PROJECT DESCRIPTION

The Central Florida Expressway Authority (CFX) is currently in the design phase of State Road 414 Expressway Extension. The 3.3-mile project will provide a direct connection between the eastern end of the tolled portion of SR 414 and Interstate 4 (I-4).

This project features an elevated, limited-access toll expressway within the median of the existing SR 414 (Maitland Boulevard).

PROJECT BENEFITS

Provide needed capacity on SR 414 to allow more reliable trip times for commuter, commercial and emergency vehicles.

Improve system connectivity between SR 429 and I-4 to meet current and future traffic

Improve safety by separating local traffic from regional, high-speed travel.

Support multimodal opportunities by expanding pedestrian and bicycle facilities.

CENTRAL
FLORIDA
EXPRESSWAY
AUTHORITY

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3 million residents of Brevard, Lake, Orange, Osceola, and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-centerline mile, user-funded system includes 73 interchanges, 14 mainline toll plazas, 5 mainline gantries, 76 ramp toll plazas and 369 bridges. On average, more than 1.6 million toll transactions are recorded daily, nearly 98 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with more than one million E-PASS accounts. For more information, visit CFXway.com.

WHAT TO EXPECT

During this phase, surveying along the project corridor is done to assist in the design of the roadway, drainage systems, structures and lighting locations. Intelligent Transportation Systems technology such as overhead dynamic message signs and traffic monitoring stations will also be considered. Additionally, Geotechnical investigations will be performed within the project right of way.

QUICK FACTS

- **Estimated Design Cost:** \$22.9 million
- **Anticipated Construction Cost:** \$498 million
