Title VI Compliance

This meeting, project, or study is being conducted without regard to race, color, national origin, age, sex, religion, disability or family status. Persons wishing to express their concerns relative to compliance by the Central Florida Expressway Authority (CFX) with Title VI may do so by contacting:

Nick Lulli

Public Involvement Coordinator

4974 ORL Tower Road Orlando, FL 32807

407-885-4743

ProjectStudies@CFXway.com

All inquiries or complaints will be handled according to CFX procedure and in a prompt and courteous manner.

New Alignment Expansion Projects

Advisory Group Roles

Environmental (EAG)

- Comprised of members representing environmental/government agencies and community/advocacy groups
- Members are invited by CFX to join
- Natural environment analysis
- Special advisory resource
- Input on potential environmental impact of project alternatives
- Local knowledge, issues and concerns regarding environmental impacts

Project (PAG)

- Comprised of members representing government/transportation planning agencies and other key stakeholders
- Members are invited by CFX to join
- Mobility analysis
- Special advisory resource
- Input on project alternatives
- Local knowledge, issues and concerns

Advisory Group Roles

Community Engagement (CEG)

- Comprised of members representing area neighborhood homeowner associations and local businesses
- Members are invited by CFX to join
- Community and social analysis
- Special advisory resource
- Input on potential social impacts of project alternatives
- Local knowledge, issues and concerns regarding social impacts

Background

- In 2023, CFX completed CF&M Study to evaluate a new direct expressway connection between SR 417 and the Orlando Sanford International Airport
- Four alternatives were evaluated
- CFX Board approved CF&M Study and authorized a more detailed PD&E Study to further evaluate the alternatives
- At the request of the Environmental Stewardship Committee, the PD&E Study will also evaluate an elevated viaduct alternative along East Lake Mary Boulevard

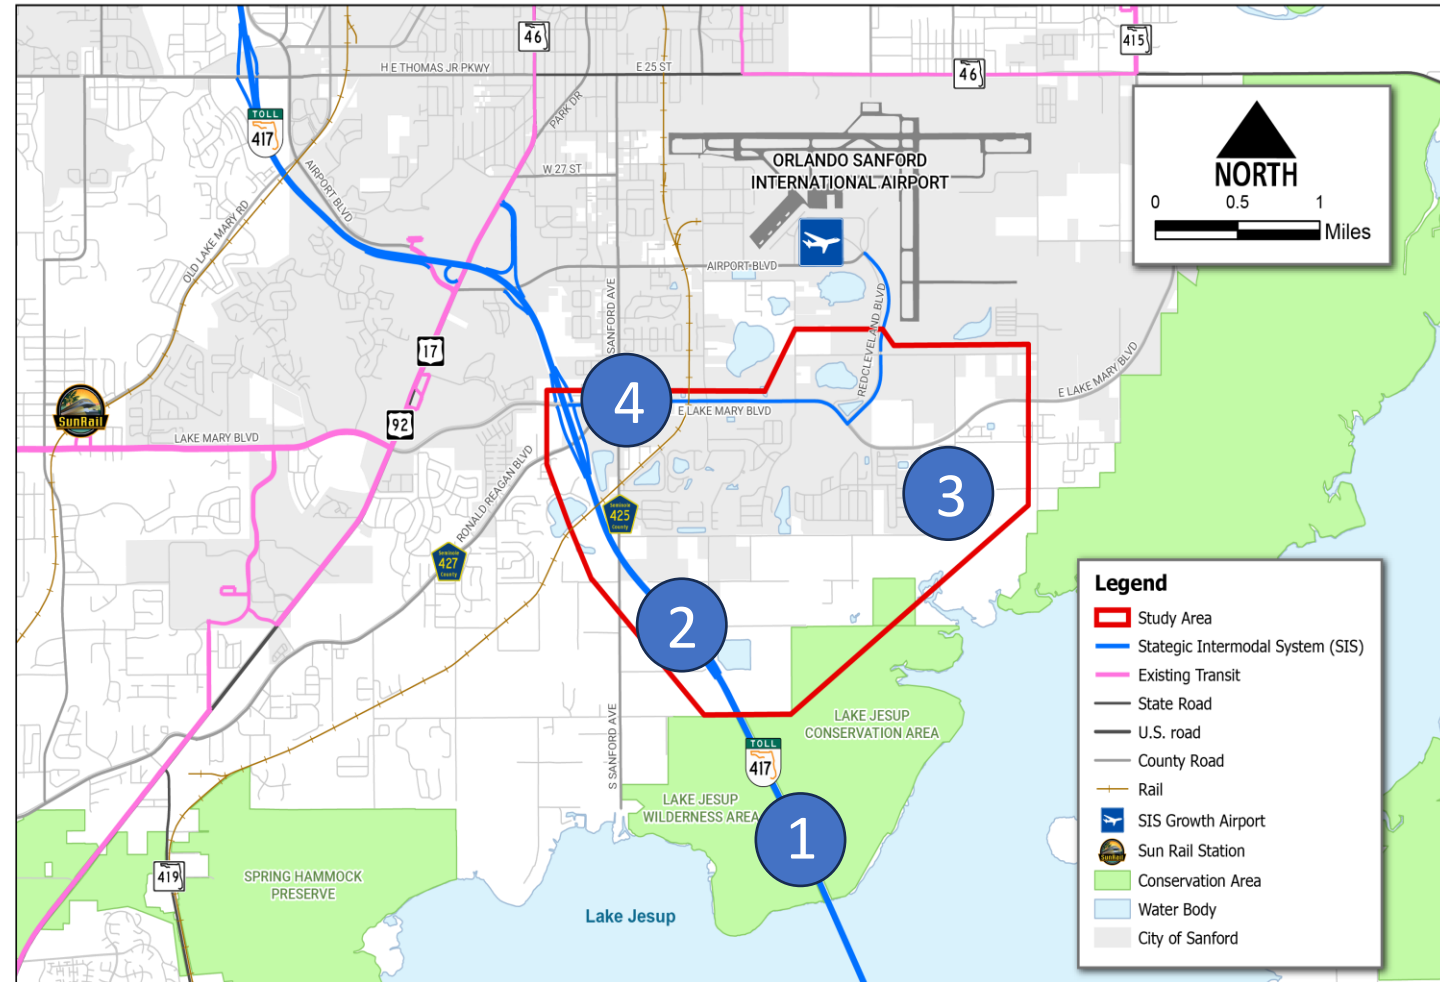

Project History

Related Projects by Others

- 1 Widen SR 417 from 4 to 8 lanes from SR 434 to Airport Blvd.
- 2 All Electronic Tolling Conversion
- 3 Operational/Safety Improvements on Pine Way from Bloom Lane to Sipes Ave. and on Sipes Ave. from Pine Way to North of Eagle View Cove
- 4 Shared-use path on East Lake Mary Blvd. From US 17/92 to Red Cleaveland Blvd.

Purpose and Need

Orlando Sanford International Airport

- 91% increase in enplanements through 2037
- 400% increase in air freight tonnage through 2037

Traffic Conditions (In No-Build Condition)

- Lake Mary Boulevard 44% increase
- Red Cleveland Boulevard (*Airport Entrance*) 69% increase

Population Growth

- Seminole County - 11.4% growth from 2010 to 2020
- Projected to increase another 21% by 2050

Planned Development

- Numerous new residential developments
- Additional residential and commercial development planned

East Lake Mary Boulevard provides access to Orlando Sanford International Airport

- Long delays at the SR 417 interchange
- Roadway and intersections nearing capacity

Enhances Airport Access, Local & Regional Connectivity, and Mobility

Addresses Anticipated Future Traffic Needs

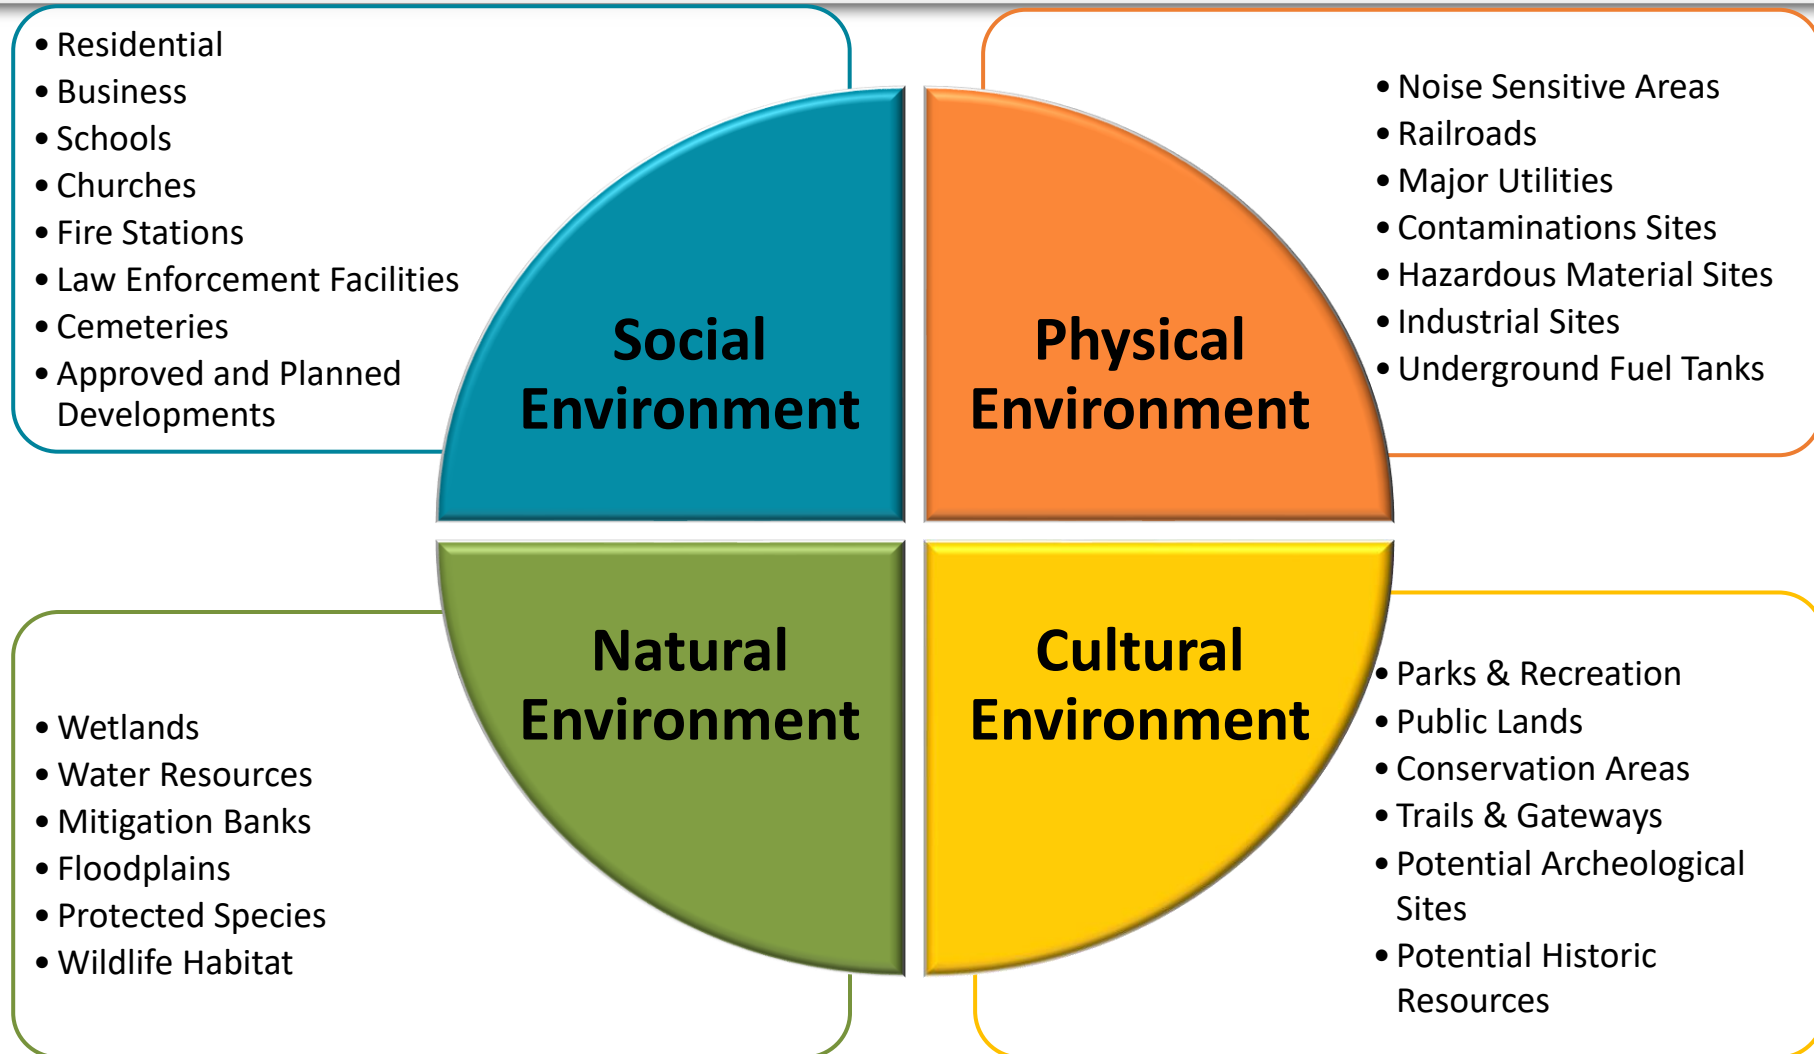

Supports Socioeconomic Growth and Planned Development

Improves Modal Connectivity

PD&E Evaluation Criteria

Alternatives From CF&M Study

- Study to evaluate a new expressway connection from SR 417 to the Orlando Sanford International Airport
- Alternative 1 attempts to minimize direct impacts to residential development
- Alternative 2 has the least potential environmental impacts
- Alternatives 3a and 3d attempt to balance direct impacts to residential development and environmentally sensitive land

Proposed Connector Typical Section

Design Speed = 45 mph
Approximate Right-of-Way = 150 Feet

Proposed Bridge Typical Section

Design Speed = 45 mph
Approximate Right-of-Way = 77 Feet & 8 Inches
(Typical is for local road crossings under 500 feet in length)

Additional Alternative

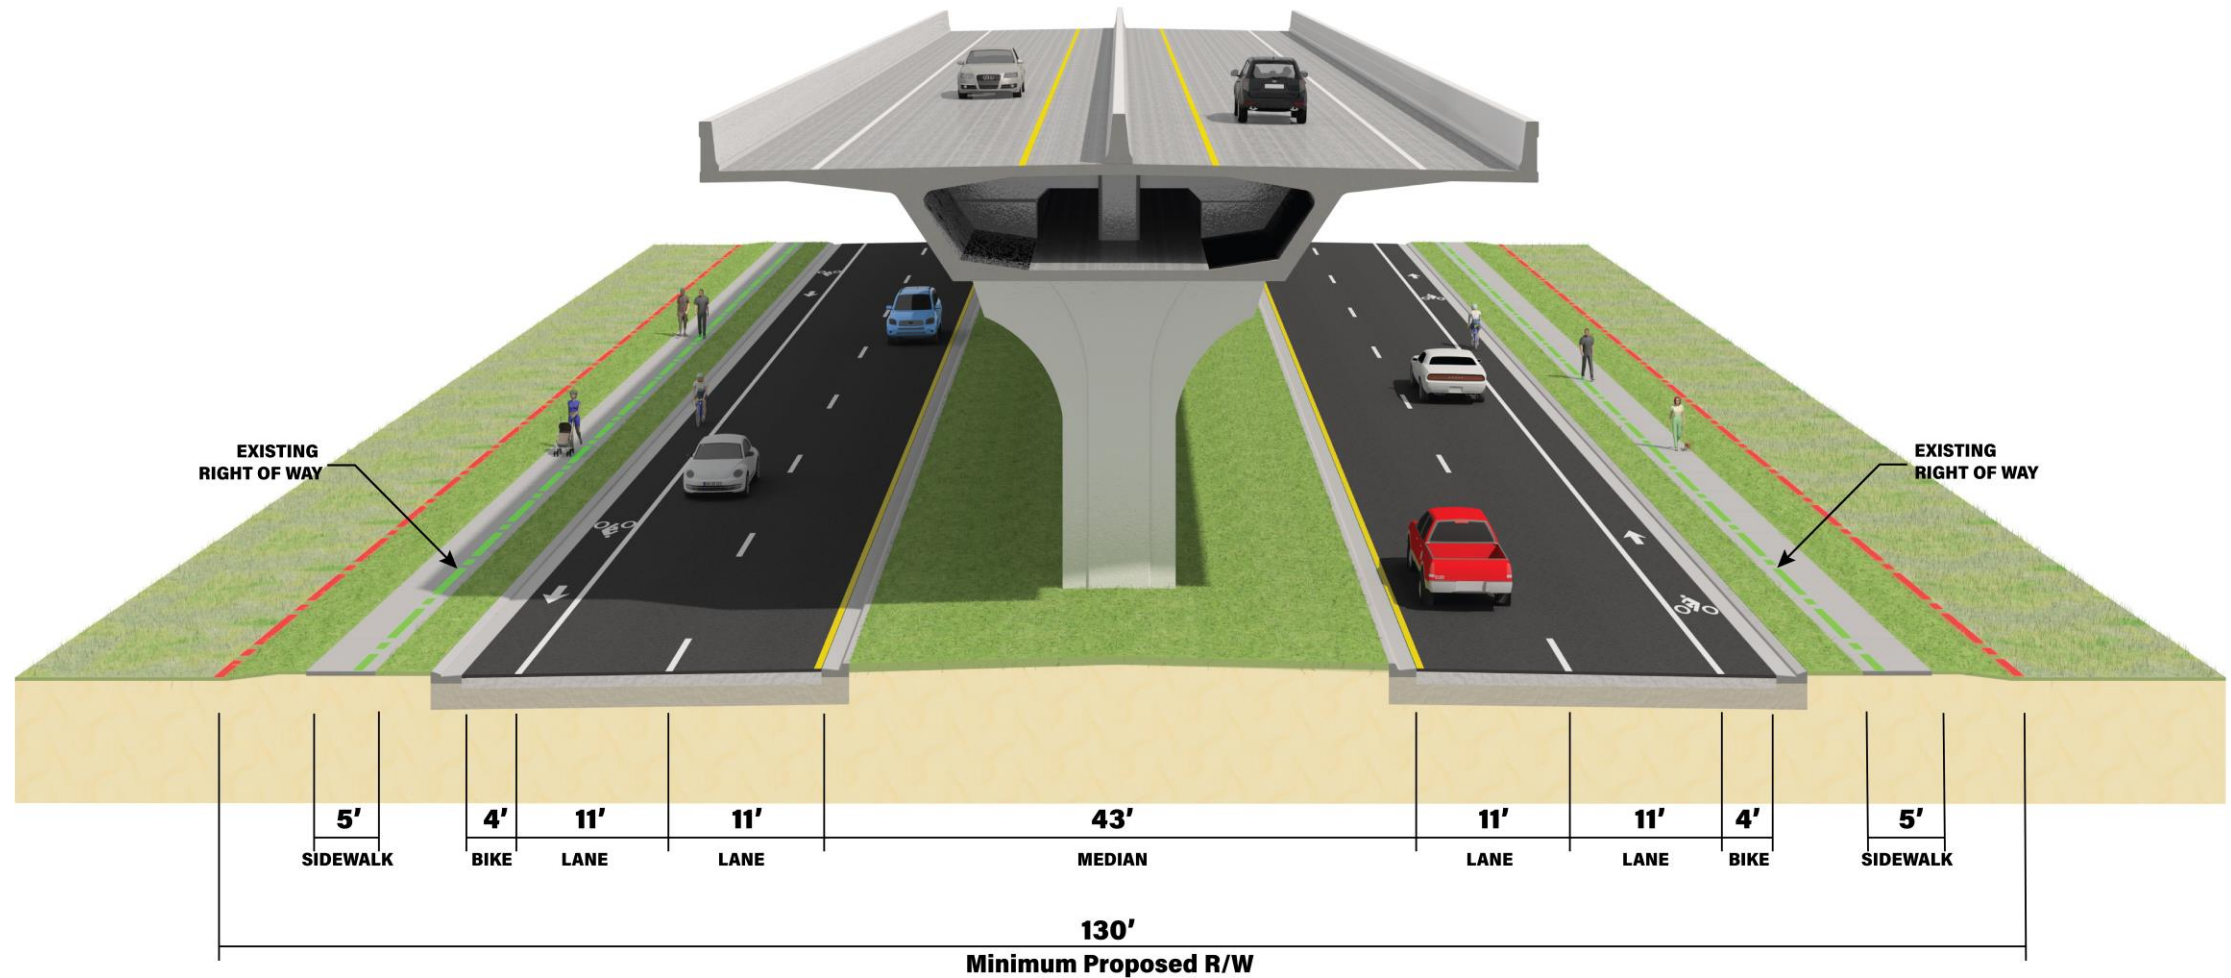

- At the request of the ESC, a new alternative will be evaluated that involves an elevated roadway (viaduct) along East Lake Mary Boulevard
- An evaluation of whether this concept meets the purpose and need for the project will be made
- Costs and impacts will be determined so this alternative can be compared to the previously identified alternatives

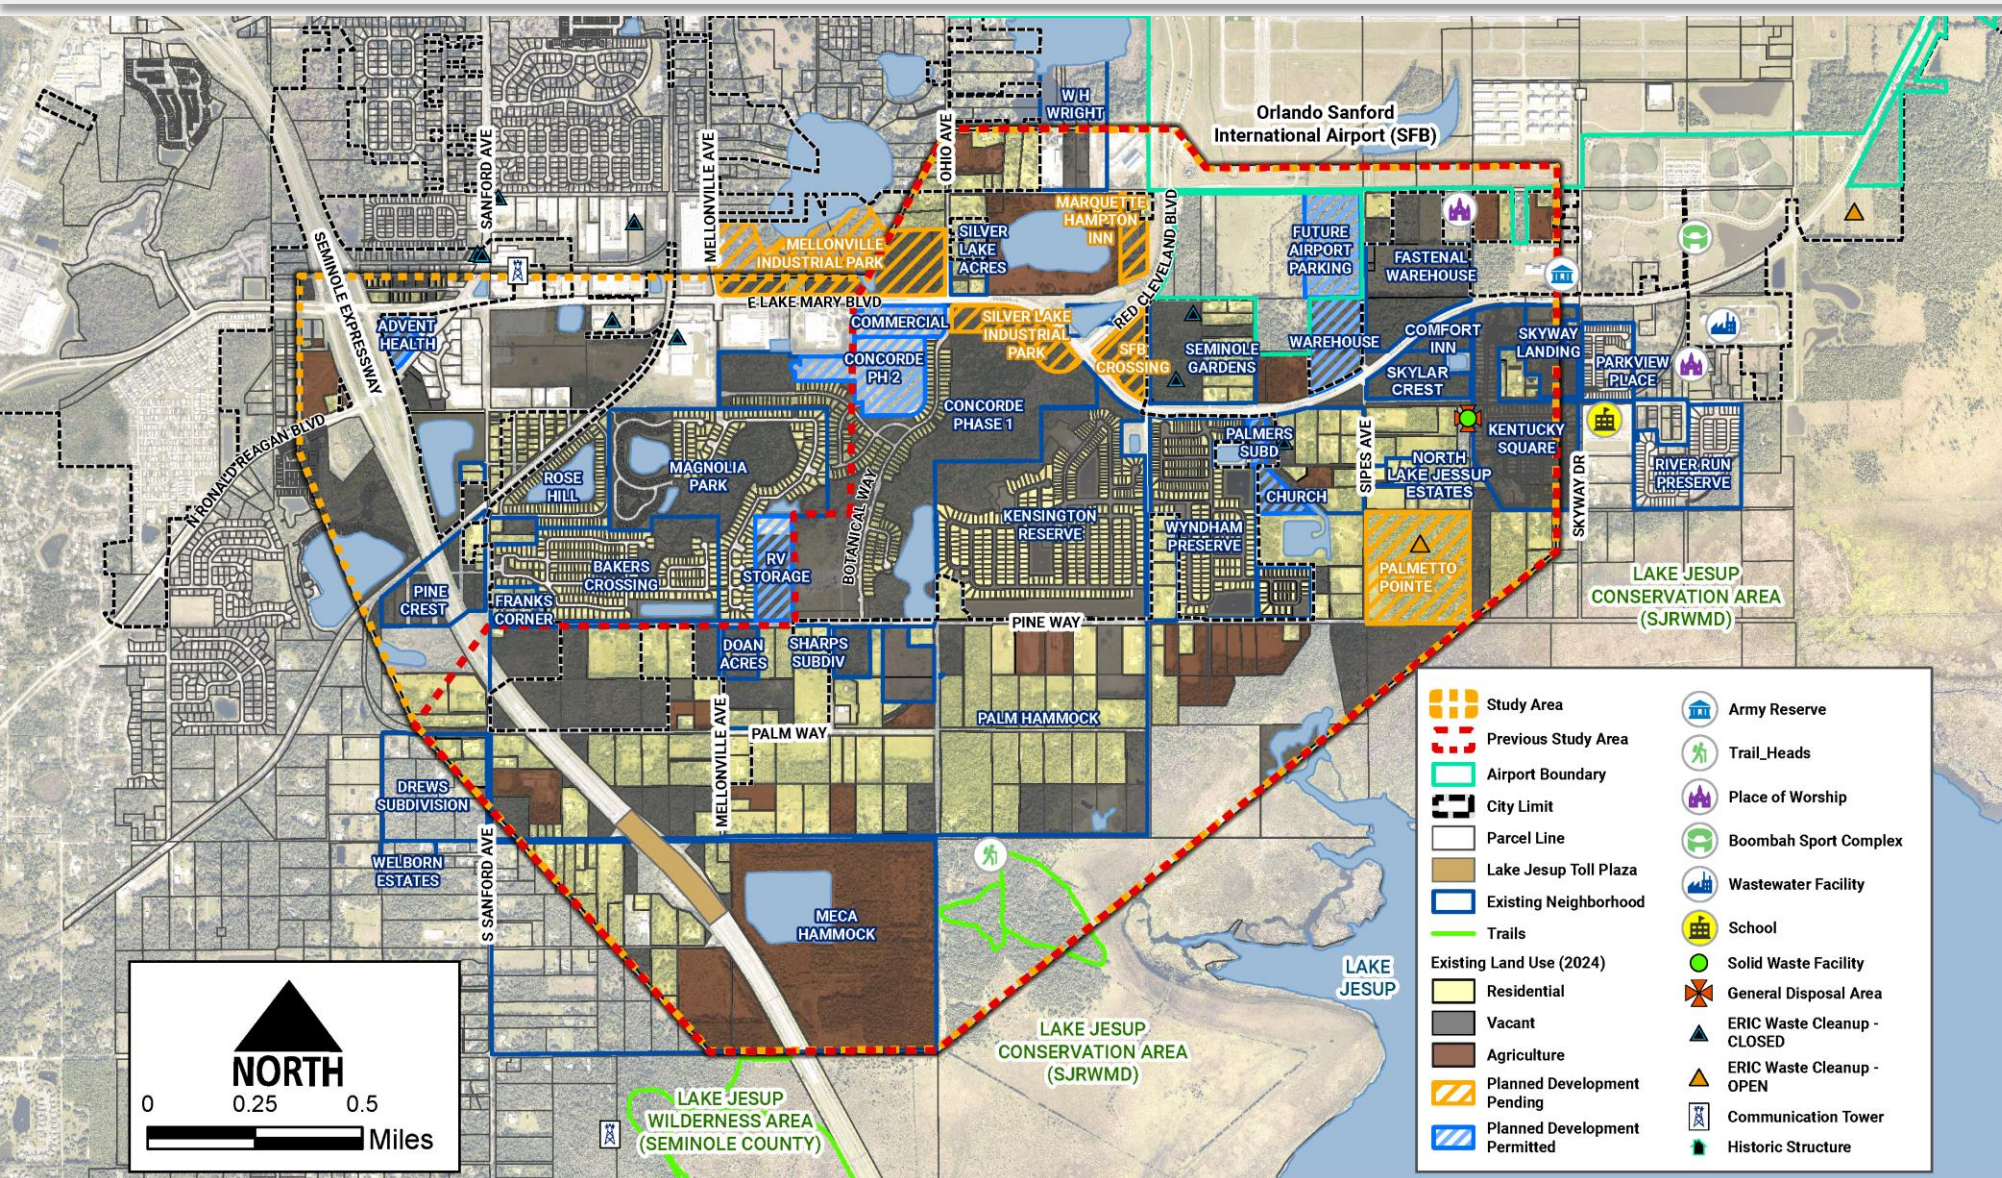

East Lake Mary Blvd Existing Typical Section

Proposed Viaduct Typical Section

Sociocultural Constraints

Land Use

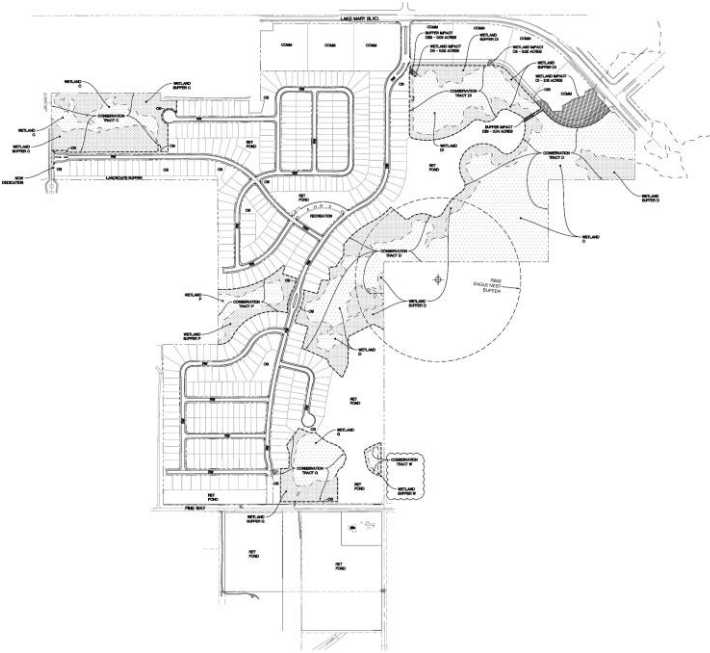

- Numerous existing residential neighborhoods
- Planned residential and commercial development
- Agricultural and conservation lands

Community Resources

- Churches
- Boombah Sports Complex
- Schools

Future Land Use

Concorde

Concorde

- 232.46 acres
- 421 single-family lots

Kentucky Square

Kentucky Square

- 49.36 acres
- 149 single-family lots

Skyway Landing

Skyway Landing

- 15.65 acres
- 84 townhomes

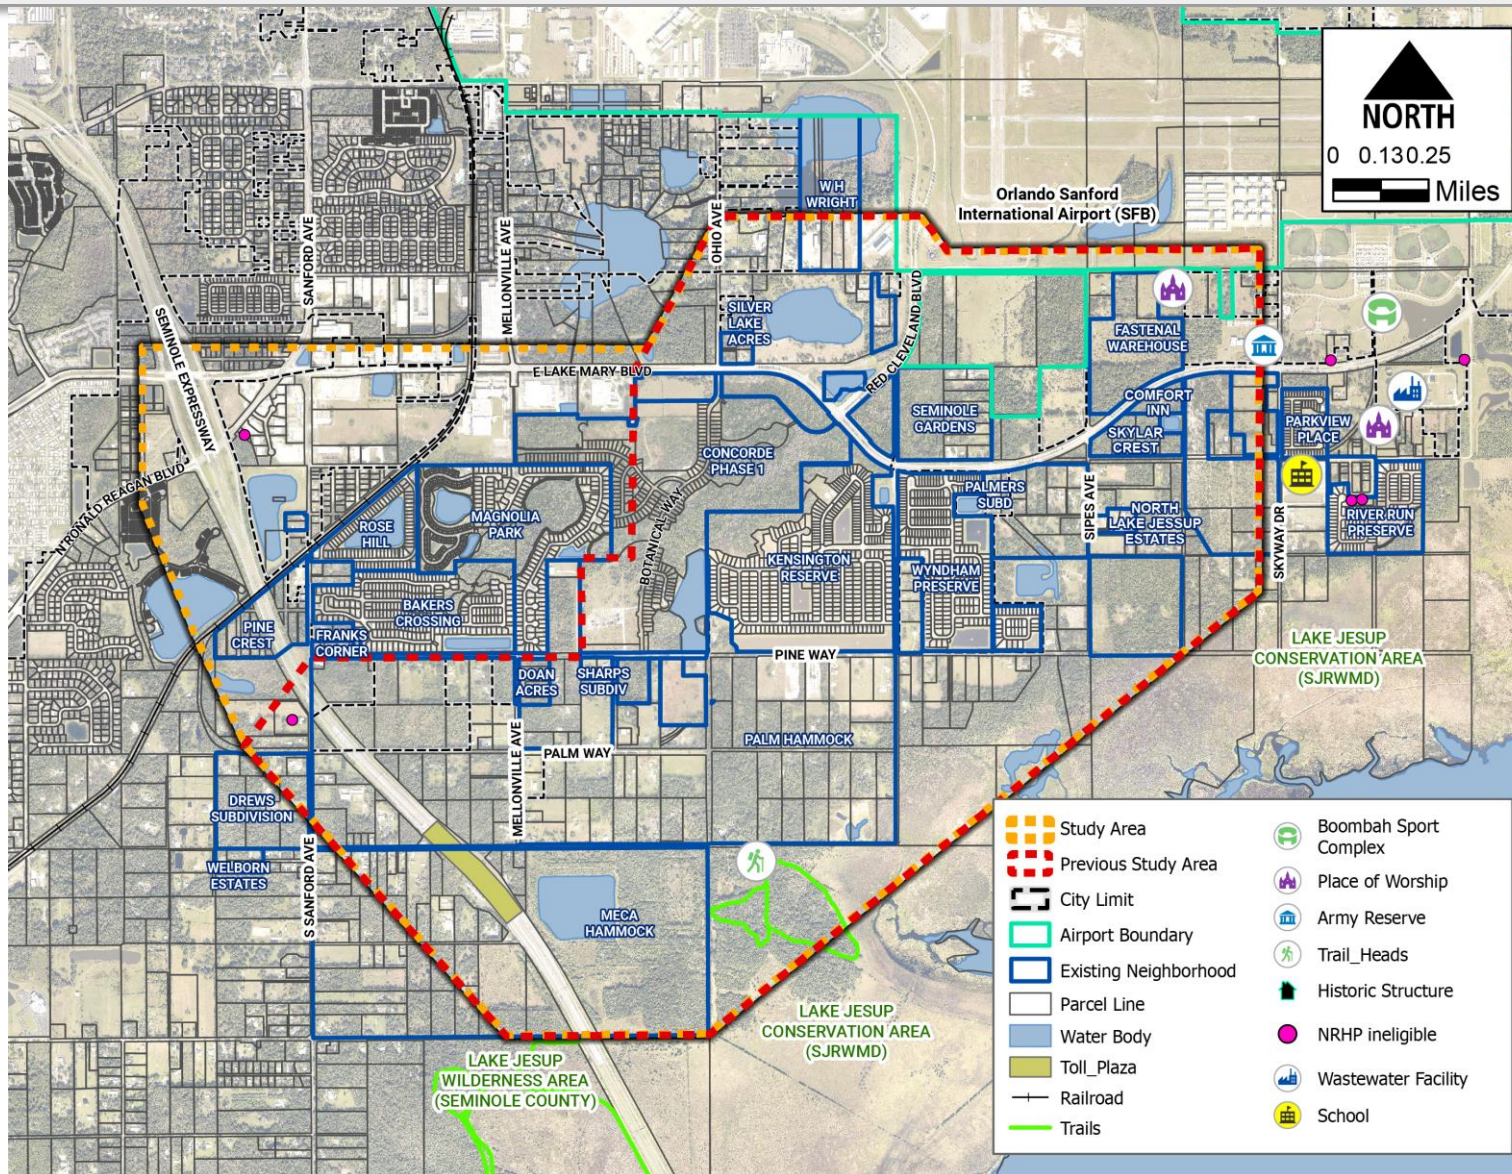

Advent Health Emergency Room

Advent Health ER

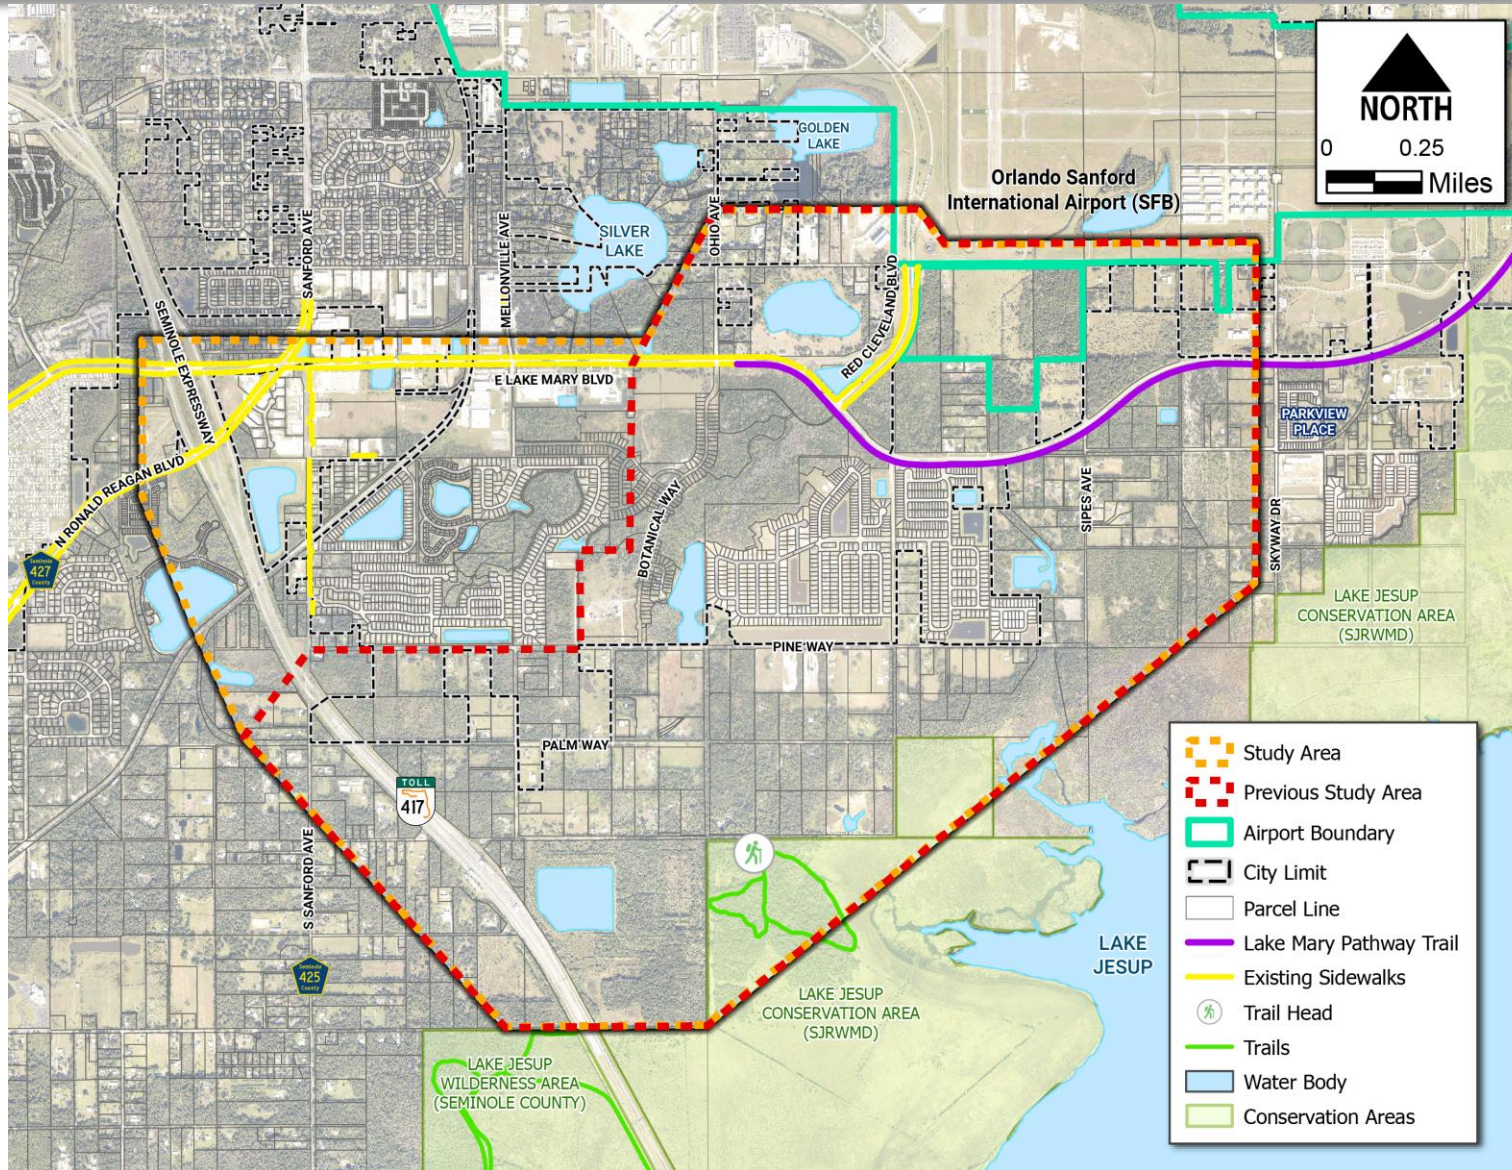

- 4.7 acres
- Emergency room

Community Facilities

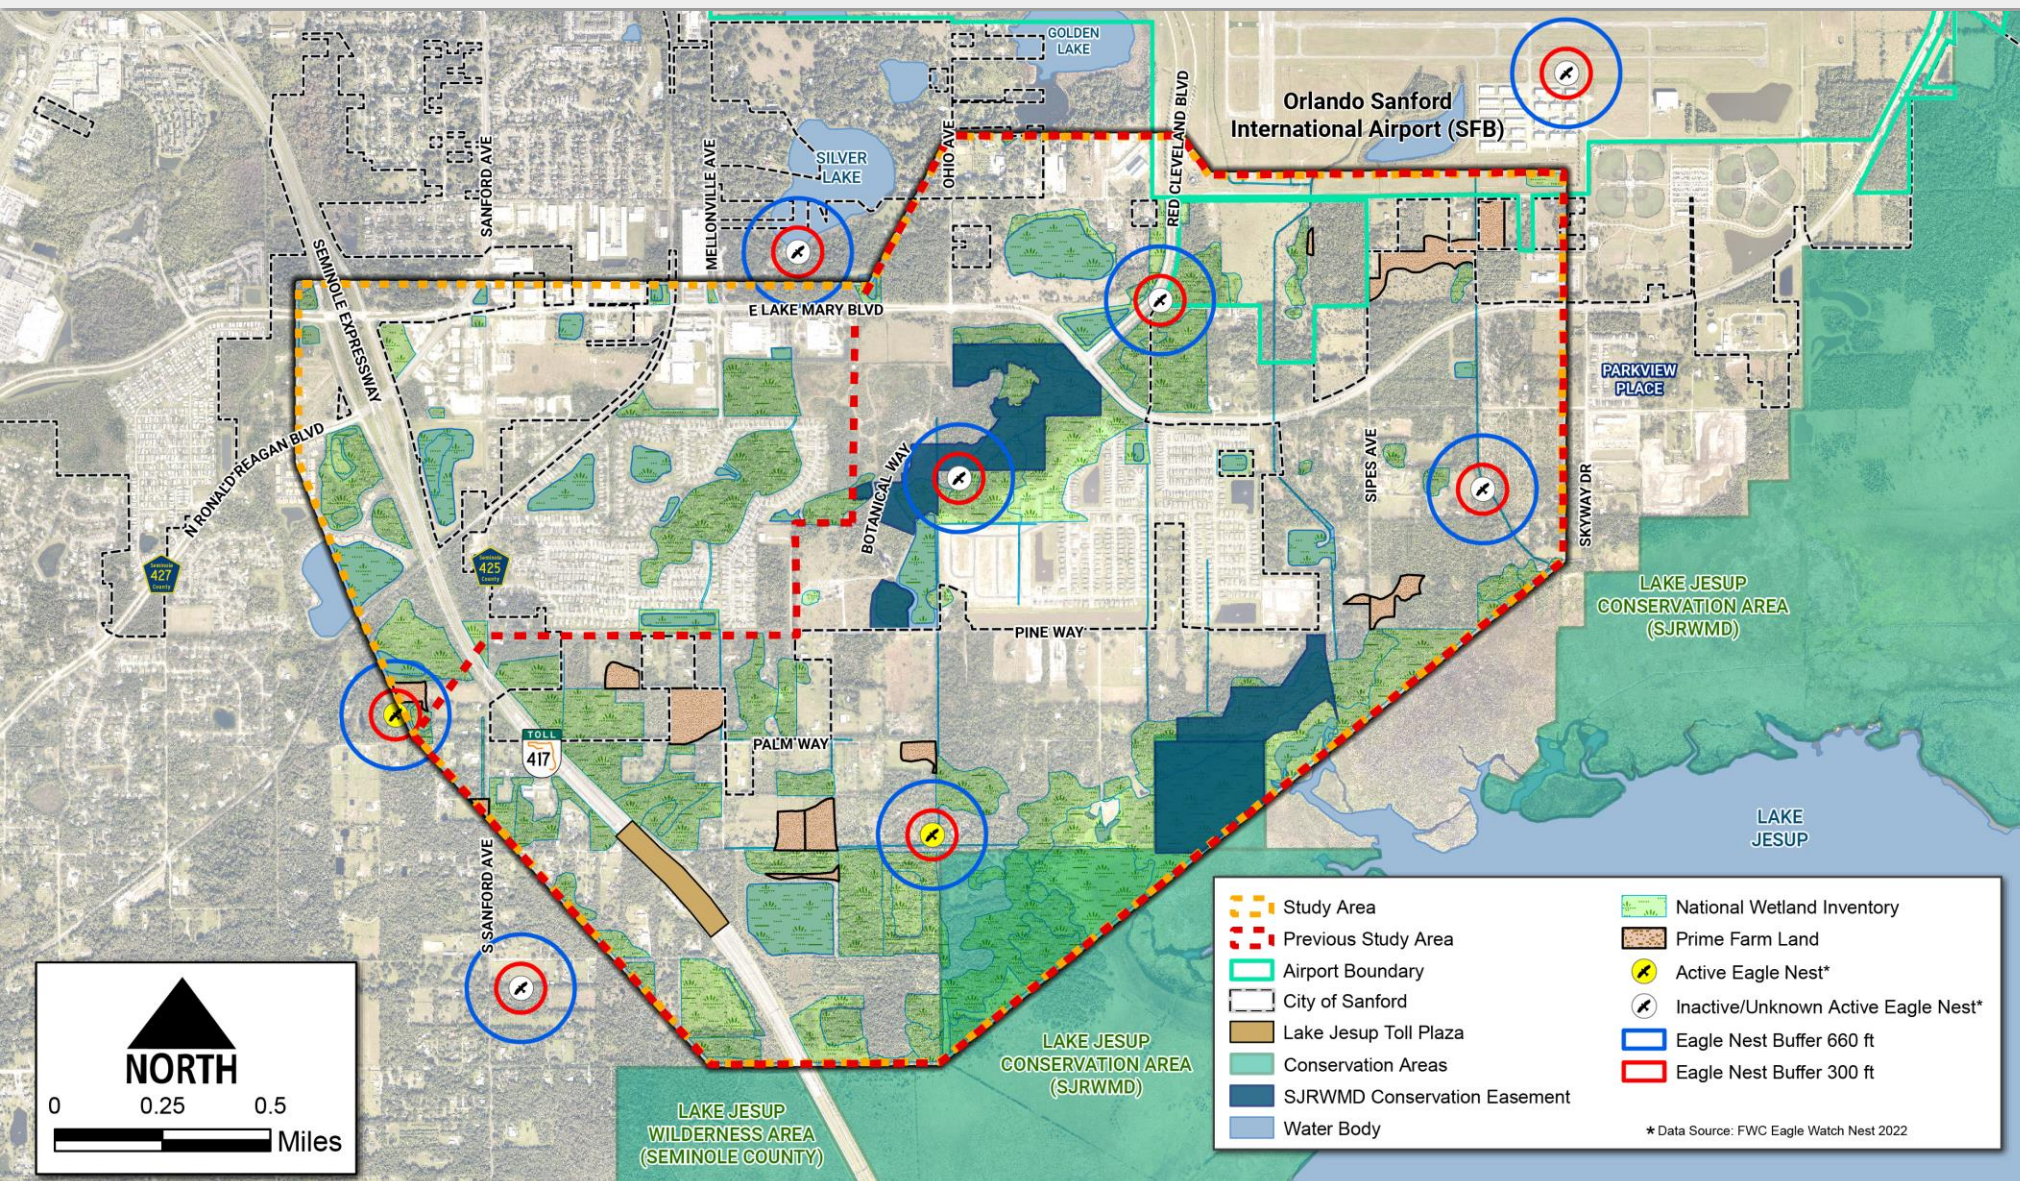

- Orlando Sanford International Airport
- Boombah Sports Complex
- Places of Worship
- Schools
- Army Reserve Facility
- Wastewater Facility

Bicycle and Pedestrian Facilities

- Lake Mary Pathway Trail
 - From Red Cleveland Blvd to the Boombah Sports Complex
 - Future extension from US 17/92 to Red Cleveland Blvd
- Existing Sidewalks

Natural Constraints

Forested, herbaceous, and lake systems within the project area

- Lake Jesup Basin
- Several conservation easements
- Lake Jesup Conservation Area
- Wetlands and surface waters

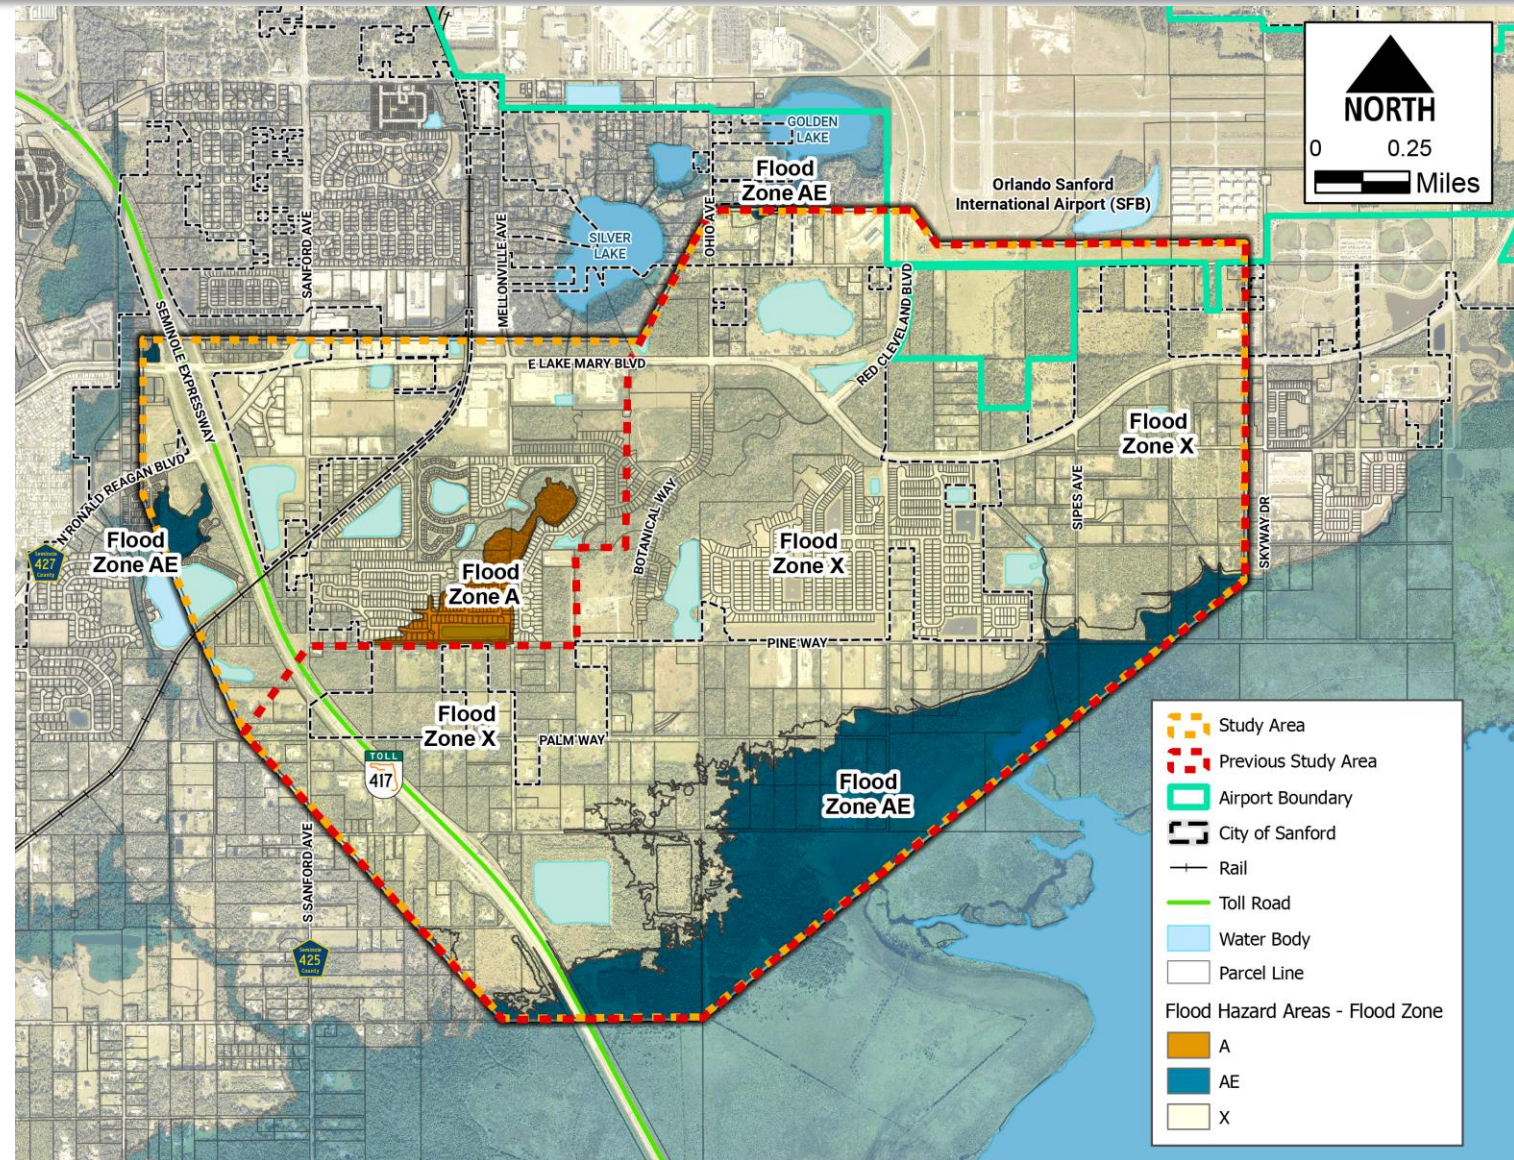

USFWS Consultation Areas

- Caracara, scrub-jay, snail kite, manatee
- Several bald eagle nests
- Wood stork Core Foraging Areas

Floodplain Map

Floodplain Impacts

- FEMA Flood Insurance Rate Maps for Seminole County
 - 100-year floodplain, within Zones A, AE and X

Agency & Stakeholder Input

- Related Projects
- Planned Developments (Seminole County and City of Sanford)
- SJRWMD Conservation Easements and Criteria
- Alternatives and Engineering Considerations
- Environmental Effects
- Mobility Alternatives
