PROJECT DESCRIPTION

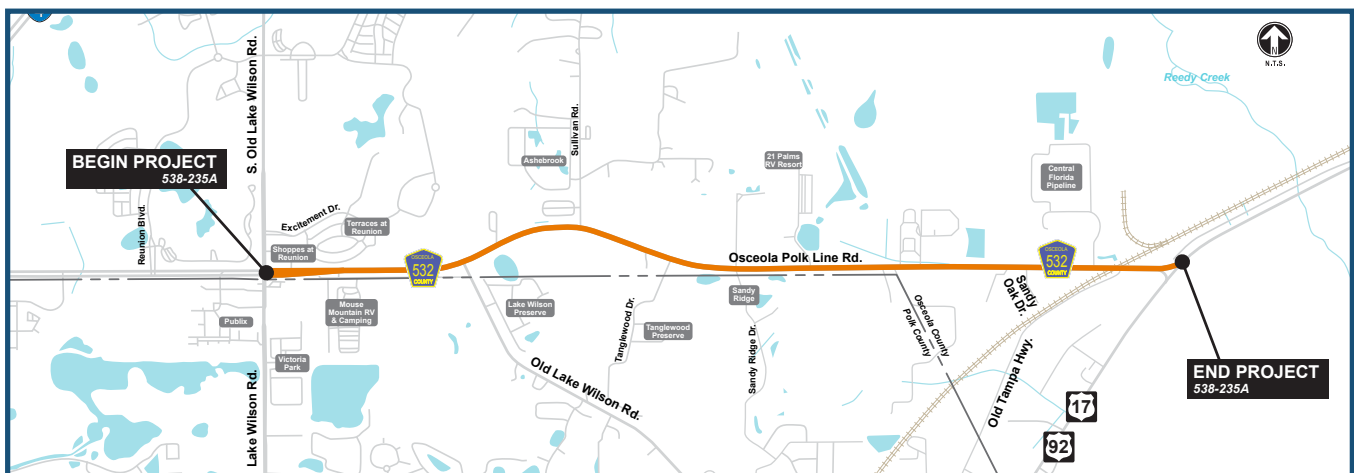

In August 2021, the Central Florida Expressway Authority (CFX), in partnership with Osceola County, began the design of the proposed capacity improvements of County Road 532/Osceola Polk Line Road from Lake Wilson Road to US 17/92. This is being done in conjunction with the planned extension of Poinciana Parkway from its northern end at Ronald Reagan Parkway to CR 532 in Osceola County.

The proposed 3-mile project would improve roadway connections between the extension of Poinciana Parkway and I-4 via CR 532/Osceola Polk Line Road.

★ DESIGN GOALS

- Reducing congestion and delays on local roads.
- Enhancing mobility of the area's growing population and economy by providing additional transportation infrastructure.
- Providing consistency with local plans and policies.
- Enhancing safety.
- Promoting regional connectivity.
