The Central Florida Expressway Authority (CFX) finished widening State Road 417 (Central Florida GreeneWay) from International Drive to John Young Parkway. To reduce congestion and improve traffic flow, this 4.1-mile project added a lane in each direction, expanding the expressway from four to six travel lanes. Seven noise walls were also built in this segment. CFX also added wider median shoulders, called Flex Lanes, that can temporarily accommodate additional traffic during emergency response events, such as traffic accidents or hurricane evacuations. This is one of five widening projects on SR 417 between International Drive and SR 528 (Martin B. Andersen Beachline Expressway).

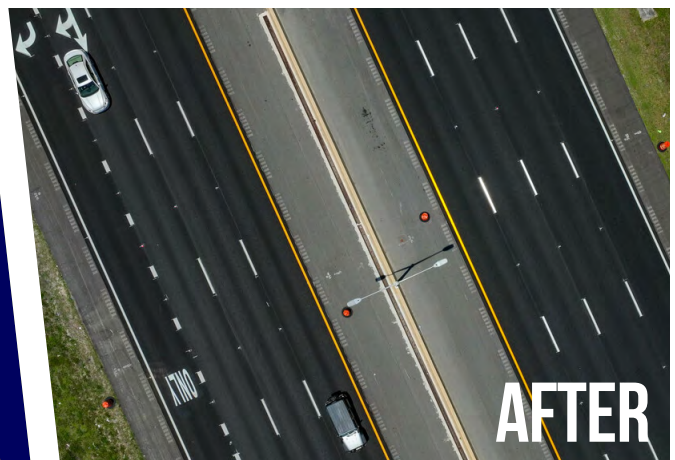

This project is part of the 21 miles of capacity improvements on SR 417 from International Drive to SR 528. The remaining four project segments are expected to be completed by late 2024

PROJECT BY THE NUMBERS

189,000 YD³ of Embankment | 9 new overhead signs | 62,000 tons of asphalt | 2 times traffic capacity

BEFORE

AFTER

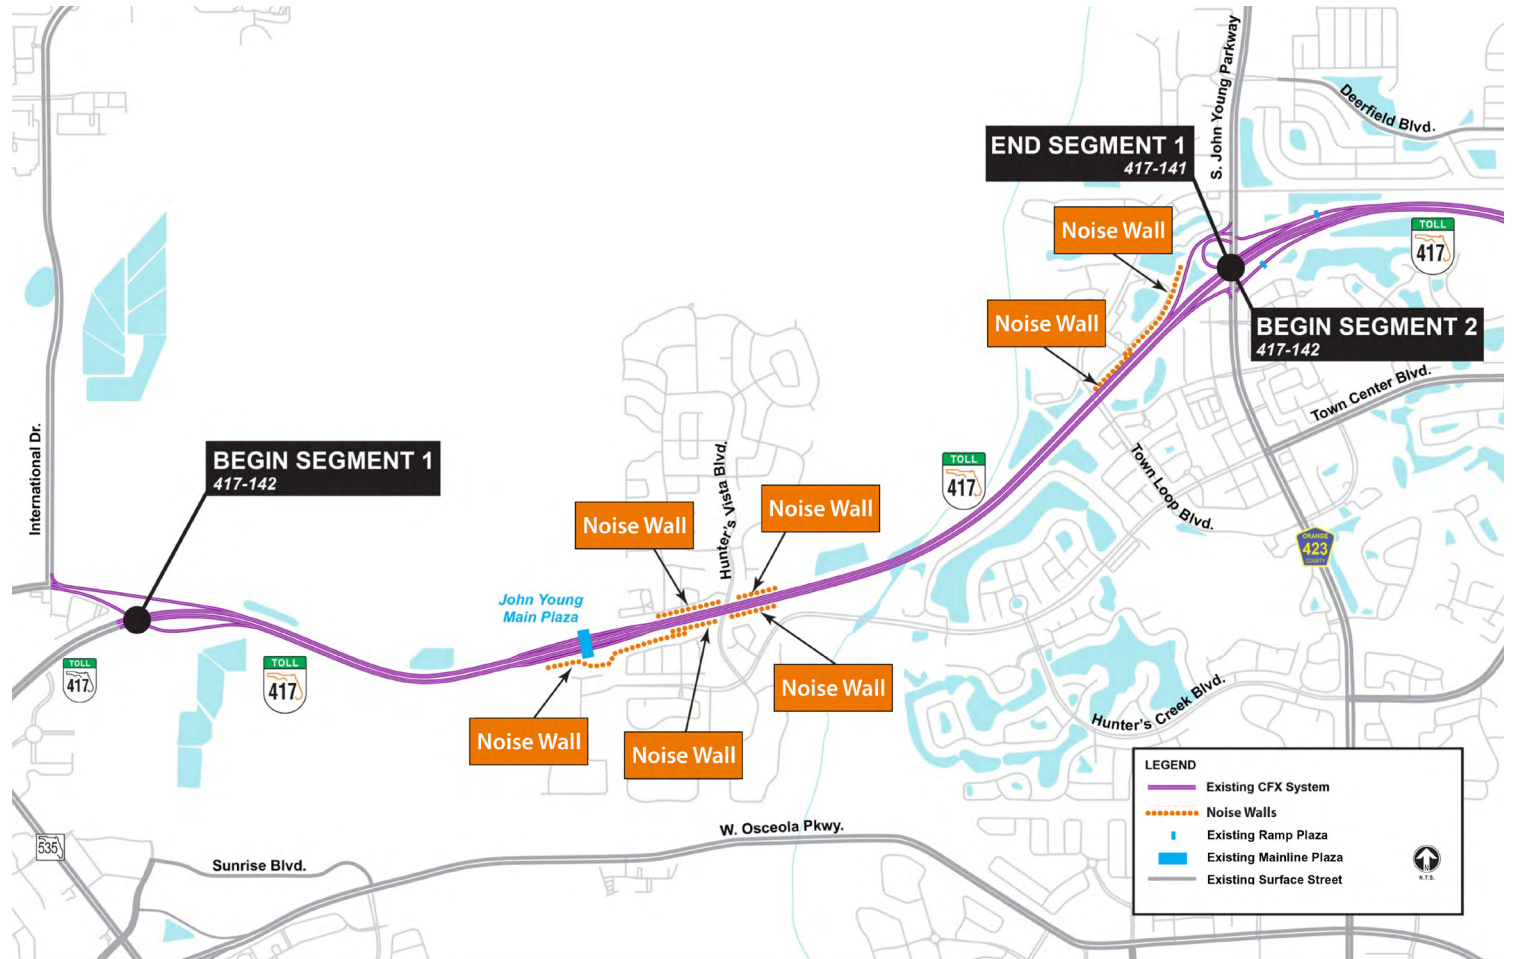

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3 million residents of Brevard, Lake, Orange, Osceola, and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-centerline mile, user-funded system includes 73 interchanges, 14 mainline toll plazas, 5 mainline gantries, 76 ramp toll plazas and 369 bridges. On average, more than 1.5 million toll transactions are recorded daily, nearly 90 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with more than one million E-PASS accounts. For more information, visit CFXway.com.
