisor. CFX is authorized to issue revenue bonds to finance portions of the System and to execute the refunding of existing revenue bonds.

For financial reporting purposes, CFX is a stand-alone entity; there are no component units included in the accompanying financial statements, and CFX is not considered a component unit of another entity.

Basis of Accounting - CFX prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for proprietary funds, which are similar to those for private business enterprises. Accordingly, revenues are recorded when earned and expenses are recorded when incurred.

The assets, deferred outflows, liabilities, deferred inflows, and net position of CFX are reported in a self-balancing set of accounts, which include restricted and unrestricted resources, representing funds available for support of CFX's operations. When both restricted and unrestricted resources are available for use, it is CFX's policy to use restricted resources first for their intended purpose, and then unrestricted resources, as they are needed.

Operating Revenues and Expenses - CFX's operating revenues and expenses consist of revenues earned and expenses incurred relating to the operation and maintenance of its System. The Goldenrod Road Extension, which is a project outside the normal course of operations, and all other revenues and expenses are reported as nonoperating revenues and expenses.

Lease-Purchase Agreement - Under the requirements of the Lease-Purchase Agreement between CFX and the FDOT, dated December 23, 1985, as amended and supplemented, CFX is reimbursed by the FDOT for the maintenance costs of SR 528, portions of SR 408, improvements to the Airport Interchange at SR 528 and State Road 436 (Semoran Boulevard), and the cost of operations of the Conway and Pine Hills Plazas. However, the reimbursements received are recorded as advances from the FDOT and are included in due to governmental agencies, since they are to be repaid to the FDOT from future toll revenues after the requirements for retirement of bonds and all other obligations have been met.

While CFX's position has been that the FDOT's obligations under the Lease-Purchase Agreement were not subject to appropriation, the Governor vetoed the operations component of the reimbursement for fiscal year 2013. CFX entered into a Memorandum of Agreement with FDOT on February 14, 2013 where it was agreed that commencing in fiscal year 2014 the operations and maintenance payments made by the FDOT will be refunded to the FDOT within sixty days of payment.

Cash and Cash Equivalents - For purposes of the statements of cash flows, demand deposit accounts with commercial banks, and cash invested in commercial money market funds (including restricted assets) are considered cash equivalents. For investments that are held separately from the pools, those which are highly liquid (including restricted assets), with an original maturity of 90 days or less when purchased or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates, are considered to be cash equivalents.

Investments - Investments consist of unrestricted and restricted investments, and are carried at fair value, as determined in an active market.

Accounts Receivable - The accrued interest and accounts receivable primarily consists of amounts billed to individuals via one or more Pay by Plate invoices for tolls not paid at the point of System use. This item also includes interest earned but not paid by the end of the fiscal year, or amounts due from

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

individuals or other entities for prepaid items or for services provided. This amount is recorded at the net realizable value; therefore, a provision for doubtful accounts has been made for the estimated amount of uncollectible Pay by Plate invoices based on historical information.

Inventory - Inventory, which consists of E-PASS transponders that will be distributed to customers, is carried at the lower-of-cost or market and is valued using the first-in, first-out (FIFO) method.

Restricted Assets - Restricted assets of CFX represent bond proceeds designated for construction, and other monies required to be restricted for debt service, operations, maintenance, administration, renewal and replacement.

Deferred Outflows / Inflows of Resources - In addition to assets, CFX reports a separate section for deferred outflows of resources on its balance sheets. Deferred outflows of resources represent a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense) until then. CFX has three items that qualify for reporting as deferred outflows of resources.

Accumulated Decrease in Fair Value of Hedging Derivatives

As described in Note 5, CFX has entered into interest rate swap agreements that qualify as effective cash flow hedges in connection with variable rate bonds. The fair value of the swaps is presented on the balance sheets as a deferred outflow of resources and a derivative financial instrument liability in the amount of \$0 and \$230,129,000 at June 30, 2021 and 2020, respectively, with changes in valuation applied to these balance sheet accounts. Should the swaps be terminated prior to their expected conclusion, or if the hedges cease to significantly reduce risk, accumulated gains or losses will be reported on the operating statement.

Deferred Outflow on Refunding of Revenue Bonds - The difference between the re-acquisition price and the net carrying amount of refunded bonds is presented on the balance sheets at June 30, 2021 and 2020 as a deferred outflow of resources in the amount of \$301,415,000 and \$158,106,000, respectively, and is amortized as an adjustment to interest expense on a straightline basis over the life of the refunded bonds or the life of the refunding bonds, whichever is shorter.

Deferred Outflows Related to Pensions - These deferred outflows of resources are an aggregate of items related to pensions as calculated in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions. The deferred outflows related to pensions totaled \$4,650,000 and \$4,528,000 at June 30, 2021 and 2020, respectively, and will be recognized as either pension expense or a reduction in the net pension liability in future reporting years. Details on the composition

of the deferred outflows of resources related to pensions are further discussed in Note 8.

In addition to liabilities, CFX reports a separate section for deferred inflows of resources on its balance sheets. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources until then. CFX has two items that qualify for reporting as deferred inflows of resources.

Deferred Inflow on Interest Rate Exchange - During the fiscal year ended June 30, 2007, CFX entered into six mandatory, cash-settled interest rate exchange agreements, the purpose of which was to lock in the interest rate associated with the Series 2007A Bonds. The result of these agreements was an \$8,078,000 net payment to CFX on June 28, 2007, which is presented on the balance sheets at June 30, 2021 and 2020 as a deferred inflow of resources in the amount of \$4,847,000 and \$5,078,000, respectively, and is amortized as an adjustment to interest expense over the life of the bonds.

Deferred Inflows Related to Pensions - These deferred inflows of resources are an aggregate of items related to pensions as calculated in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions. The deferred inflows related to pensions at June 30, 2021 and 2020 totaled \$242,000 and \$628,000, respectively, and will be recognized as a reduction to pension expense in future reporting years. Details on the composition of the deferred outflows of resources related to pensions are further discussed in Note 8.

Capital Assets

Cost Basis - Capital assets are recorded at historical cost with the exception of donated capital assets, which are reported at acquisition value. The cost of property and equipment includes costs for infrastructure assets (right-of-way, highways and bridges substructure, and highways and bridges), toll equipment, buildings, toll facilities, other related costs (including software) and furniture and equipment. Highways and bridges substructure includes road sub-base, grading, land clearing, embankments and other related costs. Costs for infrastructure assets include construction costs, design and engineering fees, administrative and general expenses paid from construction monies, and bond interest expense incurred during the period of construction.

Capitalization Policy - Costs to acquire additional capital assets, and to replace existing assets or otherwise prolong their useful lives, are capitalized for toll equipment, buildings, toll facilities, other related costs, and furniture and equipment. Under CFX's policy of accounting for infrastructure assets pursuant to the "modified approach," property costs represent a historical accumulation of costs expended to acquire rights-of-way and to construct, improve and place in operation the various projects

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

and related facilities. It is CFX's policy to capitalize amounts equal to or in excess of \$5,000.

Depreciation Policy - Depreciation of toll equipment, buildings, toll facilities, other related costs, signs, software, and furniture and equipment is computed using the straight-line method with a half-year convention over the estimated useful lives of the assets as follows:

Software	3 years
Furniture and Equipment	7 years
Toll equipment	8 years
Signs	20 years
Buildings, toll facilities and other	30 years

Under the modified approach, infrastructure assets are considered to be "indefinite lived" assets; that is, the assets themselves will last indefinitely and are, therefore, not depreciated. Costs related to maintenance, renewal and replacement for these assets are not capitalized, but instead are considered to be period costs and are included in preservation expense.

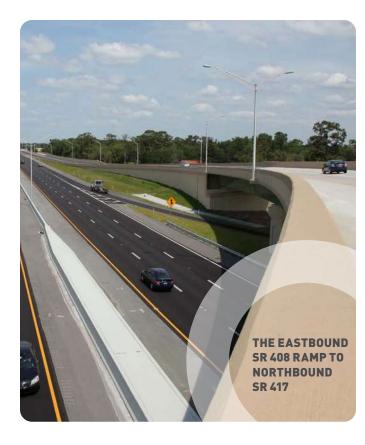

Construction in Progress - Construction in progress represents costs incurred by CFX for in-process activities designed to expand, replace or extend useful lives of existing property and equipment.

Retainage Payable - Retainage payable represents amounts billed to CFX by contractors/consultants for which payment is not due pursuant to retained percentage provisions in various contracts until performance is accepted by CFX.

Compensated Absences - Accumulated vacation pay, vested sick pay, and other compensation payable to employees is recorded and included in accounts payable and accrued liabilities. The balance of compensated absences had a net increase of \$212,000 from June 30, 2020 to June 30, 2021.

Bond Premium, Discount, and Prepaid Bond Insurance
Costs - Bond premium, discount, and prepaid bond insurance
costs associated with the issuance of bonds are amortized
on a straight-line basis over the life of the bonds, which
approximates the effective interest method. Bond premiums
and discounts are presented as an addition and a reduction,
respectively, of the face amount of revenue bonds payable
whereas prepaid bond insurance costs are recorded as assets.

Restricted Net Position - Restricted net position is comprised of amounts reserved for operations, maintenance, administrative expenses and renewals and replacements in accordance with bond covenants.

Pensions - In the balance sheets, net pension liability represents CFX's proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing pension plan's fiduciary net position.

CFX participates in both the Florida Retirement System (FRS) defined benefit pension plan and the Retiree Health Insurance Subsidy Program (HIS) defined benefit pension plan administered by the Florida Division of Retirement (collectively, FRS/HIS).

For purposes of measuring CFX's net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of FRS/HIS and additions to/deductions from FRS/HIS's fiduciary net position have been determined on the same basis as they are reported by FRS/HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting - *CFX abides by the following procedures in establishing budgetary data:*

On or before February 1 of each year, CFX completes a review of its financial condition for the purpose of estimating whether the gross revenues, together with series payments, system payments and supplemental payments, if any, for the ensuing fiscal year will be sufficient to provide at least 120% of the annual debt service requirements of the bonds and that gross revenues will be sufficient to pay all other amounts required by the Master Bond Resolution, as amended and restated.

In the event that CFX determines that revenues will not be sufficient to satisfy the above payments, CFX will conduct a study to determine the toll revenue rate increase required to restore the revenue deficiency.

All schedules of toll revenues and revisions thereof are filed with the FDOT.

On or before April 1 of each year, a preliminary budget is prepared for maintenance, operations and administrative expenses for the ensuing fiscal year. The preliminary budget is reviewed by the FDOT and modified, if necessary.

On or before July 1 of each year, a final budget of maintenance, operations and administrative expenses is adopted subject to approval by the FDOT.

CFX may adopt an amended or supplemental annual budget for the remainder of a fiscal year subject to approval by the

Reclassifications - Certain amounts in the 2020 financial statements have been reclassified to conform to the 2021 classifications.

NOTE 2

Deposits and Investments

CASH AND CASH EQUIVALENTS, AND INVESTMENT PORTFOLIO

Pursuant to Section 218.415, Florida Statutes, CFX has formally adopted a comprehensive investment policy most recently reviewed on April 2, 2018, which establishes permitted investments, asset allocation limits and issuer limits, credit rating requirements and maturity limits to protect CFX's cash and investment assets. CFX maintains a common cash and investment pool for the use of all funds. In addition, cash and investments are separately held by CFX's bond proceeds/construction, debt service, capitalized interest, and debt service reserve funds.

The following chart on page 21 outlines the types of permitted investments, credit quality risk rating requirements by security type, the maximum concentration of credit risk by percentage of the total portfolio that may be invested in a single issuer and in total by security type and maturity limits prescribed to mitigate interest rate risk exposure.

Additionally, investments in any derivative products or the use of reverse repurchase agreements are specifically prohibited, unless permitted in Section XV of CFX's Investment Policy.

DEPOSITS

On June 30, 2021, the carrying amount of CFX's various deposits accounts was \$681,380,292. CFX's cash deposits are held by banks that qualify as public depositories under the Florida Security for Public Deposits Act, as required by Chapter 280, Florida Statutes.

INVESTMENTS

Concentration of Credit Risk

The following is the percent of any issuer with whom CFX had invested more than 5% of the total portfolio as of June 30, 2021 and 2020:

ISSUER	2021	2020
Federal National Mortage Association	8.31%	N/A
Federal Home Loan Mortgage Corporation	13.75%	N/A

Interest Rate Risk

TOTAL

CFX's Investment Policy states that portfolios shall be managed in such a manner that funds are available to meet reasonably anticipated cash flow requirements in an orderly manner. To the extent possible, an attempt will be made to match investment maturities with known cash needs. Investments of current operating funds shall have maturities of no longer than 24 months. Investments of debt obligation reserves, construction

\$ 150,690

funds and other non-operating funds shall have a term appropriate to the need for funds and in accordance with debt covenants. The purchase of investments for core funds with maturities longer than five and a half (5.5) years requires CFX's approval prior to purchase. However, final maximum maturity for any investment is limited to ten (10) years.

CFX uses the distribution of maturities to manage interest rate risk. As of June 30, 2021, 35% of CFX's investments had a maturity of less than 6 months, 5% had a maturity of 6 to 12 months, 28% had a maturity of 1 to 2 years, 23% had a maturity of 2 to 3 years, 4% had a maturity of 3 to 4 years, and 5% had a maturity of over 4 years. As of June 30, 2020, 23% of CFX's investments had a maturity of less than 6 months, 36% had a maturity of 6 to 12 months, 19% had a maturity of 1 to 2 years, 17% had a maturity of 2 to 3 years, 2% had a maturity of 3 to 4 years, and 3% had a maturity of over 4 years.

Total distributions of maturities are as follows:

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Custodial Credit Risk

All CFX depositories are members of the State of Florida collateral pool. The State of Florida collateral pool is a multiple, financial institution collateral pool with the ability to make additional assessments to satisfy the claims of governmental entities if any member institution fails. This ability provides protection, which is similar to depository insurance.

CFX's Investment Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities and requires that securities be designated as an asset of CFX.

As of June 30, 2021 and 2020, all of CFX's securities were held in a bank's trust/custodial department in CFX's name.

Restricted Cash and Investments

Goldenrod Project

On March 24, 1999, CFX signed the Goldenrod Road Extension Development Agreement (the "Agreement") for the extension of Goldenrod Road to SR 528 (the "Extension"). The Agreement is between CFX and other local agencies and governments, including the City of Orlando (the "City"), Greater Orlando Aviation Authority ("GOAA") and Orange County (the "County"). Under the Agreement, each of the parties agreed to contribute a set amount toward construction of the Extension. The contributions made by each party for construction are as follows:

City of Orlando \$	2,000,000
GOAA \$	4,500,000
Orange County \$	1,000,000
CFX \$	38,010,458

CFX's responsibilities under the Agreement were to acquire, design and construct the right-of-way for the Extension.

Construction of the Extension began in January 2001 and opened to traffic in March 2004. Under the terms of the Agreement, toll revenues generated from the Extension will be distributed, first to operating cost, then to repay the contributions to each contributing party.

The construction costs of the roadway, toll plaza and toll equipment are included in CFX's capital assets. These assets will remain the property of CFX until the final payments of all contributions are made. Upon the final repayment of all contributions, ownership of the roadway will revert to the City and the City will be responsible for all future maintenance costs. CFX will retain ownership of the interchange to SR 528 and certain portions of the right-of-way. Since this project is a non-System project, it is reported net in the non-operating section of the statements of revenues, expenses and changes in net position. The toll revenues generated from the Extension are not pledged to CFX's bond indebtedness.

In the 2002 legislative session, the Florida Legislature amended Chapter 348, Part V (now Part III of the "Expressway Act") to, among other things, revise and expand the powers of CFX to finance or refinance its projects, including the power to refund bonds previously issued on behalf of CFX by the State of Florida Division of Bond Finance of the State Board of Administration (Division of Bond Finance), through the issuance of its own bonds or other obligations. Consistent with

the authority granted in the Expressway Act, CFX adopted an Authority Bond Resolution on July 2, 2002, authorizing the issuance of up to \$2,000,000,000 of additional bonds or other indebtedness to finance projects of CFX. Although not required, the first issuance of bonds by CFX under the Authority Bond Resolution was validated by the Circuit Court of the Ninth Judicial Circuit of Florida, in Orange County, Florida, on September 20, 2002.

NOTE 5 - LONG-TERM DEBT (CONTINUED)

On January 28, 2003, the Division of Bond Finance adopted a resolution formally recognizing CFX as the issuer of bonds under that certain Master Junior Lien Bond Resolution pursuant to which the Division of the Bond Finance had previously issued bonds on behalf of CFX. CFX further adopted, on February 3, 2003, an Amended and Restated Master Bond Resolution pursuant to which CFX amended and restated the Authority Bond Resolution and the Master Junior Lien Resolution into a single, consolidated, single-lien resolution to govern the existing outstanding bonds and future bond indebtedness of CFX. All bonds or other obligations issued under the Amended and Restated Master Bond Resolution are payable from, and secured by, a pledge of net revenues from the operation of the System.

As notated in Note 1, on June 20, 2014, the Governor of Florida signed a bill to create CFX, which assumed the governance and control of the former Orlando-Orange County Expressway Authority, including its assets, personnel, contracts, obligations, liabilities, facilities and tangible and intangible property. Central Florida Expressway Authority assumed all the debt of the former Orlando-Orange County Expressway Authority pursuant to Chapter 2014-171, Public Laws of Florida.

FIXED RATE DEBT

The Central Florida Expressway Authority Taxable Refunding Revenue Bond, Series 2021C, was originally issued on June 24, 2021 and was outstanding in the aggregate principal amount of \$53,145,000 and \$0 on June 30, 2021 and 2020 respectively. The bond was issued in the form of a bank loan directly with the bondholder, Citizens First Bank. The bond is due in annual installments beginning on July 1, 2022 through July 1, 2025 in amounts ranging from \$1,420,000 to \$25,180,000 plus interest. Interest on the 2021C Bond is due and paid semiannually. The 2021C Bond is payable from, and secured by, a pledge of net revenues from the operation of the expressway System. The purpose of the Series 2021C Bond was to refund a portion of the Series 2013B Bonds for net present value savings of \$2,222,586 which represents \$2,253,553 of lower debt service payments over the life of the debt. The deferred outflow on the refunding for accounting purposes was \$2,633,478.

The Central Florida Expressway Authority Taxable Convertible Refunding Revenue Bond, Series 2021B, was originally issued on June 24, 2021 and was outstanding in the aggregate principal amount of \$88,135,000 and \$0 on June 30, 2021 and 2020 respectively. The bond was issued in the form of a bank loan directly with the bondholder, Key Government Finance, Inc. The bond is due in annual installments beginning on July 1, 2022 through July 1, 2025 in amounts ranging from \$1,780,000 to \$28,820,000 plus interest. Interest on the 2021B Bonds is due and paid semiannually. The 2021B Bond is payable from, and secured by, a pledge of net revenues from the operation of the expressway System. The purpose of the Series 2021B

Bonds was to refund a portion of the Series 2012 Bonds for net present value savings of \$5,639,891, which represents \$5,726,942 of lower debt service payments over the life of the debt. The deferred outflow on the refunding for accounting purposes was \$8,697,527.

The Central Florida Expressway Authority Refunding Revenue Bonds, Series 2021, were originally issued on April 22, 2021 and were outstanding in the aggregate principal amount of \$548,175,000 and \$0 on June 30, 2021 and 2020 respectively, all of which were serial bonds. The outstanding serial bonds are due in annual installments beginning on July 1, 2022 through July 1, 2040 in amounts ranging from \$4,300,000 to \$62,120,000, plus interest. The 2021 Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2021 Bonds is due and paid semiannually. The purpose of the Series 2021 Bonds was to lower the risk profile of CFX's debt by refunding the remaining portions of the Series 2008B variable Bonds and terminate the Swaps associated with them, for net present value savings of \$1,193,124, which represents \$525,607 of higher debt service payments over the life of the debt.

The Central Florida Expressway Authority Refunding Revenue Bond, Series 2020A, was originally issued on August 18, 2020 and was outstanding in the aggregate principal amount of \$155,915,000 and \$0 on June 30, 2021 and 2020 respectively. The bond was issued in the form of a bank loan directly with the bondholder, STI Institutional & Government, Inc. The bond is due in annual installments beginning on July 1, 2021 through July 1, 2032 in amounts ranging from \$1,230,000 to \$56,400,000 plus interest. The 2020A Bond is payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2020A Bond is due and paid semiannually. The purpose of the Series 2020A Bond was to refund portions of the Series 2010B and 2013C Bonds for net present value savings of \$11,219,373, which represents \$12,322,473 of lower debt service payments over the life of the debt. The deferred outflow on the refunding for accounting purposes was \$1,046,259.

The Central Florida Expressway Authority Revenue Bonds, Series 2019A, were originally issued on December 5, 2019 and were outstanding in the aggregate principal amount of \$128,370,000 and \$129,550,000 on June 30, 2021 and 2020 respectively, including \$64,755,000 of serial bonds and \$63,615,000 of term bonds. The outstanding serial bonds are due in annual installments beginning on July 1, 2021 through July 1, 2039 in amounts ranging from \$2,125,000 to \$5,015,000, plus interest. Two term bonds were issued in the amounts of \$28,535,000 and \$35,080,000 and mature July 1, 2044 and July 1, 2049, respectively. The 2019A Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2019A Bonds is due and

NOTE 5 - LONG-TERM DEBT (CONTINUED)

paid semiannually. The purpose of the Series 2019A Bonds was to purchase the Poinciana Parkway System from Osceola County.

The Central Florida Expressway Authority Revenue Bonds, Series 2019B, were originally issued on December 5, 2019 and were outstanding in the aggregate principal amount of \$437,485,000 and \$441,390,000 on June 30, 2021 and 2020, including \$214,370,000 of serial bonds and \$223,115,000 of term bonds. The outstanding serial bonds are due in annual installments beginning on July 1, 2021 through July 1, 2039 in amounts ranging from \$7,020,000 to \$16,895,000, plus interest. Two term bonds were issued in the amounts of \$98,015,000 and \$125,100,000 and mature July 1, 2044 and July 1, 2049, respectively. The 2019B Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2019B Bonds is due and paid semiannually. The purpose of the Series 2019B Bonds was to fund a portion of the Five-Year Work Plan.

The Central Florida Expressway Authority Revenue Bonds, Series 2018, were originally issued on November 29, 2018 and were outstanding in the aggregate principal amount of \$215,520,000 and \$219,035,000 on June 30, 2021 and 2020 respectively, including \$122,025,000 of serial bonds and \$93,495,000 of term bonds. The outstanding serial bonds are due in annual installments beginning on July 1, 2021 through July 1, 2040 in amounts ranging from \$3,690,000 to \$9,325,000, plus interest. Two term bonds were issued in the amounts of \$30,865,000 and \$62,630,000 and mature July 1, 2043 and July 1, 2048, respectively. The 2018 Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2018 Bonds is due and paid semiannually. The purpose of the Series 2018 Bonds was to fund a portion of the Five-Year Work Plan.

The Central Florida Expressway Authority Refunding Revenue Bonds, Series 2017, were originally issued on December 28, 2017 and were outstanding in the aggregate principal amount of \$338,630,000 and \$339,275,000 on June 30, 2021 and 2020 respectively, including \$240,520,000 of serial bonds and \$98,110,000 of term bonds. The outstanding serial bonds are due in annual installments beginning on July 1, 2021 through July 1, 2042 in amounts ranging from \$675,000 to \$56,340,000, plus interest. The term bond is due on July 1, 2041. The 2017 Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2017 Bonds is due and paid semiannually. The purpose of the Series 2017 Bonds was to refund all of the Series 2007A, 2010A, and 2010C Bonds and a portion of the 2010B Bonds, for net present value savings of \$39,795,910, which represents \$61,030,269 of lower debt service payments over the life of the debt. The deferred outflow on the refunding for accounting purposes was \$26,266,627.

The Central Florida Expressway Authority Refunding Revenue Bonds, Series 2016B, were originally issued on November 2, 2016 and were outstanding in the aggregate principal amount of \$620,030,000 and \$621,990,000 on June 30, 2021 and 2020 respectively, all of which were serial bonds. The outstanding serial bonds are due in annual installments beginning on July 1, 2021 through July 1, 2040 in amounts ranging from \$2,035,000 to \$66,520,000, plus interest. The 2016B Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2016B Bonds is due and paid semiannually. The purpose of the Series 2016B Bonds was to refund portions of the Series 2007A, 2010A, 2010B and 2010C Bonds for net present value savings of \$65,239,436, which represents \$92,180,669 of lower debt service payments over the life of the debt. The deferred outflow on the refunding for accounting purposes was \$75,028,080.

The Central Florida Expressway Authority Refunding Revenue Bonds, Series 2016A, were originally issued on April 26, 2016 and were outstanding in the aggregate principal amount of \$148,700,000 and \$149,495,000 on June 30, 2021 and 2020 respectively, all of which were serial bonds. The outstanding serial bonds are due in annual installments beginning on July 1, 2021 through July 1, 2032 and July 1, 2036 through July 1, 2037 in amounts ranging from \$835,000 to \$28,000,000, plus interest. The 2016A Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2016A Bonds is due and paid semiannually. The purpose of the Series 2016A Bonds was to refund a portion of the Series 2007A Bonds for net present value savings of \$27,251,546, which represents \$40,378,823 of lower debt service payments over the life of the debt. The deferred outflow on the refunding for accounting purposes was \$5,296,435.

The Central Florida Expressway Authority Refunding Revenue Bonds, Series 2013B, were originally issued on January 2, 2013 and were outstanding in the aggregate principal amount of \$46,735,000 and \$115,725,000 on June 30, 2021 and 2020. respectively, all of which were serial bonds. The outstanding serial bonds are due in annual installments on July 1, 2021 through July 1, 2023 in amounts ranging from \$2,475,000 to \$22,625,000, plus interest. The 2013B Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2013B Bonds is due and paid semiannually. The Series 2013B Bonds were issued for the purpose of refunding the Series 2003C2 and 2003C4 Bonds and to fund the termination payments related to the associated swaps. The refunding resulted in a deferred outflow of \$42,223,850, most of which was related to the swap termination payments. The difference between the cash flow of the old debt and the cash flow of the new debt was \$5,959,376 higher post-refunding, which represents \$4,868,985 on a net

NOTE 5 - LONG-TERM DEBT (CONTINUED)

present value basis. The purpose of this refunding was to lower the risk profile of CFX's debt at an attractive rate.

The Central Florida Expressway Authority Refunding Revenue Bonds, Series 2013A, were originally issued on April 3, 2013 and were outstanding in the aggregate principal amount of \$242,320,000 on June 30, 2021 and 2020, including \$110,545,000 of serial bonds and \$131,775,000 of term bonds. The serial bonds are due in annual installments beginning on July 1, 2026 through July 1, 2032 in amounts ranging from \$7,065,000 to \$24,875,000, plus interest. The term bond is due on July 1, 2035. The 2013A Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2013A Bonds is due and paid semiannually. The purpose of the Series 2013A Bonds was to refund the Series 2003B Bonds for net present value savings of \$35,842,015, which represents \$60,831,999 of lower debt service payments over the life of the debt. The deferred outflow on the refunding for accounting purposes was \$2,750,505.

The Central Florida Expressway Authority Refunding Revenue Bonds, Series 2012, were originally issued on November 29, 2012 and were outstanding in the aggregate principal amount of \$25,680,000 and \$134,315,000 on June 30, 2021 and 2020 respectively, all of which were serial bonds. The serial bonds are due on July 1, 2022 for \$25,680,000 plus interest. The 2012 Bonds are payable from, and secured by, a pledge of net revenues from the operation of the expressway System. Interest on the 2012 Bonds is due and paid semiannually. See below for the purpose, economic and accounting impacts of the refunding.

The Central Florida Expressway Authority General Reserve Fund Obligation Bond, Series 2012A, was originally issued on November 29, 2012 and was outstanding in the aggregate principal amount of \$35,780,000 and \$42,195,000 on June 30, 2021 and 2020 respectively. The bond was issued in the form of a subordinate bank loan directly with the bondholder, SunTrust Bank. The bond is due in annual installments beginning on July 1, 2020 through July 1, 2025 in amounts ranging from \$6,415,000 to \$8,485,000, plus interest. The 2012A Bond is payable from, and secured by, a pledge of the general fund, which is junior and subordinate to the net revenues from the operation of the expressway System pledged to senior lien parity bonds. Interest on the 2012A Bond is due and paid semiannually.

Collectively, the purpose of the Series 2012 and 2012A Bonds was to refund the Series 2003C1 and 2003C3 Bonds and to fund the termination payments on the associated swaps. The refunding resulted in a deferred outflow of \$60,159,863, most of which was related to the swap termination payments. The difference between the cash flow of the old debt and the cash flow of the new debt was \$7,202,160 higher post-refunding,

which represents \$4,712,369 on a net present value basis. The purpose of this refunding was to lower the risk profile of CFX's debt at an attractive rate.

VARIABLE RATE DEBT

On April 22, 2021, CFX issued the Central Florida Expressway Authority Refunding Revenue Bonds, Series 2021 Bonds which refunded and retired all outstanding variable rate debt.

On May 1, 2008, CFX issued Central Florida Expressway Authority Variable Rate Refunding Revenue Bonds, Series 2008B1, 2008B2, 2008B3 and 2008B4 (collectively, "2008B Bonds"), for the purpose of refunding the Series 2005A, 2005B, 2005C, 2005D, and 2005E Bonds (collectively, "2005 Bonds"), of which \$0 was outstanding on June 30, 2021 and \$129,875,000, \$117,395,000, \$148,490,000, and \$98,965,000 was outstanding on June 30, 2020. The 2008B Bonds were issued in four subseries in the initial aggregate principal amount of \$499,105,000, including Series 2008B1 in the initial principal amount of \$131,025,000; Series 2008B2 in the initial principal amount of \$149,760,000; Series 2008B4 in the initial principal amount of \$149,760,000; and 2008B4 in the initial principal amount of \$99.820.000.

The Series 2008B Bonds were dated the date of their original issuance and delivery and had a maturity date of July 1, 2040. The Series 2008B Bonds were initially issued in a variable rate mode, with the interest rate on the Series 2008B Bonds resetting on a weekly basis and interest payable on a monthly basis.

In fiscal year 2012, the Series 2008B3 and 2008B4 Bonds were converted to a bank rate mode and directly placed with the bondholder. In fiscal year 2015, the Series 2008B1 Bonds were converted to a bank rate mode and directly placed with the bondholder. In fiscal year 2016, the Series 2008B2 Bonds were converted to a bank rate mode and directly placed with the bondholder. All 2008B Bonds remain in bank purchase mode. The bank rate also resets on a weekly basis and is tied to the SIFMA index plus a spread.

The 2008B Bonds were subject to optional and mandatory redemption and optional and mandatory tender for purchase prior to maturity. Amortization installments for the mandatory redemption of the 2008B Bonds began on July 1, 2014. All outstanding 2008B Bonds were redeemed on April 22, 2021 and are no longer outstanding.

The annual requirements to amortize all revenue bonds and revenue refunding bonds outstanding as of June 30, 2021, are summarized as follows (all amounts in thousands). The totals on page 34 are net of capitalized interest funds available for debt service.

HEDGING DERIVATIVE INSTRUMENTS - CASH FLOW HEDGES

Variable-to-Fixed Rate Interest Rate Swaps - On July 13, 2004, CFX entered into five forward-starting, synthetic fixed rate swap agreements totaling \$499,105,000 ("2004 Swaps"), attributable to the \$199,645,000 Series 2005A Bonds, the \$149,760,000 Series 2005B Bonds, the \$99,820,000 Series 2005C Bonds, the \$24,940,000 Series 2005D Bonds, and the \$24,940,000 Series 2005E Bonds. On May 1, 2008, all Series 2005 Bonds were redeemed, and the 2004 Swaps were then associated with the Series 2008B Refunding Bonds described above. On April 22, 2021, CFX issued the Central Florida Expressway Authority Refunding Revenue Bonds, Series 2021 Bonds which terminated all interest rate swaps.

Debt Service Reserve Requirements – CFX has purchased surety policies from bond insurers for the outstanding 2012, 2013A, 2013B, 2016A, and 2021 Bonds. The Series 2016B and Series 2017 Bonds are secured by reserves comprised of a combination of cash and a surety policy. The Series 2018,

2019A, and 2019B Series Bonds are secured by a cash reserve. The 2012A, 2020A, 2021B and 2021C Bonds are not secured by a reserve. Bond covenants do not require minimum ratings for providers of surety policies.

Defeased Bonds - In June of 2021 CFX utilized proceeds from the issuance of the Series 2021B and 2021C Refunding Bonds to fund an escrow to provide for the payment of principal and interest on the refunded Series 2012 and 2013B Bonds as of their call date of July 1, 2022 and July 1, 2023.

Principal maturities on those defeased bonds, based on July 1 payments each year, are as follows (in thousands):

YEAR ENDING JUNE 30	2012	BONDS	2013B	BONDS	TOTAL
2022	\$	84,060	\$	-	\$ 84,060
2023		-		48,360	48,360
	\$	84,060	\$	48,360	\$ 132,420

NOTE 5 - LONG-TERM DEBT (CONTINUED)

DUE TO GOVERNMENTAL AGENCIES

Due to Governmental Agencies consists of the following In Thousands									
	June 30, 2020)	Additions	Deletions	June 30, 2021				
Advances from FDOT for construction, operations and maintenance of certain plazas and roadways	\$ 1,507	7 \$	1,424	\$ (1,507)	\$ 1,424				
Loans and advances for specific projects	200,45	5	2,413	(246)	202,622				
Toll revenue due to other state agencies	2,364	, +	99,506	(98,239)	3,631				
	204,320	5	103,343	(99,992)	207,677				
Less current portion	(4,117)	(5,270)	4,117	(5,270)				
Due to other governments, net of current portion	\$ 200,209	\$	98,073	\$ (95,875)	\$ 202,407				

The following is a schedule by years of the minimum future payments on the amounts due to governmental agencies (all amounts in thousands):

YEAR ENDING JUNE 30,		AMOUNT
2022		\$ 5,270
2023		-
2024		-
2025		-
2026		-
Thereafter		202,407
		\$ 207,677
	_	

Amounts included in "thereafter" are payable based on future events, as described below:

Included in the Loans and Advances for specific projects is \$4,421,000 for advances from the Greater Orlando Aviation Authority, the City of Orlando and Orange County for the extension of Goldenrod Road. The extension is a non-System project, and revenues from this project are utilized solely to pay expenses for the extension and to reimburse the funding partners, including CFX, for their original contribution to the project. Also included in Loans and Advances for specific projects is \$197,985,482 for a Transportation Infrastructure Finance and Innovation Act (TIFIA) loan from the US Department of Transportation. This loan was secured from qualifying expenses for the acquisition of right-of-way and construction of the Wekiva Parkway. Principal repayments begin in 2028 and continue through 2049.

NOTE 6 Leases

Operating Leases - CFX leases excess capacity of the Fiber Optic Network (FON) to Sprint Communications Company L.P. The original historic cost of this FON of \$19,172,000 is not depreciated because its expected life exceeds 100 years. This is a ten-year lease with two five-year renewal options followed by three three-year renewal options. The annual rate of \$464,640, adjusted annually by the local Consumer Price Index, is presented as miscellaneous nonoperating revenues. If CFX terminates this agreement because of licensee's (Sprint's) default, the licensee shall pay CFX, as liquidated damages, an amount equal to the minimum total fees and charges for the remaining agreement term. There is no termination clause for the licensee except by default of CFX. The first three-year renewal was executed at the end of fiscal year 2021. The minimum future rentals for the remaining three fiscal years are \$464,640 per year for the first two years and \$425,920 for the third year, for a total of \$1,355,200.

NOTE 7

Commitments and Contingencies

Commitments - Outstanding construction and other significant commitments for improvements, maintenance and operation of the System totaled approximately \$831,701,000 at June 30, 2021.

Pending Litigation - Various lawsuits and claims arising in the ordinary course of CFX's operations are pending against CFX.

Retirement Plans

PLAN DESCRIPTIONS

Florida Retirement System (FRS) Pension Plan - Most employees of CFX participate in the State of Florida Retirement System (the "FRS"), a multiple-employer, cost-sharing, defined-benefit retirement plan, or defined-contribution retirement plan, administered by the Florida Department of Administration, Division of Retirement. As a general rule, membership in the FRS is compulsory for all employees working in a regular, established position for a state agency, county government, district school board, state university, community college or a participating city or special district within the state of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Employees are classified in either the regular service class or the senior management service class ("SMSC"). The SMSC is for members who fill senior-level management positions. Employees classified as SMSC may opt out of participation in the FRS. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida Legislature.

Retiree Health Insurance Subsidy (HIS) Program – Employees of CFX also participate in the Retiree Health Insurance Subsidy (HIS) Program, which is a cost-sharing, multiple-employer defined-benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Public Employee Optional Retirement Program - Employees may participate in the Public Employee Optional Retirement Program (the "Investment Plan"), a defined-contribution retirement program, in lieu of participation in the defined-benefit retirement plan ("Pension Plan"). If the Investment Plan is elected, active membership in the defined-benefit retirement plan is terminated. Eligible members of the Investment Plan are vested at one year of service and receive a contribution for self-direction in an investment product with a third-party administrator selected by the State Board of Administration. The contribution rates for both fiscal 2021 and 2020 were 6.3% for regular class and 7.67% for senior management class.

Benefits Provided - For employees in FRS, benefits are computed on the basis of age, average final compensation and service credit. Regular class and senior management class employees who were enrolled in the FRS prior to July 1, 2011 and retire at or after age 62 with at least six years of credited service, or 30 years of service, regardless of age, are entitled to a retirement benefit payable monthly for life, based on their final average compensation of their five highest fiscal years of pay for each year of credited service. Employees enrolled on or after July 1, 2011 and who retire at or after age 65 with at least eight years of credited service, or 33 years of service, regardless of age, are entitled to a retirement benefit payable monthly for life, as explained above based on their eight highest fiscal years of pay. Using their date of enrollment as a basis, vested employees with less than the minimum years of service may retire before the minimum age and receive reduced retirement benefits. A post-retirement health insurance subsidy is also provided to eligible retired employees through the FRS defined benefit, in accordance with Florida Statutes.

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program ("DROP"). This program allows eligible employees to defer receipt of monthly retirement benefit payments, while continuing employment with an FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

Contributions - Starting on July 1, 2011, Chapter 2011-68 of the Laws of Florida required members of the FRS not enrolled in DROP to contribute 3% of their salary to their retirement. Governmental employers are required to make contributions to the FRS based on statewide contribution rates. The fiscal year 2021 contribution rate applied to regular employee salaries was 10.00%, including 1.66% for a post-retirement health insurance subsidy ("HIS"). The fiscal year 2020 contribution rate was 8.47%, which included 1.66% for HIS. The fiscal year 2021 contribution rate applied to senior management salaries was 27.29%, including 1.66% HIS. The fiscal year 2020 contribution rate was 25.41%, which included 1.66% for HIS. The fiscal year 2021 contribution rate applied to the salaries of the employees in DROP was 16.98%, including 1.66% for HIS. The fiscal year 2020 contribution rate was 14.60%, which included 1.66% for HIS.

CFX's actual contributions to the FRS for the fiscal years ended June 30, 2021 and 2020 were \$1,059,000 and \$936,000, respectively. Employee contributions were \$223,000 and \$218,000 for the fiscal years ended June 30, 2021 and 2020, respectively.

NOTE 8 - RETIREMENT PLANS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - CFX reported a liability of \$12,012,000 and \$9,997,000, at June 30, 2021 and 2020, respectively, for its proportionate share of the net pension liability of FRS and HIS. The net pension liability as of June 30, 2021 and 2020 was measured as of June 30, 2020 and 2019, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates. CFX's proportion of the net pension liability was based on CFX's historical employer contributions to the pension plans for fiscal year 2019 and 2020 relative to the historical contributions of all participating employers. At June 30, 2020, CFX's proportion was 0.02167% and 0.02137% for FRS and HIS, respectively, which was a decrease of 0.00042% and a decrease of 0.00007% from its respective proportion measured as of June 30, 2019.

At June 30, 2019, CFX's proportion was 0.0221% and 0.0214% for FRS and HIS, respectively, which was an increase of 0.0016% and an increase of 0.0012% from its respective proportion measured as of June 30, 2018.

For the year ended June 30, 2021, CFX recognized a total of \$2,472,000 pension expense with \$2,174,000 and \$298,000, for FRS and HIS, respectively. For the year ended June 30, 2020, CFX recognized a total of \$2,473,000 pension expense with \$2,208,000 and \$265,000, for FRS and HIS, respectively.

At June 30, 2021 and June 30, 2020, CFX reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

	Deferre	d Outflows	Deferred	Inflowe
	of Resou		of Resour	
As of June 30, 2021 ——————————————————————————————————				
Differences between expected and actual experience	\$	467	\$	2
Changes of assumptions		1,983		152
Differences between projected and actual earnings on pension plan investments		561		-
Changes in proportion		675		88
CFX contributions subsequent to the measurement date		964		-
Total	\$	4,650	\$	242
As of June 30, 2020 ————————————————————————————————				
Differences between expected and actual experience	\$	451	\$	8
Changes of assumptions		2,231		195
Differences between projected and actual earnings on pension plan investments		-		419
		972		4
Changes in proportion				
Changes in proportion CFX contributions subsequent to the measurement date		844		-

\$964,000 and \$844,000 reported as deferred outflows of resources related to pensions resulting from CFX contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022 and June 30, 2021 respectively.

NOTE 8 - RETIREMENT PLANS (CONTINUED)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

YEARS ENDING JUNE 30	AMOUNT
2022	\$ 678
2023	656
2024	609
2025	571
2026	520
Thereafter	410

Actuarial Assumptions – The actuarial assumptions that determined the total pension liability as of June 30, 2021 and June 30, 2020, were based on the results of an actuarial experience study for the period July 1, 2014 – June 30, 2019.

Valuation date	July 1, 2019	July 1, 2020
Measurement date	June 30, 2019	June 30, 2020
Inflation	2.60%	2.40%
Salary increases, including inflation	3.25%	3.25%
Mortality	Generational RP-2000 with Projection Scale BB	PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2018
Actuarial Cost Method	Individual Entry Age	Individual Entry Age

The long-term expected rate of return, net of investment expense on pension plan investments was 6.80% and 6.90% as of June 30, 2020 and June 30, 2019 respectively. This rate was determined using a forward-looking capital market economic model. The table below shows the assumptions for each of the asset classes in which the plan was invested at that time based on the long-term target asset allocation. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The expected real rate of return is presented in arithmetic means.

Asset Class	Target Allocation	Annual Arithmetic Return
Cash	1%	2.2%
Fixed Income	19%	3.0%
Global Equity	54%	8.0%
Real Estate (Property)	10%	6.4%
Private Equity	11%	10.8%
Strategic Investments	5%	5.5%
TOTAL	100.00%	

NOTE 8 - RETIREMENT PLANS (CONTINUED)

Discount Rate – The discount rate used to measure the total pension liability was 6.80% and 6.90% for FRS for June 30, 2020 and June 30, 2019 respectively. The discount rate used to measure the total pension liability was 2.21% and 3.50% for HIS as of June 30, 2020 and June 30, 2019 respectively. For FRS, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor.

Sensitivity of CFX's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents CFX's proportionate share of the net pension liability calculated using the discount rate of 6.80% and 6.90% for FRS for June 30, 2020 and June 30, 2019 respectively. The discount rate of 2.21% and 3.50% was used for HIS for June 30, 2020 and June 30, 2019 respectively. The following also presents what CFX's proportionate share of the net pension liability would be at June 30, 2021 and 2020 if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the respective current rate:

Proportionate Share of the Net Pension Liability As o	f June (30, 2021				
				FRS		
	1% Decrease Current Discount Rate 5.8% 6.8%				1% Increase 7.8%	
CFX's proportionate share of the net pension liability (asset)	\$	15,004,438	\$	9,396,379	\$	4,712,504
				HIS		
	1% Decrease Current Discount Rate 1.21% 2.21%			Increase 3.21%		
CFX's proportionate share of the net pension liability (asset)	\$	3,026,081	\$	2,617,818	\$	2,283,65

Proportionate Share of the Net Pension Liability As o	of June	30, 2020					
			FRS				
	1% Decrease Current Discount Rate 5.9% 6.9%		1% Increase 7.9%				
CFX's proportionate share of the net pension liability (asset)	\$	13,151,181	\$ 7,607,701	\$	2,977,957		
			HIS				
	1% Decrease 2.50%				 Discount Rate 3.50%		Increase 4.50%
CFX's proportionate share of the net pension liability (asset)	\$	2,729,721	\$ 2,391,238	\$	2,109,321		

NOTE 8 - RETIREMENT PLANS (CONTINUED)

Change in Net Pension Liability - The following is a summary of changes in net pension liability:

Change in Net Pension Liability In Thousands										
	June	30, 2020	Ad	ditions	De	letions	June	30, 2021	Due V

Pension Plan Fiduciary Net Position – Detailed information about FRS and HIS fiduciary net position is available in the separately issued FRS financial report. The latest available report may be obtained by writing to the Department of Management Services, Office of the Secretary, 4050 Esplanade Way, Tallahassee, FL 32399-0950 or from the website: http://www.dms.myflorida.com/workforce_operations/retirement/publications

NOTE 9

Risk Management

CFX is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which CFX purchases commercial insurance.

No settlements have exceeded coverage levels in place during 2019, 2020 and 2021.

CFX is covered by the State of Florida's State Group Insurance program, a risk management pool to which risk is transferred in exchange for annual premium payments.

NOTE 10

Subsequent Events

On July 1, 2021, CFX used legally available moneys on hand to defease all its then-outstanding Refunding Revenue Bonds, Series 2013A balance of \$242,320,000.

On July 28, 2021, CFX issued Central Florida Expressway Authority Senior Lien Revenue Series 2021D Bonds in the principal amount of \$198,435,000. The bonds were issued as new funds with the purpose to fund portions of the Five-Year Work Plan.

REQUIRED SUPPLEMENTARY INFORMATION

Trend Data on Infrastructure Condition

CFX elected to use the modified approach to account for maintenance of its infrastructure assets starting in fiscal year 1997. The FDOT annually inspects CFX's roadways. The FDOT utilizes the Maintenance Rating Program (the "MRP") to assess the condition of the System. Copies of the MRP manual may be obtained from the State Maintenance Office, 605 Suwannee Street, Mail Station 52, Tallahassee, FL 32399-0450. The MRP manual provides a uniform evaluation system for maintenance features of the State Highway System. The roadways are rated on a 100-point scale, with 100 meaning that every aspect of the roadway is in new and perfect condition. CFX's System, as a whole, is given an overall rating, indicating the average condition of all roadways operated by CFX. The assessment of condition is made by visual and mechanical tests designed to reveal any condition that would reduce highway-user benefits below the maximum level of service. CFX's policy is to maintain the roadway condition at a MRP rating of 80 or better. The results of the last five completed inspections are as follows:

EVALUATION PERIOD	al expenditures for pre

Total expenses	96,655	95,449
Add deposits into OMA reserve	-	756
Less advances allowable for operations and maintenance expenses received from the FDOT	(7,174)	(7,601)
Net expenses	89,481	88,604
Net revenues, as defined, inclusive of advances received from the FDOT	\$ 427,639	\$ 389,577
Senior lien debt service payments	\$ 211,164	\$ 192,866
Senior lien debt service ratio of net revenues to debt service payments	2.03	2.02
Subordinate Payments	\$ 8,163	\$ 7,555
Subordinate Debt Service Ratio*	 1.95	1.94

^{*}These calculations are done according to the Master Subordinate Lien Resolution.

Note: Revenues and expenses are presented on this schedule on the accrual basis in accordance with accounting principles generally accepted in the United States of America. Certain amounts included on the statement of revenues, expenses, and changes in net position are not part of net revenues, as defined, and are, therefore, excluded from this schedule.

Statistical Section

This section of the Central Florida Expressway Authority's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about CFX's overall financial health. The tables presented in this section are unaudited.

C2 FINANCIAL TRENDS

These schedules contain trend information to help the reader understand how CFX's financial performance and well-being have changed over time.

C4 REVENUE CAPACITY

These schedules contain information to help the reader assess CFX's most significant local revenue source, toll revenue.

C10 DEBT CAPACITY

These schedules present information to help the reader assess the affordability of CFX's current levels of outstanding debt and CFX's ability to issue additional debt in the future.

C12 DEMOGRAPHIC AND ECONOMIC INFORMATION

These schedules offer demographic and economic indicators to help the reader understand the environment within which CFX's financial activities take place.

C16 OPERATING INFORMATION

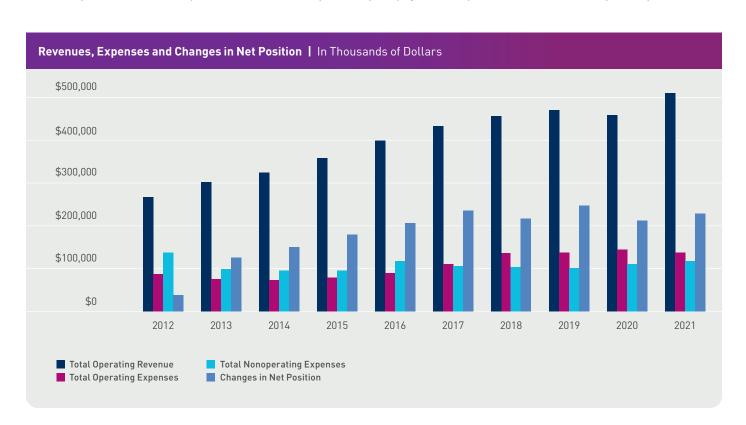

These schedules contain service and infrastructure data to help the reader understand how the information in CFX's financial report relates to the services CFX provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

 [[]A] The CFX Board has the authority to set all toll rates.
 [B] The toll listed in the table is what is collected by CFX. The customer at the toll plaza pays an additional \$0.26 more for E-PASS transactions and \$0.75 more for cash or Pay By Plate transactions regardless of the number of axles.

Average Toll Rate July 1, 2	Average Toll Rate July 1, 2012 through June 30, 2021										
FISCAL YEAR	REVENUE BEFORE DISCOUNTS (\$000'S)	TRANSACTIONS (000'S)	AVERAGE TOLL RATE								
2012 (A)	\$ 272,214	302,441	\$ 0.90								
2013 (B)	308,983	312,233	0.99								
2014	330,855	333,620	0.99								
2015	364,097	366,424	0.99								
2016	409,597	410,536	1.00								
2017	440,303	435,541	1.01								
2018	458,088	449,583	1.02								
2019	483,657	465,407	1.04								
2020 (C)	468,302	424,188	1.10								
2021 (D)	514,718	435,451	1.18								

 [[]A] Dallas Plaza was opened in FY 2012 for toll equity reasons increasing transactions without increasing revenue
 [B] Toll rate increase effective July 1, 2012
 [C] Poinciana Parkway came online with an average toll rate of \$1.60
 [D] In FY 2021, CFX revised its Pay By Plate toll schedule to eliminate fees and more accurately reflect the cost to collect

- [A] These calculations apply to the 1990 and 1998 Series bonds, which are covered by revenues for Orange County's gas tax pledge.
- (B) Gross revenues does not include investment income or any costs of Goldenrod Road.
- (C) Revenues and expenses are presented on this schedule in accordance with accounting principles generally accepted in the Unites States of America. Certain amounts included on the Statement of Revenues, Expenses, and Changes in Net Position are not part of net revenues, as defined, and are therefore excluded from this schedule.

Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Central Florida Expressway Authority Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the basic financial statements, as listed in the table of contents, of the Central Florida Expressway Authority ("CFX") as of and for the year ended June 30, 2021, and have issued our report thereon dated October 27, 2021.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered CFX's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of CFX's internal control. Accordingly, we do not express an opinion on the effectiveness of CFX's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or *significant deficiencies*. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether CFX's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management in a separate management letter and Independent Accountant's Report dated October 27, 2021.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of CFX's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering CFX's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

ON COMPLIANCE WITH BOND COVENANTS

To the Members of the Central Florida Expressway Authority Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the basic financial statements, as listed in the table of contents, of the Central Florida Expressway Authority ("CFX") as of and for the year ended June 30, 2021, and have issued our report thereon dated October 27, 2021.

OTHER MATTER

In connection with our audit, nothing came to our attention that caused us to believe that CFX failed to comply with the terms, covenants, provisions, or conditions of Sections 5.2, 5.5 to 5.7, 5.9, 5.10, 5.12, and 5.17, inclusive of the Amended and Restated Master Bond Resolution dated February 3, 2003, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding CFX's noncompliance with the above-referenced terms, covenants, provisions, or conditions of the Amended and Restated Master Bond Resolution, insofar as they relate to accounting matters.

RESTRICTED USE RELATING TO THE OTHER MATTER

This communication related to compliance with the aforementioned Amended and Restated Master Bond Resolution and is intended solely for the information and use of CFX members, management, and the bondholders and is not intended to be, and should not be, used by anyone other than these specified parties.

MSL, P.A.

Independent Accountant's Report

To the Members of the Central Florida Expressway Authority Orlando, Florida

We have examined the compliance of the Central Florida Expressway Authority ("CFX") with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended June 30, 2021. Management is responsible for CFX's compliance with those requirements. Our responsibility is to express an opinion on CFX's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about CFX's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on CFX's compliance with specified requirements.

In our opinion, CFX complied, in all material respects, with the aforementioned requirements for the fiscal year ended June 30, 2021.

Management Letter

To the Members of the Central Florida Expressway Authority Orlando, Florida

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of Central Florida Expressway Authority ("CFX") as of and for the fiscal year ended June 30, 2021, and have issued our report thereon dated October 27, 2021.

AUDITOR'S RESPONSIBILITY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America; and Chapter 10.550, *Rules of the Auditor General*.

OTHER REPORTING REQUIREMENTS

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Governmental Auditing Standards*; Independent Auditor's Report on Compliance with Bond Covenants; and Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated October 27, 2021, should be considered in conjunction with this management letter.

PRIOR AUDIT FINDINGS

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial report.

OFFICIAL TITLE AND LEGAL AUTHORITY

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

FINANCIAL CONDITION

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and report the results of our determination as to whether or not CFX has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined

that CFX did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for CFX. It is management's responsibility to monitor CFX's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

SPECIAL DISTRICT COMPONENT UNITS

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. There were no special district component units that were required to provide financial information to CFX for the fiscal year ended June 30, 2021.

ADDITIONAL MATTERS

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

PURPOSE OF THIS LETTER

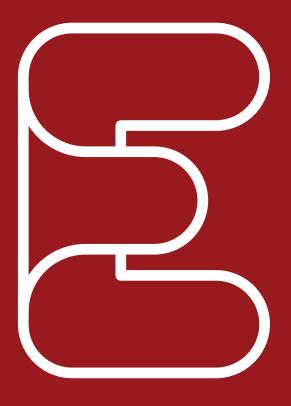

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the members of CFX's Board, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTES

- (1) The "Total System Toll Revenues" figures only include toll revenues and do not include actual receipts from other non-toll revenue sources, interest revenues nor any revenues or costs associated with the Poinciana Parkway or Goldenrod Road Extension.
- (2) SR 414 opened in February 2009 to electronic traffic and in May 2009 to cash traffic.
- (3) SR 453 opened to traffic in March 2018.
- (4) SR 538 was purchased from Osceola County in December of 2019.
- [5] Prior to May 1, 2016, the Volume Discount Program provided a 5% discount to customers with at least 40 transactions per month and a 10% discount to customers with at least 80 transactions per month. On May 1, 2016, CFX replaced the Volume Discount Program with the Loyalty Discount Program which provides a 10% discount to customers with at least 80 transactions per month. The I-4 Commuter Discount Program, instituted for a period beginning in Fiscal Year 2017 and ending in Fiscal Year 2021, which provided an additional 5% discount to customers with 20 or more transactions per month on the CFX "beltway" facilities [SR 417, SR 429 and SR 414]. This discount was only offered during months when actual total revenue exceeded the current revenue projections by more than 2.0%. The School Bus Rebate Program, which began on February 1, 2016, provides a 99% discount to school buses in Orange, Brevard, Lake, Osceola, Polk, Seminole and Volusia Counties transporting students on official school business on CFX facilities. This rebate is only offered during months when actual total revenue exceeds the current revenue projections by more than 2.0%. See "SYSTEM REVENUES Discount Programs" herein.
- (6) Under CFX's prior toll policy, the first of the scheduled toll increases took effect in Fiscal Year 2009 and the second on July 1, 2012. On February 9, 2017, CFX adopted a new toll policy which eliminated the 15% planned toll increase scheduled for July 1, 2017 in favor of annual indexed increases beginning July 1, 2018. See "SYSTEM REVENUES System Toll Structure" herein.
- (7) Total System Toll Revenues include recaptured unpaid toll notices/Pay By Plate invoices and account adjustments, which adjustments occur throughout the Fiscal Year. The FY 2018 General Traffic and Earnings Consultant's Annual Report dated May 2019 and attached hereto as APPENDIX D only presents these effects on a System-wide basis. Accordingly, the toll revenues presented by facility shown in this table may differ from those shown in such Annual Report.
- [8] First annual indexed toll rate increase under new toll policy took place on July 1, 2018. See "SYSTEM REVENUES System Toll Structure" herein.

NOTES

- (1) The "Operating Revenues" figures reflect toll revenues plus actual receipts from other non-toll revenue sources, less the Discount Programs; however, these figures do not include interest revenues or any revenues or costs associated with the Goldenrod Road Extension.
- (2) Commencing in Fiscal Year 2014, such advances are returned to the Department within 60 days of receipt.
- (3) Supplemental Payments were pledged only to the Series 1990 Bonds and were available to pay debt service only on such Series of Bonds. These calculations only applied to such Series 1990 Bonds which are no longer outstanding as of the date hereof.
