Section 1 - Introduction

The Central Florida Expressway Authority (CFX) began conducting the Project Development and Environment (PD&E) Study for the State Road 408 Capacity Improvements from Kirkman Road to Church Street in September 2022. The PD&E study evaluated alternatives for improving traffic flow by adding a travel lane in each direction on SR 408 from Kirkman Road to Church Street.

The growth in Central Florida and in Orlando, in particular, has led to more than 164,000 vehicles per day traveling on SR 408 near downtown Orlando. This study evaluated alternatives for improving traffic flow by adding another travel lane on eastbound SR 408 and westbound SR 408 within the study limits.

The general objective of the six-month PD&E study was to provide information necessary for CFX to reach a decision on the viability of each alternative. All factors related to the design and location of the project were considered including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis and right-of-way requirements.

Section 2 – Stakeholder Coordination and Meetings

2.1 Local Government Officials

The Public Involvement Program involved identifying and communicating with state, regional, and local agencies having a potential interest in this project due to jurisdictional review or expressed interest.

A kick-off letter to inform local, state, and regional officials about the project was sent on January 23, 2022. Elected and appointed officials were provided notice of the one public meeting.

2.2 Public Involvement and Meetings

The Public Involvement Plan (PIP) included conducting a kick-off mailing and one public meeting to present the latest study information and to gather vital feedback from the public.

Project Kick-Off

On January 23, 2022, an informational project kick-off letter and a fact sheet were mailed and/or emailed to the following:

- Nearly 400 property owners and tenants along the study corridor;
- 22 elected officials; and
- 18 appointed government officials.

One public meeting was conducted.

Public Meeting

The Public Meeting was held in-person on Tuesday, February 28, 2023, from 5:30 p.m. – 7:30 p.m. at Carver Middle School’s cafeteria. A simultaneous virtual (online) session was hosted from 5:30 p.m. to 7:00 p.m. through the online meeting platform ON24. Participants were able to view a presentation about the study and ask questions and provide comments.

Public meeting invitations were sent on February 10, 2023, to 22 elected officials and their aides and 18 local, regional, state, and federal agency contacts. They were also mailed on February 10, 2023 to 394 property owners and tenants along the corridor.

On February 12, 2023, an invitation reminder was emailed to 22 elected officials and 18 local, regional, state, and federal agency contacts.

Legal advertisements were published in the Orange County edition of the *Orlando Sentinel* on Sunday, February 12 and Sunday, February 26, 2023.

An ad was published in the *Florida Administrative Register* (FAR) on Monday, February 6, 2023, and a media advisory was distributed to local media outlets on Sunday, February 12, 2023.

Thirteen people attended the in-person meeting where a looped video presentation provided an overview of the study process, history, and details of the alternatives. Six people attended the virtual public meeting. Attendees were able to ask study team members questions and provide written comments. Five written comments were submitted during the in-person public meeting, and three comments were sent via the ON24 chat function during the virtual portion of the public meeting.

2.3 Summary of Public Comments

Eight comments and questions were received during the public meeting’s 10-day comment period.

The information below reflects the general nature of the comments and questions received.

- “Noise barriers being installed to protect residential properties?”
- “I would like to see more trees added in front of the barrier wall for noise control.”
- “If it is possible, can you please add a sound barrier wall between Pine Hills Road and the toll plaza, just east of there?”
- “Our property has been impacted by eminent domain twice since 1971, so we are relieved it appears not to be the case this time.”
- “We saw your Google Earth model at the meeting, and it appears that you will expand within the existing right of way.”
- “Replant trees and shrubs on City and County sides.”

Comments submitted during the public meeting and those mailed or emailed prior to Tuesday, March 14, 2023, have been included as part of the public record.

Section 3 – Website

Study information was posted on the study’s webpage:

<https://www.cfxway.com/agency-information/plans-studies/project-studies/pde-study-sr-408-capacity-improvements-kirkmanroad-to-churchstreetroad/>

The page was updated with the latest exhibits, schedules, handouts, presentations, meeting videos and summaries and photos.

An electronic comment form was available, as well as a phone number and a request form to receive email updates.

Section 4 – Media Coverage

The Public Involvement Program included the strategy of using the media to help share information and meeting notices about the PD&E study.

The media advisory regarding the date, time, location, and purpose of the study’s public meeting was distributed to the local media outlets listed below.

- Orlando Sentinel
- Apopka Chief
- WESH-TV, Ch. 2
- WKMG-TV, Ch. 6
- WFTV-TV, Ch. 9
- Spectrum News 13
- WMFE FM, 90.7
- WDBO FM, 96.5
- WTKS FM, 104.1
- WOMX FM, 105.1

Re: CFX PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY
State Road 408 Capacity Improvements between Kirkman Road and Church Street
CFX Project No.: 408-174

Dear Property Owner/Stakeholder:

The [Central Florida Expressway Authority](#) (CFX) is conducting a Project Development and Environment (PD&E) Study for capacity improvements on westbound and eastbound SR 408 between Kirkman Road and Church Street.

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study will evaluate alternatives for improving traffic flow by adding one travel lane in each direction within the project limits. Most of the work would occur within **CFX's existing SR 408's right of way**.

CFX will develop and evaluate alternatives to determine a preferred alternative. All factors related to the design and location of the project will be considered including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis and right-of-way requirements.

CFX will hold one public meeting during this six-month study. Information on the location and date of the public meeting will be announced once confirmed.

For additional information concerning this study, please contact Kathy Putnam, Public Involvement Coordinator, at 407-690-7220, or at ProjectStudies@cfxway.com, or **visit the study's webpage** at <https://bit.ly/SR408WBStudy>.

Sincerely,

Glenn Pressimone, P.E.
Chief of Infrastructure
Central Florida Expressway Authority

Attachment: Fact Sheet

STATE ROAD 408 CAPACITY IMPROVEMENTS BETWEEN KIRKMAN ROAD & CHURCH STREET

PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

CFX is conducting a Project Development and Environment (PD&E) Study for capacity improvements on SR 408 between Kirkman Road and Church Street.

STUDY DESCRIPTION

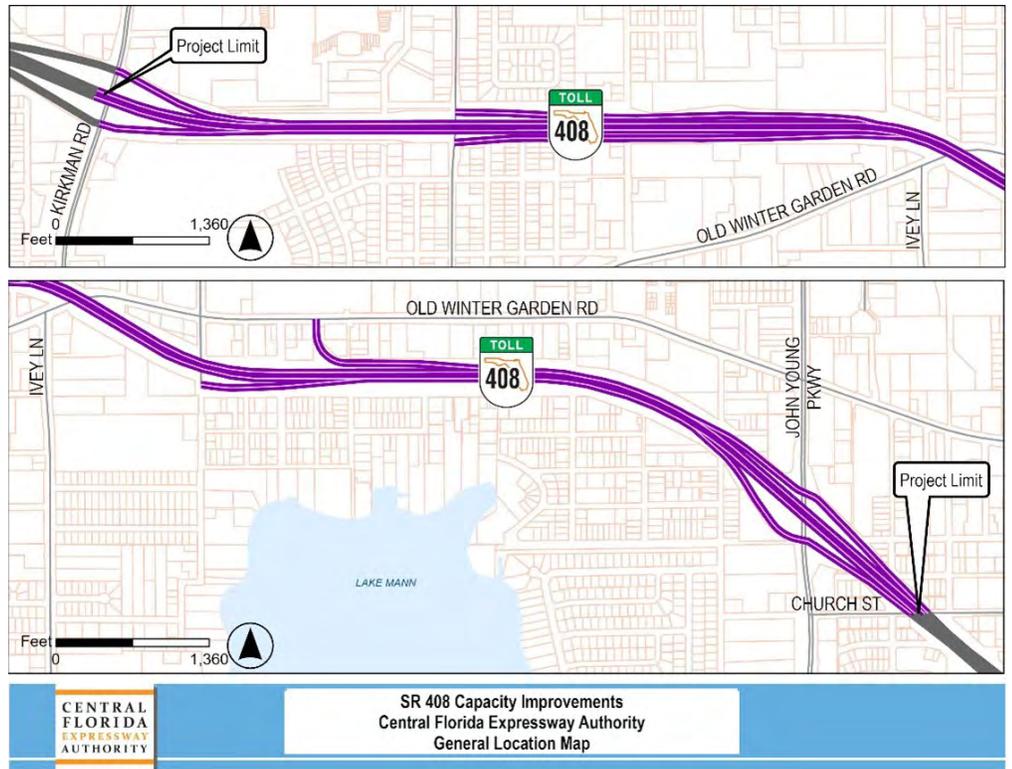

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study will evaluate alternatives for improving traffic flow by adding a travel lane in each direction on SR 408 from Kirkman Road to Church Street. Most of the work would occur within CFX's existing SR 408 right of way.

STUDY GOALS

The goals of the SR 408 Capacity Improvements between Kirkman Road and Church Street PD&E Study include:

- Improving traffic flow and safety.
- Enhancing mobility for the area's growing population and economy by increasing capacity.
- Providing consistency with local plans and policies.
- Enhancing regional connectivity.

STUDY PARTICIPATION

We value your input. Public involvement and interagency coordination are integral to the PD&E study process, and opportunities for public participation will be provided. CFX anticipates holding one public meeting as part of this study. Details on the date and location of the public meeting will be posted once confirmed.

CENTRAL FLORIDA EXPRESSWAY AUTHORITY

January 13, 2022

Re: CFX PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY
State Road 408 Capacity Improvements between Kirkman Road and Church Street
CFX Project No.: 408-174

Dear Elected Official:

The [Central Florida Expressway Authority](#) (CFX) is conducting a Project Development and Environment (PD&E) Study for capacity improvements on westbound and eastbound SR 408 between Kirkman Road and Church Street.

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study will evaluate alternatives for improving traffic flow by adding one travel lane in each direction within the project limits. Most of the work would occur within **CFX's existing SR 408's right of way**.

CFX will develop and evaluate alternatives to determine a preferred alternative. All factors related to the design and location of the project will be considered including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis and right-of-way requirements.

CFX will hold one public meeting during this six-month study. Information on the location and date of the public meeting will be announced once confirmed.

For additional information concerning this study, please contact Kathy Putnam, Public Involvement Coordinator, at 407-690-7220, or at ProjectStudies@cfxway.com, or **visit the study's webpage** at <https://bit.ly/SR408WBStudy>.

Sincerely,

Laura Kelley
Executive Director
Central Florida Expressway Authority

STATE ROAD 408 CAPACITY IMPROVEMENTS BETWEEN KIRKMAN ROAD & CHURCH STREET

PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

CFX is conducting a Project Development and Environment (PD&E) Study for capacity improvements on SR 408 between Kirkman Road and Church Street.

STUDY DESCRIPTION

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study will evaluate alternatives for improving traffic flow by adding a travel lane in each direction on SR 408 from Kirkman Road to Church Street. Most of the work would occur within CFX's existing SR 408 right of way.

STUDY GOALS

The goals of the SR 408 Capacity Improvements between Kirkman Road and Church Street PD&E Study include:

- Improving traffic flow and safety.
- Enhancing mobility for the area's growing population and economy by increasing capacity.
- Providing consistency with local plans and policies.
- Enhancing regional connectivity.

Re: CFX PROJECT DEVELOPMENT AND ENVIRONMENT (PD&E) STUDY
State Road 408 Capacity Improvements between Kirkman Road and Church Street
CFX Project No.: 408-174

Dear Government Partner:

The [Central Florida Expressway Authority](#) (CFX) is conducting a Project Development and Environment (PD&E) Study for capacity improvements to westbound and eastbound SR 408 between Kirkman Road and Church Street.

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study will evaluate alternatives for improving traffic flow by adding one lane in each direction within the project limits. Most of the work would occur **within SR 408's existing right of way**.

CFX will develop and evaluate alternatives to determine a preferred alternative. All factors related to the design and location of the project will be considered including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis and right-of-way requirements.

CFX will hold one public meeting during this six-month study. Information on the location and date of the public meeting will be announced once confirmed.

For additional information concerning this study, please contact Kathy Putnam, Public Involvement Coordinator, at 407-690-7220, or at ProjectStudies@cfxway.com, or **visit the study's webpage** at <https://bit.ly/SR408WBStudy>.

Sincerely,

Glenn Pressimone, P.E.
Chief of Infrastructure
Central Florida Expressway Authority

CENTRAL FLORIDA EXPRESSWAY AUTHORITY

February 10, 2023

Subject: Public Information Meeting – February 28, 2023
State Road 408 Capacity Improvements Project Development and Environment (PD&E) Study
CFX Project Number: 408-174

Dear Elected Official:

The [Central Florida Expressway Authority](#) (CFX) is holding a public meeting for the State Road 408 Capacity Improvements Project Development and Environment (PD&E) Study. The purpose of the study is to develop alternatives for capacity improvements on westbound and eastbound SR 408 between Kirkman Road and Church Street.

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study has evaluated alternatives for improving traffic flow by adding one travel lane in each direction within the project limits. If construction is approved, **most of the work would occur within CFX's existing SR 408 right of way.**

CFX developed and evaluated alternatives with the goal of determining a preferred alternative. All factors related to the design and location of the project were considered, including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis and right-of-way requirements.

The public meeting is being held both in-person and virtually on Tuesday, February 28, 2023. Please see below for details on how to participate:

In-person meeting

- Tuesday, February 28, 2023
- 5:30 p.m. – 7:30 p.m.
- Carver Middle School Cafeteria
4500 Columbia Street
Orlando, FL 32811

Online/Virtual meeting

- Tuesday, February 28, 2023
- 6 p.m. – 7:30 p.m.
- Pre-register at <https://bit.ly/SR408StudyVPM> (Link is case sensitive)

Attendees of the in-person and virtual meetings will view a presentation and be able to ask questions and submit comments regarding the study.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require accommodations under the Americans with Disabilities Act or persons

who require translation services, free of charge, should contact Colleen Shea as noted below at least seven (7) days prior to the meeting.

For additional information concerning this study, please contact Colleen Shea, Public Involvement Coordinator, at 407-802-3210, or at ProjectStudies@cfxway.com, or visit the study's webpage at <https://bit.ly/SR408Study>.

Sincerely,

A handwritten signature in black ink, appearing to read 'Laura Kelley', written over a light gray circular stamp.

Laura Kelley
Executive Director
Central Florida Expressway Authority

STATE ROAD 408 CAPACITY IMPROVEMENTS BETWEEN KIRKMAN ROAD & CHURCH STREET

PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

CFX is conducting a Project Development and Environment (PD&E) Study for capacity improvements on eastbound and westbound SR 408 between Kirkman Road and Church Street.

STUDY DESCRIPTION

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study has evaluated alternatives for **improving traffic flow by adding a travel lane in each direction** on SR 408 from Kirkman Road to Church Street. If approved for construction, most of the work would occur within the existing SR 408 right of way.

STUDY GOALS

The goals of the SR 408 Capacity Improvements between Kirkman Road and Church Street PD&E Study include:

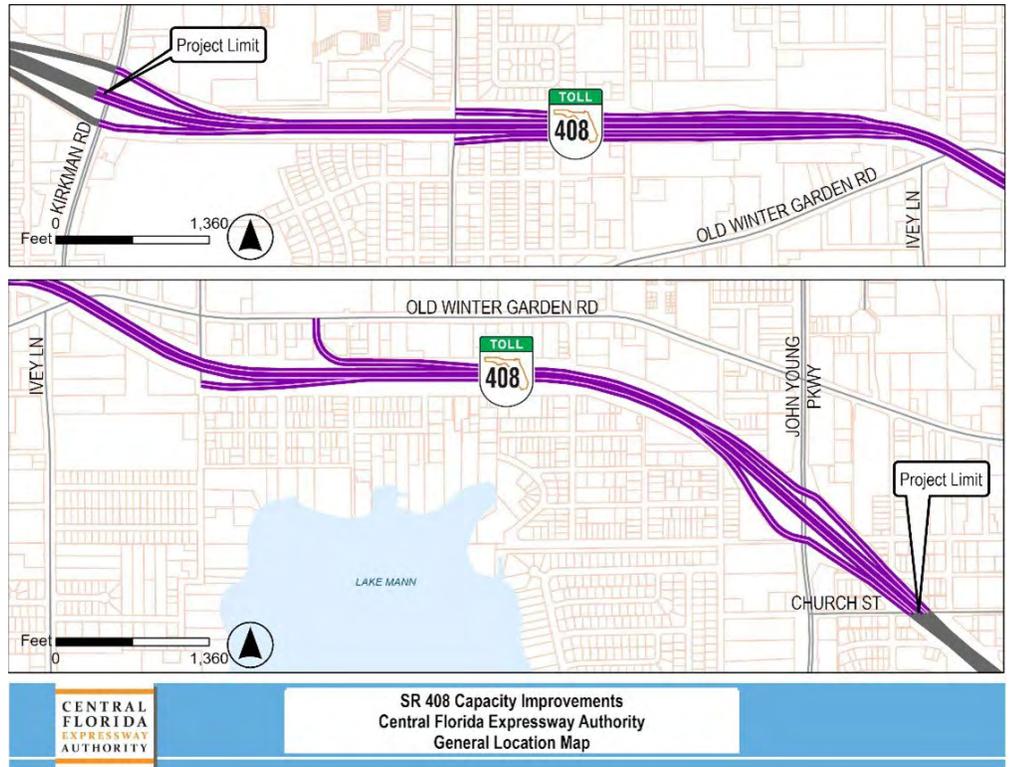

- Improving traffic flow and safety.
- Enhancing mobility for the area's growing population and economy.
- Providing consistency with local plans and policies.
- Promoting regional connectivity.

STUDY MAP

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3.3 million residents of Brevard, Lake, Orange, Osceola, and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-centerline mile, user-funded system which includes 73 interchanges, 14 mainline toll plazas, 5 mainline gantries, 76 ramp toll plazas and 343 bridges. On average, more than 1.3 million toll transactions are recorded daily, over 95 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with more than one million E-PASS accounts. For more information, visit CFXway.com.

PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

SR 408 Capacity Improvements Kirkman Road to Church Street PD&E Study Schedule (Subject to Change)

	2022				2023		
	SEPT	OCT	NOV	DEC	JAN	FEB	MAR
Notice to Proceed	★						
Review Existing Studies/Reports		█					
Additional Data Collection/Analysis		█					
Develop/Review Alternatives		█					
Public Meeting						★	
Refine Alternatives							█
Present Findings to CFX Board							★
Final PD&E Study Reports							★
Study Complete							★

STUDY PARTICIPATION

We value your input. Public involvement and interagency coordination are integral to the PD&E study process.

VISIT THE STUDY WEBPAGE AT:

STATE ROAD 408 CAPACITY IMPROVEMENTS BETWEEN KIRKMAN ROAD & CHURCH STREET

PROJECT DEVELOPMENT AND ENVIRONMENT STUDY

PUBLIC MEETING SUMMARY

DATE: TUESDAY, FEBRUARY 28, 2023

LOCATION: CARVER MIDDLE SCHOOL AND VIRTUAL VIA ON24

The Central Florida Expressway Authority (CFX) held a public information meeting for the Project Development and Environment (PD&E) Study for the State Road 408/Spessard L. Holland East-West Expressway Capacity Improvements Project between Kirkman Road and Church Street on Tuesday, February 28, 2023. Participants could choose from an in-person and a virtual option for attendance:

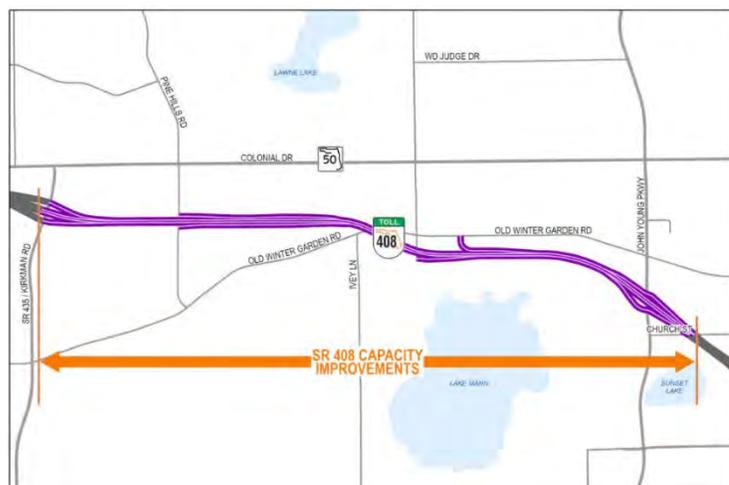

- The in-person public meeting was held at Carver Middle School (4500 Columbia St, Orlando, FL 32811) from 5:30 p.m. to 7:30 p.m. The open house format provided attendees the opportunity to view displays and a looped video presentation, ask questions about the project and get answers from project staff, and submit comments.
- A simultaneous virtual (online) session was hosted from 5:30 p.m. to 7:00 p.m. through the online meeting platform ON24. Participants were able to view a presentation about the study and ask questions and provide comments in writing.

The project is anticipated to move into the design phase and another public meeting will be held.

I. Project Background

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study, which began in September 2022, has evaluated alternatives for improving traffic flow by adding a travel lane in each direction on SR 408 from Kirkman Road to Church Street.

Study Area Map

II. Public Notification

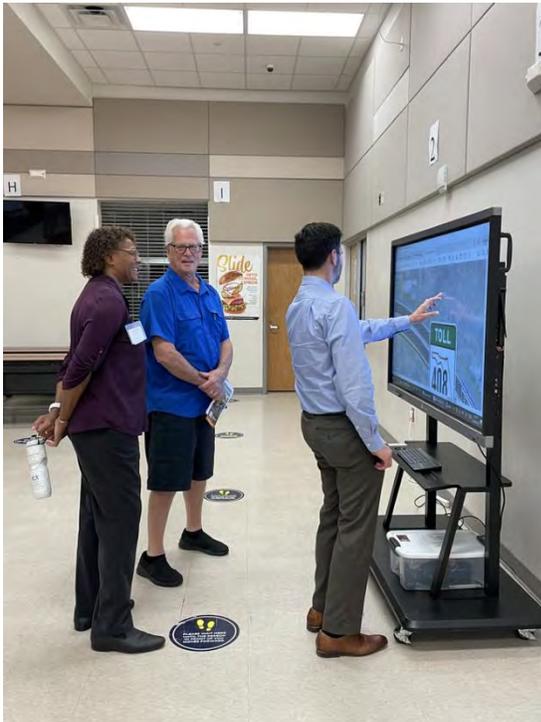

Public meeting invitation letters were mailed on February 10, 2023 to 395 property owners and tenants along the corridor. Invitations were also emailed and mailed to 22 elected officials and their aides. Meeting information was also posted on the project webpage and posted in the CFX lobby.

III. Media Notification

The public meeting was advertised with legal ads in the Orlando Sentinel on February 12, 2023, and February 26, 2023. A notice was published in the Florida Administrative Register (FAR) on February 6, 2023, and a press release was distributed to 62 media contacts on February 12, 2023.

IV. Public Meeting

The in-person public meeting at Carver Middle School was set up as an informal open house, where participants were welcome to come and go at their convenience, view displays, submit comments, and talk to the study team. The use of one large smart screen allowed the design team to provide meeting attendees with a more detailed view of the study exhibits. A looping PowerPoint presentation gave attendees an overview of the project's need, scope, and other details.

The following display boards were exhibited at the in-person public meeting:

- Project Location Map
- Roll Plot
- Typical Section

The presentation for the virtual meeting mirrored the presentation shown at the in-person meeting. Online attendees were able to view the same materials and displays shown at the in-person meeting. Throughout the virtual meeting, meeting attendees were able to submit comments and ask questions of the design team in writing via the ON24 chat function.

A recording of the presentation shown at the virtual meeting is available at:

<https://www.youtube.com/watch?v=O0LJR7Caau0>

V. Meeting Attendance

Thirteen people attended the meeting at Carver Middle School and six people attended the virtual meeting. Attendees included representatives from the City of Orlando and Orange County Public Schools. Members of the media also covered the public meeting.

VI. Public Comments

Five comments were submitted during the in-person public meeting, and three comments were sent via the ON24 chat function during the virtual meeting. The following section summarizes the categories of comments received, as well as some related statements for each category.

Comment Categories and Related Statements

Comments and questions about noise barriers:

- “Noise barriers being installed to protect residential properties?”
- “I would like to see more trees added in front of the barrier wall for noise control.”
- “If it is possible, can you please add a sound barrier wall between Pine Hills Road and the toll plaza, just east of there?”
- “Please consider a noise barrier on the south side of the existing roadway. Currently there is 15 feet between the home and a road – conversation outside is impossible.”

Comments and questions about right of way:

- “Our property has been impacted by eminent domain twice since 1971, so we are relieved it appears not to be the case this time.”
- “We saw your Google Earth model at the meeting, and it appears that you will expand within the existing right of way.”

Comments and questions about landscaping:

- “Replant trees and shrubs on City and County sides.”
- “I would like to see more trees added in front [of] the barrier wall for noise control. Over the course of a couple of years trees have been removed in front of my property and not replaced.”

VII. Publicizing Public Meeting Materials

Study materials and the presentation were posted on the study webpage (<https://bit.ly/3nn5lJt>) on March 10, 2023.

All inquiries or complaints will be handled according to CFX procedure and in a prompt and courteous manner.

About CFX

- 125 Miles of Expressway
- Brevard, Lake, Orange, Osceola and Seminole Counties
- \$4 Billion 5-Year Work Plan

About CFX

Mission

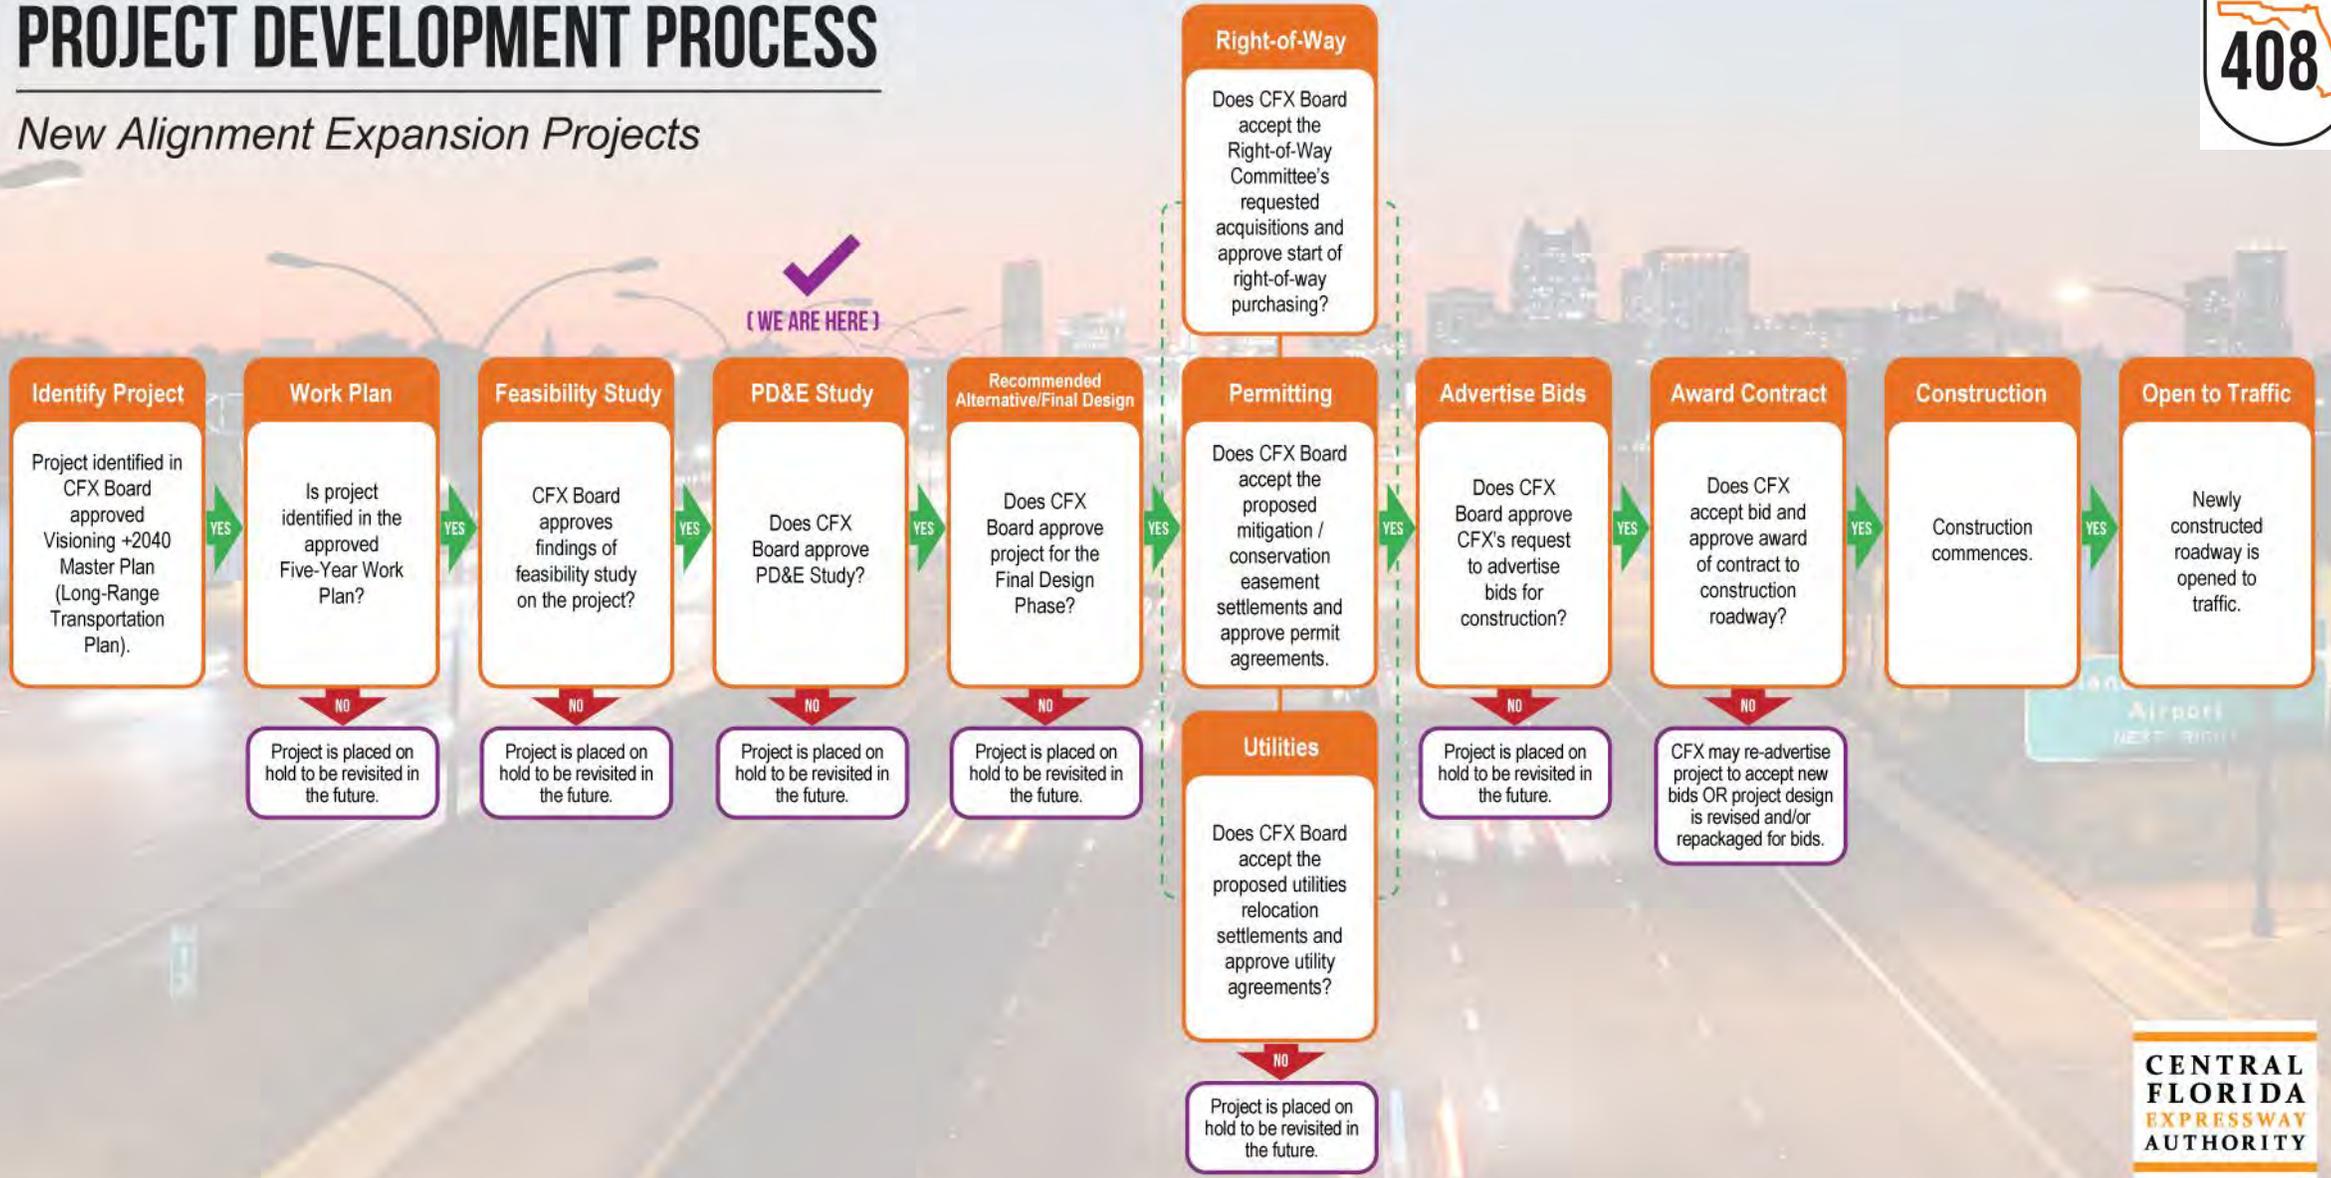

To build, operate and maintain a mobility network through accountability, fiscally sound practices and a community focus.

Vision

To provide the region with a world-class, integrated mobility network that drives economic prosperity and quality of life.

PROJECT DEVELOPMENT PROCESS

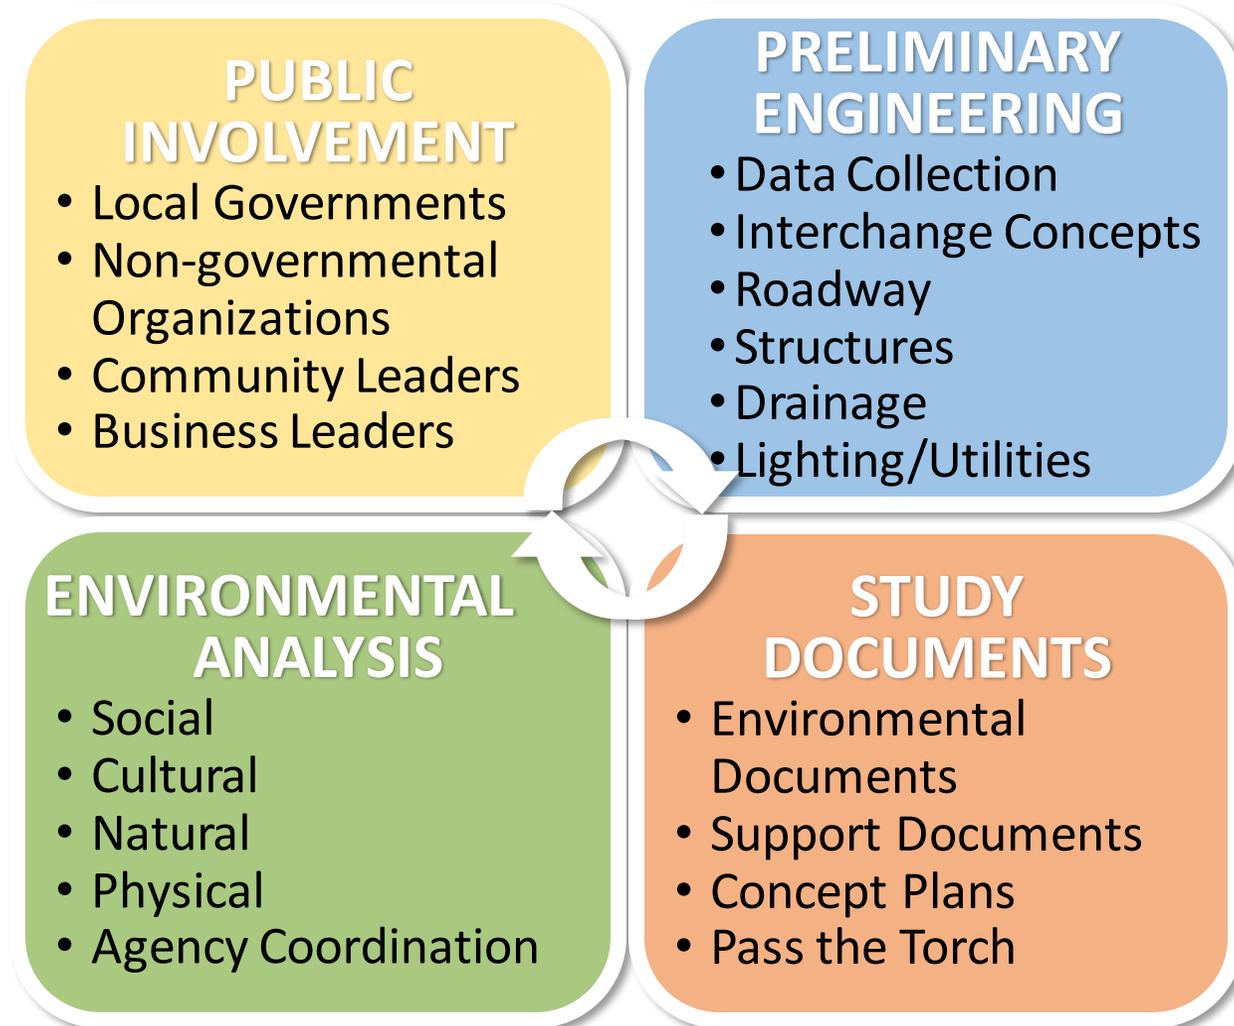

New Alignment Expansion Projects

PD&E Study Process

- Public Involvement
- Engineering Analysis
- Environmental Analysis
- Study Documents

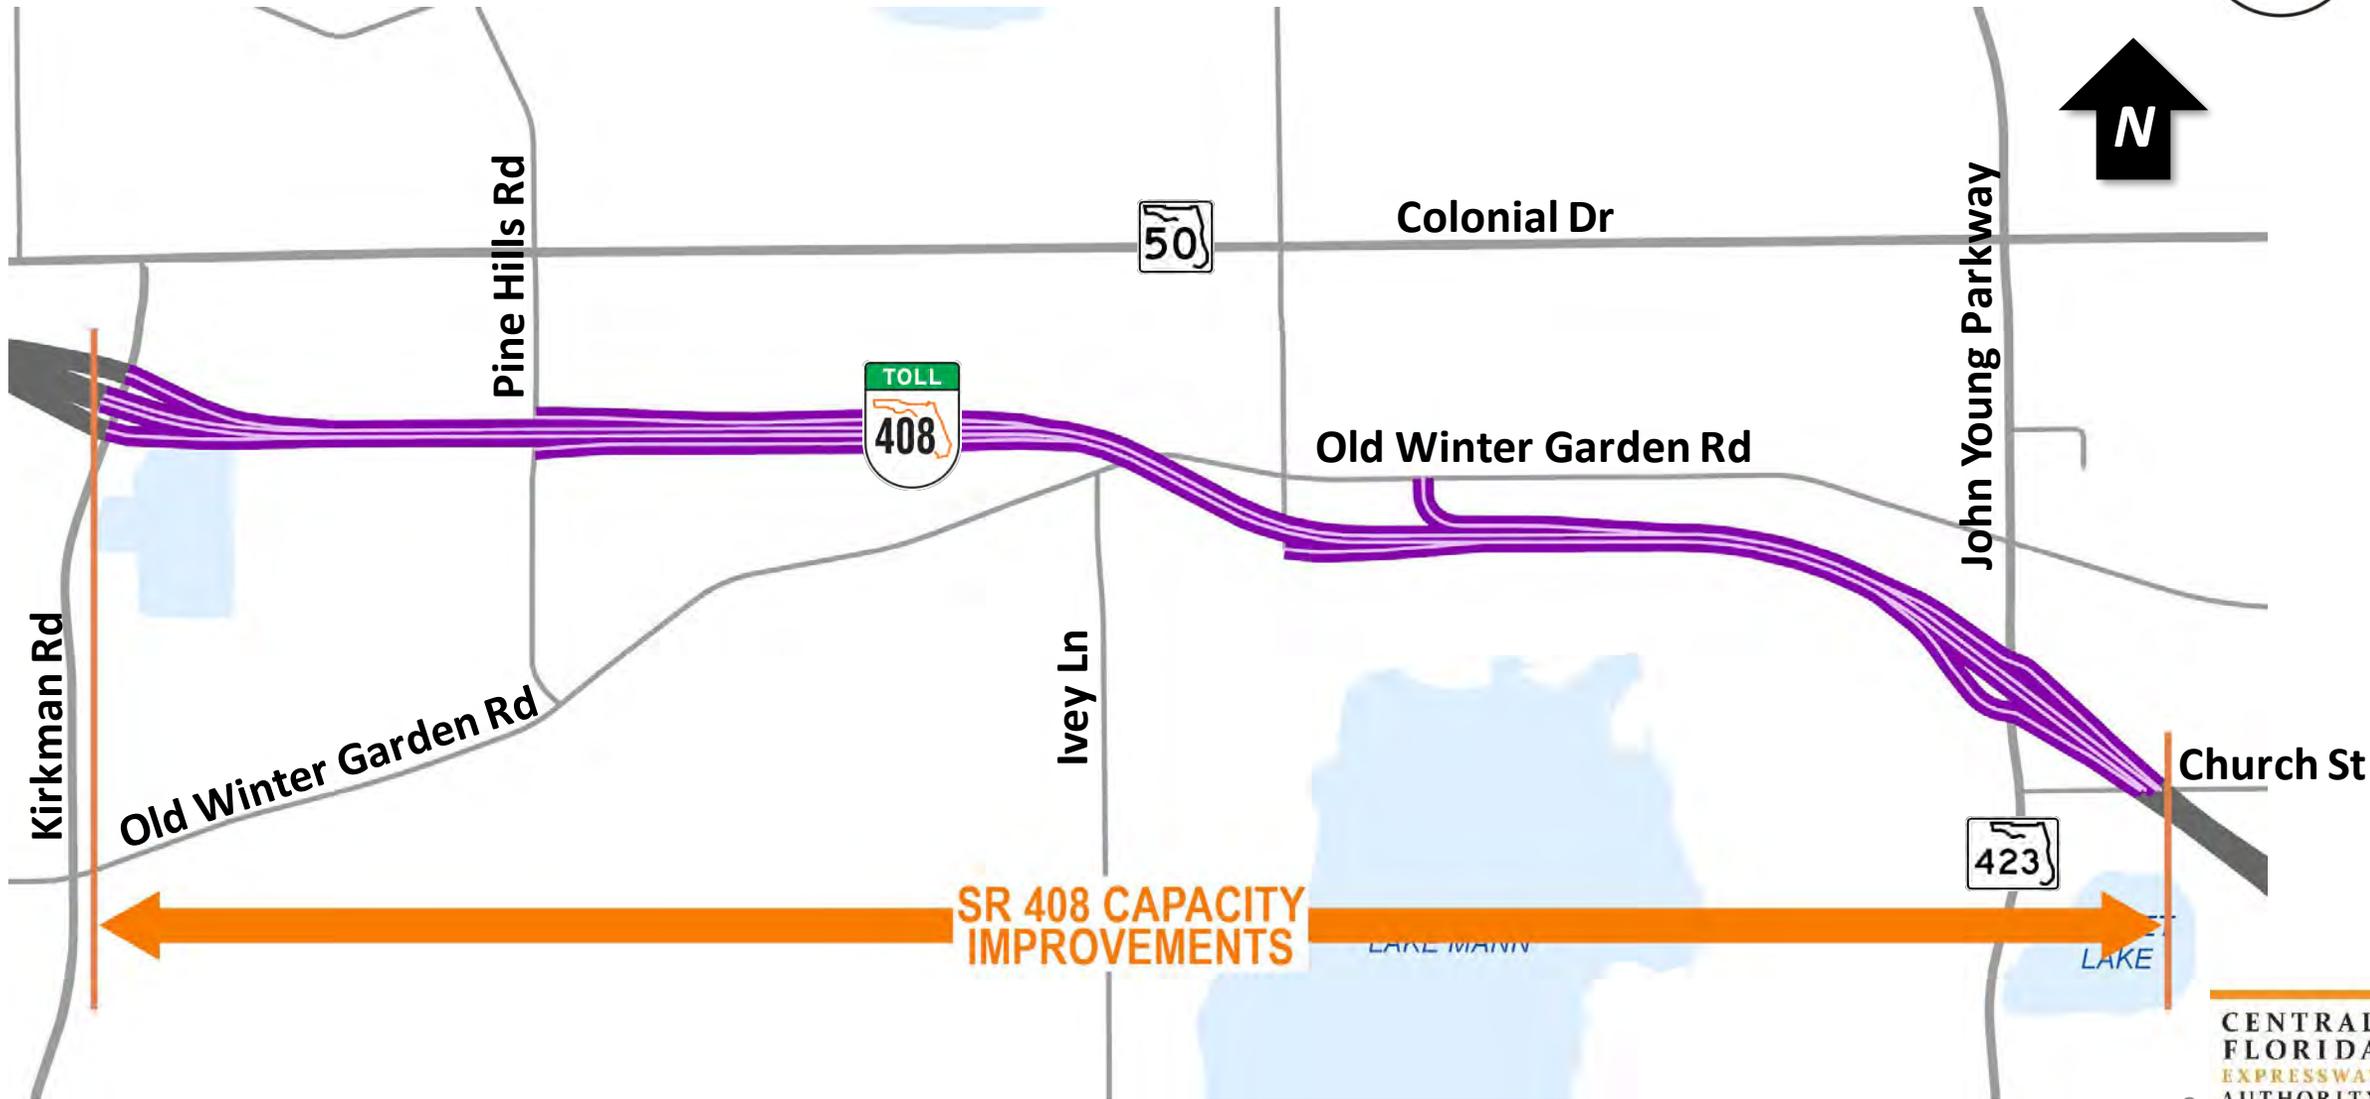

Goals and Objectives

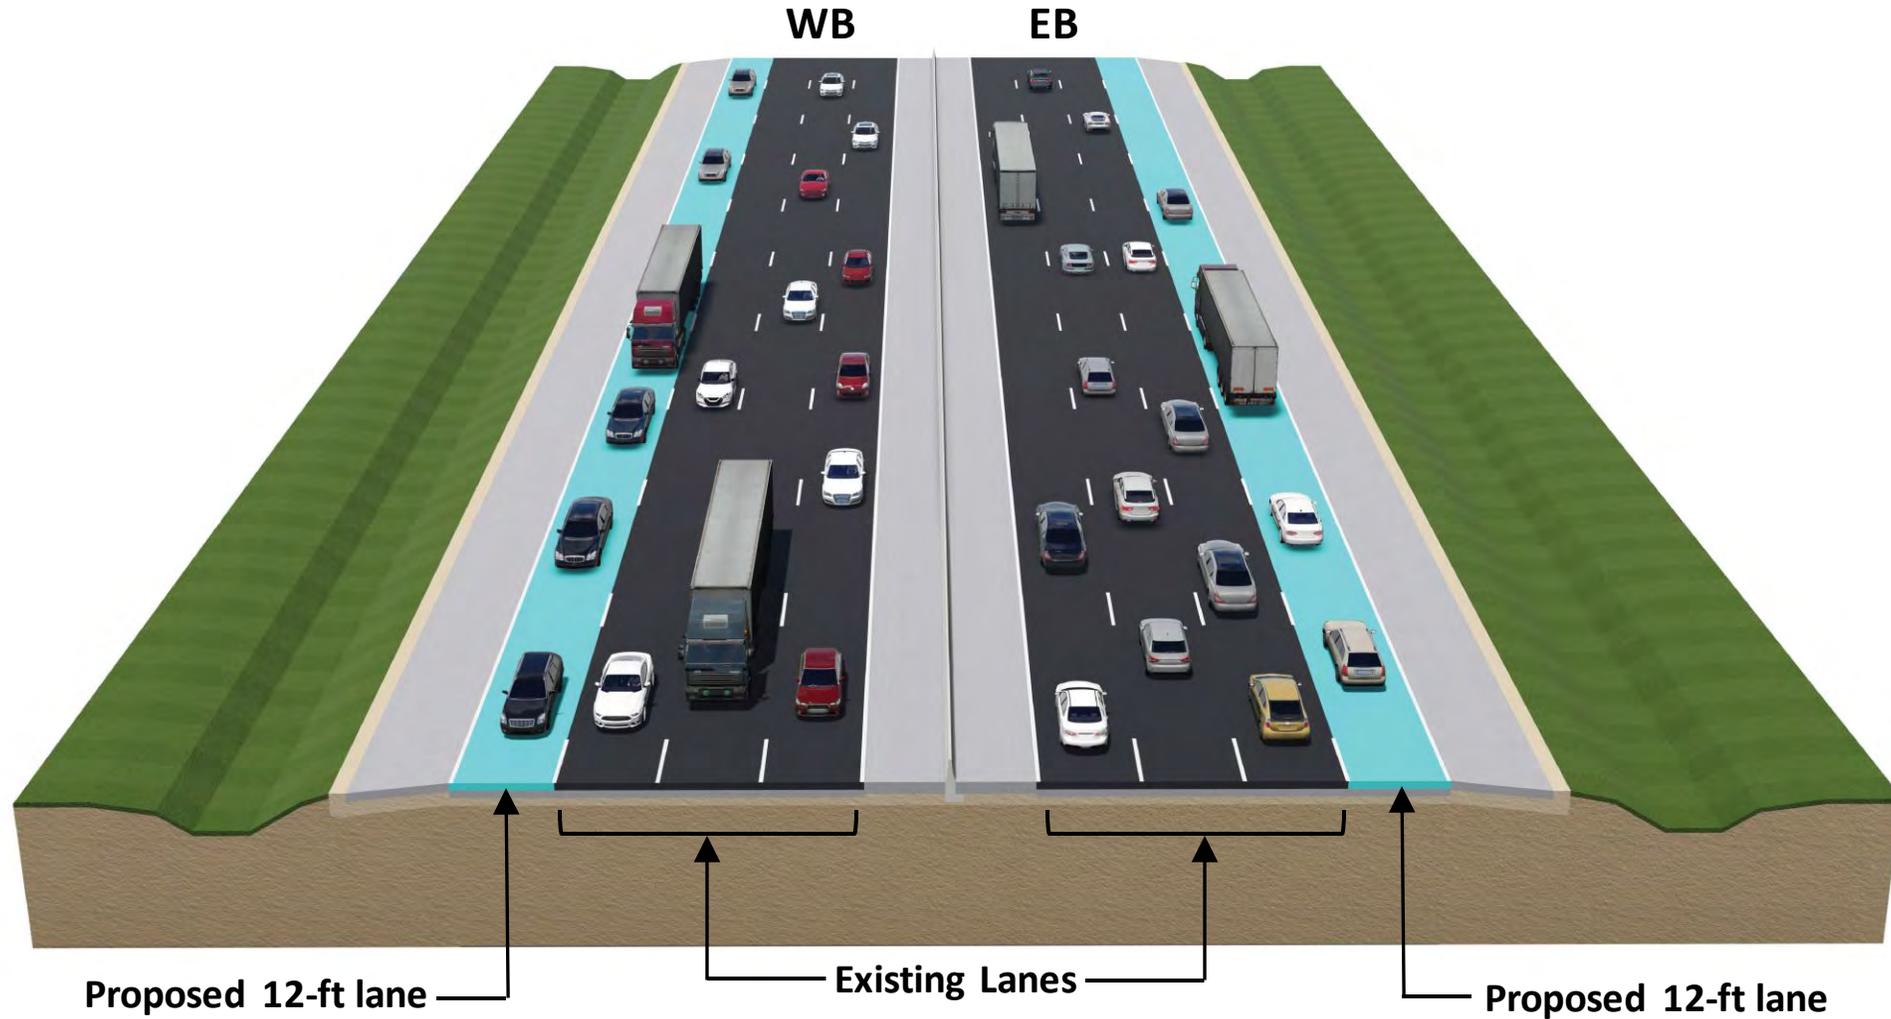

- Promote regional connectivity
- Enhance mobility of the area's growing population and economy
- Reduce congestion and increase safety
- Provide consistency with local plans and policies

Study Area

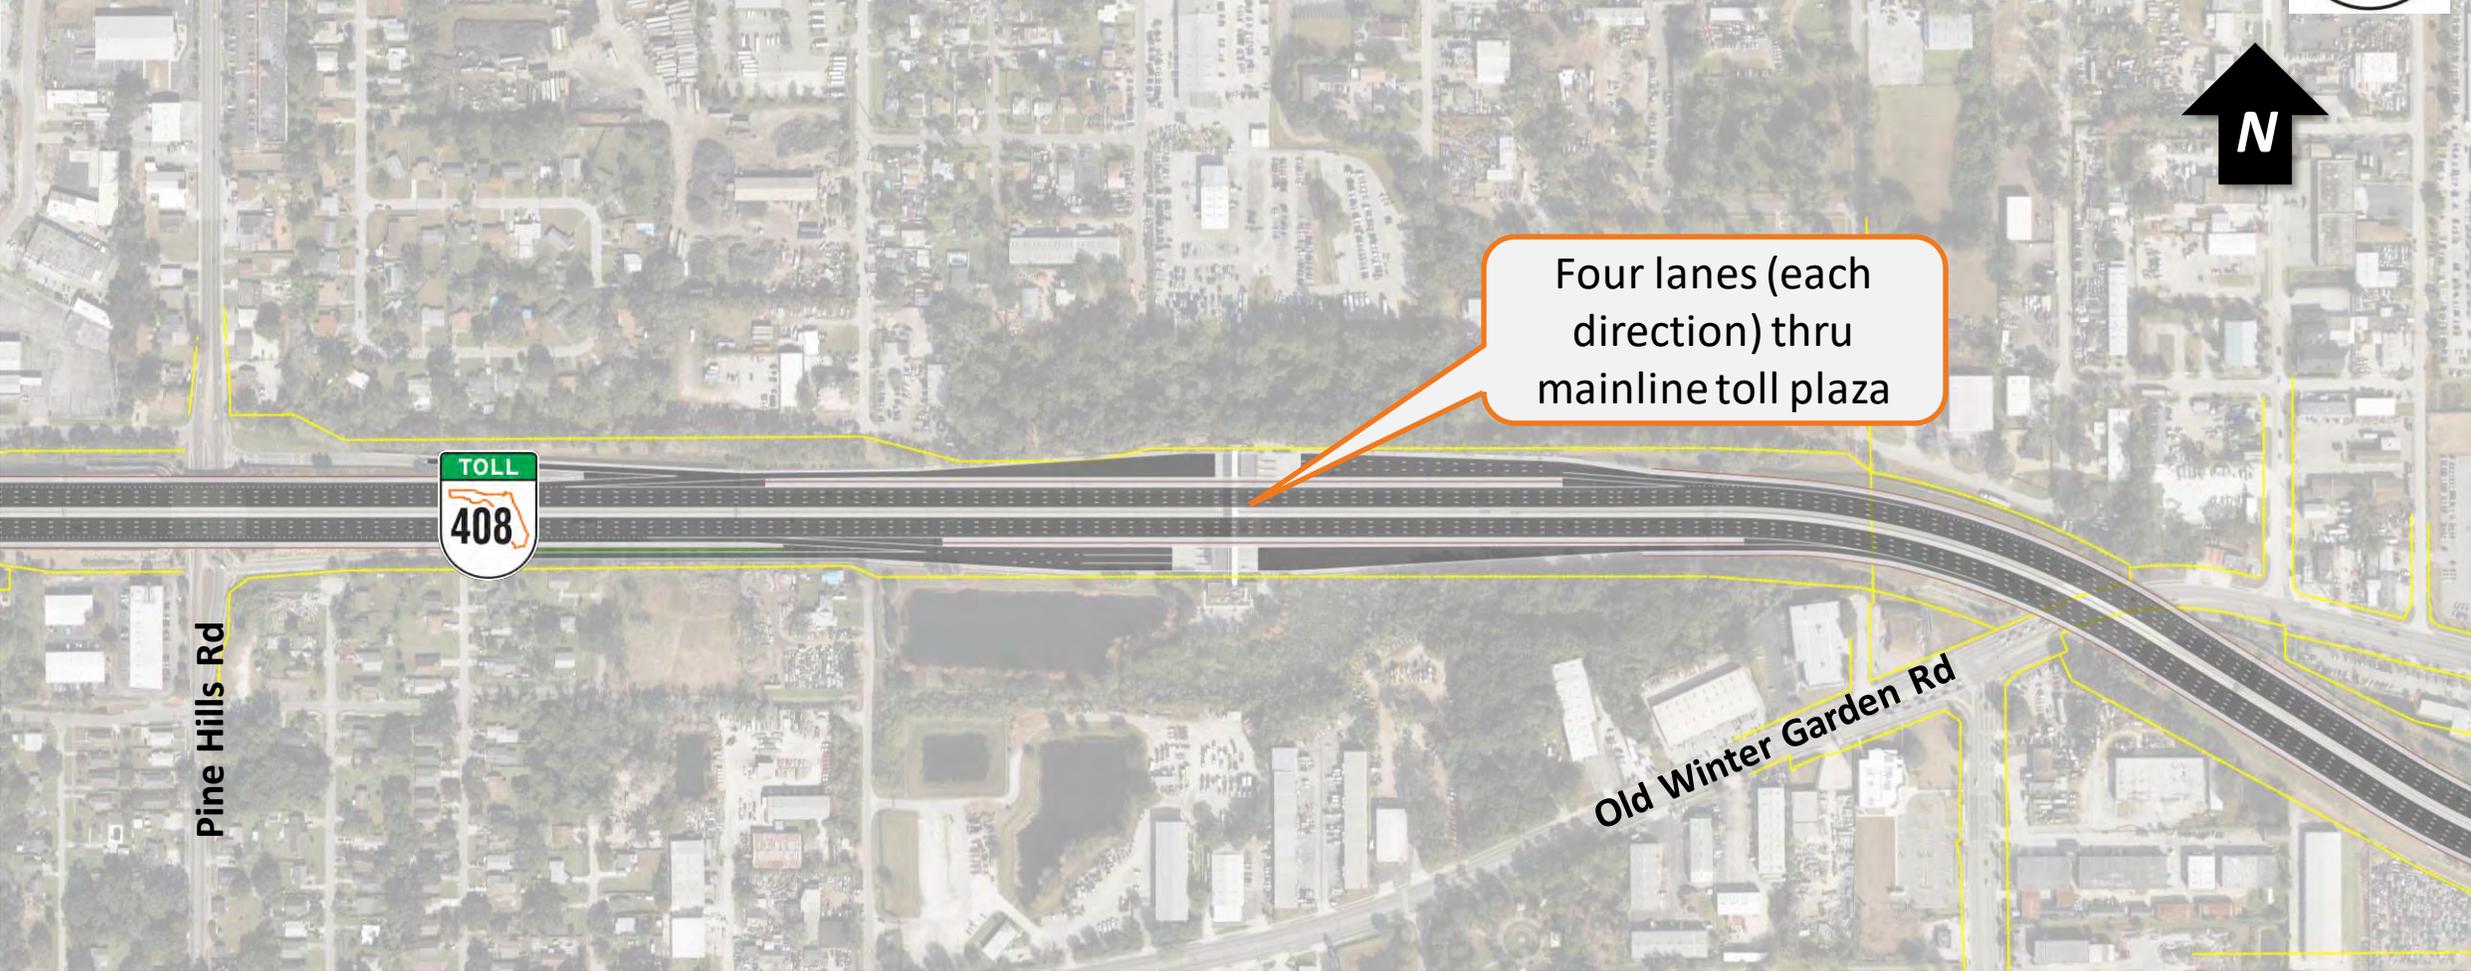

Typical Section

Improvements at Kirkman Rd Interchange

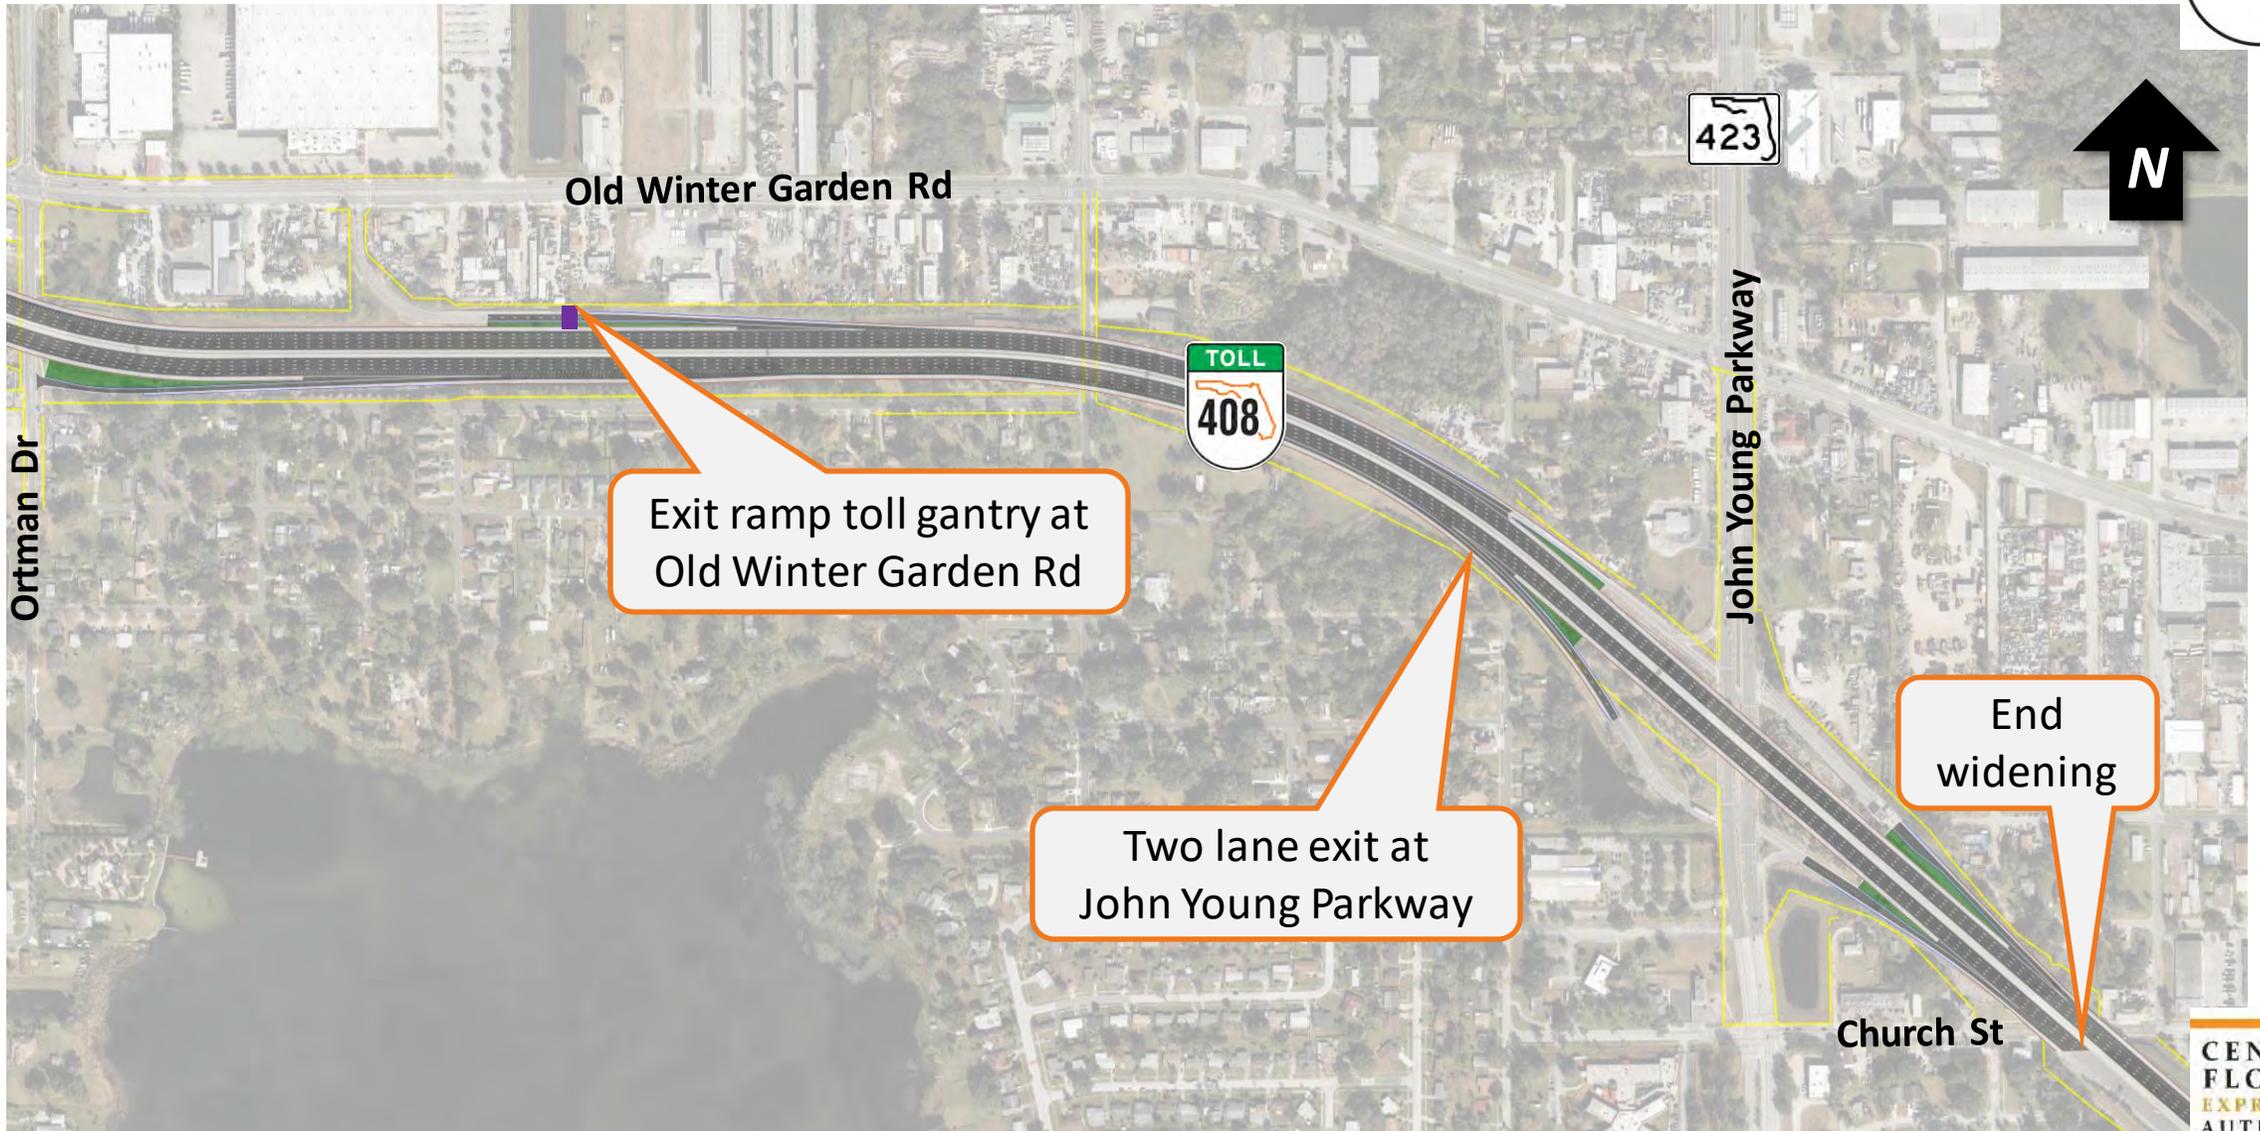

Improvements at Mainline Toll Plaza

Four lanes (each direction) thru mainline toll plaza

Improvements at John Young Parkway

Noise Wall Criteria

- Noise sensitive site
- Noise levels reach or exceed 66 decibels
- Noise increases at least 15 decibels over existing noise levels
- Noise wall must provide at least a 5-decibel reduction

*Noise Wall Information Webpage under
"Projects & Studies" at CFXway.com*

Comments must be submitted by **March 9, 2023** in order to be entered in the public records.

Comments can be emailed to Projectstudies@CFXway.com.

**STATE ROAD 408 CAPACITY IMPROVEMENTS
PROJECT DEVELOPMENT AND
ENVIRONMENT (PD&E) STUDY CFX PROJECT
NUMBER: 408-174**

The Central Florida Expressway Authority (CFX) is holding a public meeting for the State Road 408 Capacity Improvements Project Development and Environment (PD&E) Study. The purpose of the study is to develop alternatives for capacity improvements on westbound and eastbound SR 408 between Kirkman Road and Church Street.

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study has evaluated alternatives for improving traffic flow by adding one travel lane in each direction within the project limits. If construction is approved, most of the work would occur within CFX's existing SR 408 right of way.

CFX developed and evaluated alternatives with the goal of determining a preferred alternative. All factors related to the design and location of the project were considered, including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis and right-of-way requirements.

The public meeting is being held both in-person and virtually on Tuesday, February 28, 2023. Please see below for details on how to participate:

In-person meetings

- Tuesday, February 28, 2023
- 5:30 p.m. – 7:30 p.m.
- Carver Middle School Cafeteria
4500 Columbia Street
Orlando, FL 32811

Online/Virtual meeting

- Tuesday, February 28, 2023
- 6 p.m. – 7:30 p.m.
- Pre-register at <https://bit.ly/SR408StudyVPM>. (Link is case sensitive)

During the in-person and virtual meetings, the study team will present the plans, answer questions, and solicit feedback from attendees.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services, free of charge, should contact Colleen Shea as noted below at least seven (7) days prior to the meeting.

For more information, visit <https://bit.ly/SR408Study> (link is case sensitive) or contact Colleen Shea, Public Involvement Coordinator, by phone at 407-802-3210, or by email at ProjectStudies@cfxway.com. Para más información en español acerca del proyecto, por favor comuníquese con María Claudia Durango al 407-304-7636 o por correo electrónico a MaríaClaudia.Durango@qcausa.com.

PUBLIC MEETING ANNOUNCED FOR STATE ROAD 408 STUDY FROM KIRKMAN ROAD TO CHURCH STREET

(ORLANDO, FL) – The [Central Florida Expressway Authority](http://www.cfxway.com) (CFX) is holding a public meeting for the State Road 408 Capacity Improvements Project Development and Environment (PD&E) Study. The purpose of the study is to develop alternatives for capacity improvements on westbound and eastbound SR 408 between Kirkman Road and Church Street.

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study has evaluated alternatives for improving traffic flow by adding one travel lane in each direction within the project limits. If construction is **approved, most of the work would occur within CFX's existing SR 408 right of way.**

The public meeting is being held both in-person and virtually on Tuesday, February 28, 2023. Please see below for details on how to participate:

In-person meeting

- Tuesday, February 28, 2023
- 5:30 p.m. – 7:30 p.m.
- Carver Middle School Cafeteria
4500 Columbia Street
Orlando, FL 32811

Online/Virtual meeting

- Tuesday, February 28, 2023
- 6 p.m. – 7:30 p.m.
- Pre-register at <https://bit.ly/SR408StudyVPM> (Link is case sensitive)

Attendees of the in-person and virtual meetings will view a presentation and be able to ask questions and submit comments regarding the study. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require accommodations under the Americans with Disabilities Act or persons who require translation services, free of charge, should contact Kathy Putnam as noted below at least seven (7) days prior to the meeting.

For additional information concerning this study, please visit the study's webpage at <https://bit.ly/SR408Study>.

About the Central Florida Expressway Authority

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3 million residents of Brevard, Lake, Orange, Osceola, and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-centerline mile, user-funded system which includes, 72 interchanges, 14 mainline toll plazas, 5 mainline gantries, 74 ramp toll plazas and 343 bridges. On average, more than 1.3 million toll transactions are recorded daily, nearly 90 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with more than one million E-PASS accounts.

2/28/2023	5:30 PM	Attended the SR 408 Capacity Improvements Between Kirkman Road to Church Street PD&E Study Public Information Meeting Carver Middle School, 4500 Columbia St., Orlando, FL 32811 Tuesday, February 28,2023 5:30-7:30 PM	
2/3/2023	3:45 PM	The PIO called and left a message. Ms. Fox then called back at 3:45p. The PIO had looked at the area and saw that the substantial stepped planter walls on either side of SR 408 at Ferguson Drive provide ample space for widening. She explained that to Ms. Fox and said for this project, no ROW would be needed. Ms. Fox was relieved to hear that. She requested that CFX pay special attention to drainage during the project because she had a bad flooding problem in her yard as the result of the previous widening. She said CFX fixed the problem and she was happy with it; she just wanted to be sure it didn't happen again during the upcoming widening. The PIO explained that she was about to send out invitations to a Feb. 28 public meeting and Ms. Fox would get one in the mail, as well as via email.	
2/3/2023	10:26 AM	2/3/23 10:26 a.m. Property owner Carol Fox left a VM that she received the kick-off letter and she found it hard to believe that CFX could widen the road without taking any ROW. Her property is in the area of Old Winter Garden Road and Ferguson Drive. She asked for the PIO to call her back.

Notes

Date	Time	Regarding	Record Manager
2/28/2023	6:02 PM	Thank you for your question. Nearly 164-thousand vehicles pass through SR 408 in this area every day. As a result of rapid growth in west Orange County, we see some points of congestion, what we call bottlenecks, during morning and evening commute times. This widening would improve traffic flow in the area and reduce delays. -Marc Ispass	
2/28/2023	6:01 PM	why is this even a proposal? This area doesnt back up with traffic. The only part that is problematic is entering into the existing construction

(408-174)

Hello Alex:

These improvements are in the Project Development and Environment (PD&E) Study stage. Final study documents, once developed, also will be made available on the project webpage. If the Board approves moving this project forward, more detailed plans would be developed in the subsequent design phase.

All of the currently available materials are on the [website](https://www.cfxway.com/agency-information/plans-studies/project-studies/sr-408-capacityimprovements-pde-study/)
<<https://www.cfxway.com/agency-information/plans-studies/project-studies/sr-408-capacityimprovements-pde-study/>> under the public meeting tab. We look forward to going over this information with you and your larger group. I have sent you a Teams invitation for Friday, March 31 at 11 a.m.

Have a wonderful day,

Colleen Shea
Communications Manager

Hello Ms. Mookerjee:

We appreciate your attendance at this week's virtual public meeting. The project team would like to schedule a stakeholder meeting with you to discuss potential impacts to Magnolia Towers from the SR 408 westbound capacity improvements project. The meeting would be online via Microsoft Teams.

Could you send us a few availabilities at your earliest convenience?

Thank you,

Colleen Shea

Good afternoon Mr. Mokerjee:

Thank you for attending last night's meeting. You are correct, most of the proposed improvements will occur within the existing SR 408 right of way. CFX is still in the study phase of this project and will be working through right of way details as the project moves into the design phase.

Please let me know if you have any further questions. I have attached the project fact sheet for your reference.

Thank you,

Colleen Shea
Public Involvement Coordinator

Thanks for the meeting this evening - I am just trying to confirm that what I heard is accurate - the existing lanes are what we will be used for this expansion of lanes...

I wanted to confirm this was true for the ramp from 408 to 4... I am the regional director for Magnolia Towers - pictured below...

Appreciate the clarification when able.

Thank you again,
Alex

Subject: Carver Middle School cafeteria rental 2/28/2023 (408-174)

Good afternoon Mr. Simmons,

I left you a voicemail earlier today about renting the Carver Middle School cafeteria for a public meeting on Tuesday, February 28, 2023 from 3:30 p.m. - 8 p.m. I have already put the request in via Facilitron, but it was showing no availability between 4 p.m. - 6:30 p.m. on that date. The woman I spoke with at the front office said the afterschool program uses the cafeteria every afternoon, but we would likely be able to rent the space as long as we check with you.

Please let me know at your earliest convenience if the cafeteria will be available for use on **Tuesday, February 28, from 3:30 p.m. to 8 p.m.** - thank you!

Good Evening. My name is Steve Nunlist. My family has had our home at 501 Delhi St since 1962. My grand father purchased the land in the early 1950's. Then, had the home built in 1962. The Expressway Authority originally took part of our land via eminent domain in 1971 to build the original East-West Expressway. Then, again, in 2003 another portion was ~~also~~ ^{and add the new toll plaza.} acquired via eminent domain in order to widen the 408. Now, the 408 is literally next to our garage. ~~We~~ We never received a sound barrier wall to absorb the loud noise from the accelerating traffic. We saw your Google Earth model at the meeting. It appears that you all will expand within the

Thank you!

existing right of way. However, if it is possible,
can you please add a sound barrier wall
between Pine Hills Rd. and the toll plaza, just
East of there. Thank you very much for
the meeting and your time.

Sincerely,

Steve Mumlet

Please consider a noise barrier on the South Side of 501 S. Delhi, Orlando. Currently, there is 15 feet between the home & road surface. Conversation outside is impossible. This property has been impacted by eminent domain twice since 1971 so we are relieved it appears to not be the case this time. Additional landscaping is also needed along Robinson. Sound barrier

We welcome your comments. You may also email your comments to Colleen Shea, Public Involvement Coordinator, at ProjectStudies@CFXway.com

Thank you!

I would like to see more trees added in front of the barrier wall for noise control. Over the course of a couple of years trees have been removed in front of my property and not replaced. When one of the trees was removed a huge hole was left, which fills with water during the rainy seasons creating rodent, mosquito, snake issues for myself and the neighborhood. I previously contacted the County & Expressway Authority and both agencies stated it was the other agency responsibility.

We welcome your comments. You may also email your comments to Colleen Shea, Public Involvement Coordinator, at ProjectStudies@CFXway.com

Thank you!

My name is Laura M. Muelkenhoff, live off Lake Underhill and I really appreciate your efforts of clearing my doubts regarding enhancement of 408.

Brian & Kathy Putman were very considered with my request of having a meeting to clear all my doubts. As I live off Lake Underhill was very worried of my house to move out.

Thank you, thank you for explaining all the details of 408 construction.

(Please continue comments on the back of this page if more space is needed. Thank you.)

Project Development & Environment (PD&E) Study:

SR 408 Capacity Improvements Kirkman Road to Church Street

About the SR 408 Capacity Improvements Kirkman Road to Church Street PD&E Study

In September 2022, CFX began conducting a Project Development and Environment (PD&E) Study for capacity improvements to SR 408 between Kirkman Road and Church Street.

More than 164,000 vehicles per day travel on SR 408 near downtown Orlando. This study will evaluate alternatives for improving traffic flow by adding an eastbound lane from Kirkman Road to Church Street and a westbound lane from John Young Parkway to Kirkman Road. Most of the work would occur within SR 408's existing right of way.

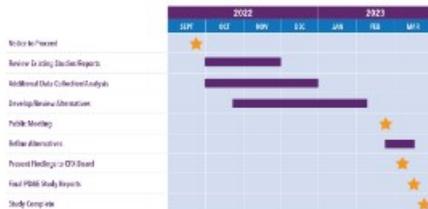

CFX is developing and evaluating alternatives to determine a preferred alternative. All factors related to the design and location of the project are being considered including transportation needs, financial feasibility, social impacts, economic factors, environmental impacts, engineering analysis and right-of-way requirements.

Public Input

Public involvement and interagency coordination are integral to the study. CFX anticipates holding one public meeting during this six-month study. Details on the date and location of the public meeting will be posted once confirmed.

Plans are in the works to widen SR-408 to ease congestion

By JERRY HALL | ORLANDO
UPDATED 12:51 PM ET NOV. 15, 2023 | PUBLISHED 4:03 AM ET NOV. 15, 2023

ORLANDO, Fla. — Drivers may see some relief to their morning commute into downtown Orlando with planned improvements to State Road 408.

What You Need To Know

- The Central Florida Expressway Authority is looking to widen SR-408 from Kirkman Road to Goldenrod Road.
- More than 164,000 drivers on the 408 toll roadway say it's congested.
- Crowded says congested can also mean 15-20 minutes for the commute into downtown Orlando.
- Work for the \$223 million project will take place over the next five years.

The Central Florida Expressway Authority is studying capacity improvements.

Lisa Hall drives from her home in Oviedo to her job in downtown Orlando every day.

"I love my job and I love the people I work with, but I don't like the commute," she said.

The congestion on the 408 can add an extra 15 to 20 minutes to her commute.

"When it's bottlenecks coming to work every morning, people are stomping on their brakes and that's how those accidents are happening," Hall said. "And it's just constant. It's very dangerous, so it's very stressful."

Over 164,000 drivers use the 408 toll road every day.

The Central Florida Expressway Authority is looking to add extra lanes in three segments of SR-408 to ease congestion between Kirkman Road and Goldenrod Road.

"It boils down to safety and improve travel times," said Owen Hutchings, manager of communications for the Central Florida Expressway Authority. "When you have less time changing and consistent speeds, you're going to improve safety and reduce accidents and improve travel times for everyone."

The 408 projects are broken down into sections:

- From Kirkman Road to Church Street, CFX is studying the addition of a lane to westbound and westbound SR-408.
- From John Young Parkway to I-4, CFX is designing an additional westbound lane as SR-408.
- From I-4 to Goldenrod Road, CFX is looking at providing a continuous five-lane section in the westbound direction.

Work for the \$223 million project will take place over the next five years.

Two public meetings will discuss the plans:

- Feb. 27: Virtual public meeting for SR-408 westbound capacity improvements from I-4 to Goldenrod Road.
- Feb. 28: A public in-person meeting at Crowl Middle School for SR-408 capacity improvements from Kirkman Road to Church Street.

Public meeting set for possible changes to improve traffic on SR-408 in Orlando

James Tutton

February 28, 2023 - 1 min read

Central Florida residents could learn more Tuesday about possible changes that could impact their drive on State Road 408.
