Procurement Overview Aneth Williams – Director of Procurement

Procurement Overview

Procurement Objectives

It is the mission of CFXs Procurement Department to promote public confidence in procedures the agency follows to procure goods and services.

Procurement Resources

Policies and Procedures

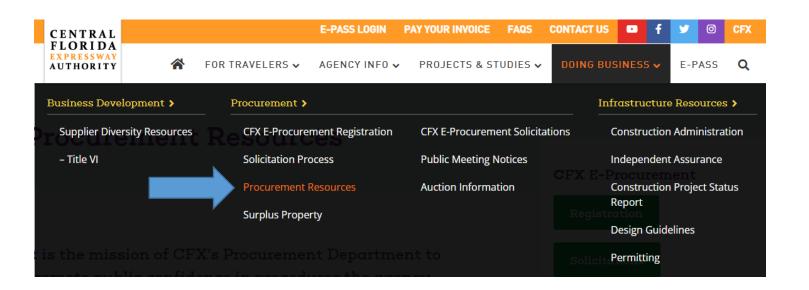

Governing rules, competitive procurement processes, contract amendments etc.

Vendor Registration

Access to Bid documents, Solicitations, Plan holders list, Advertisements, Bid results etc.

Resource Library

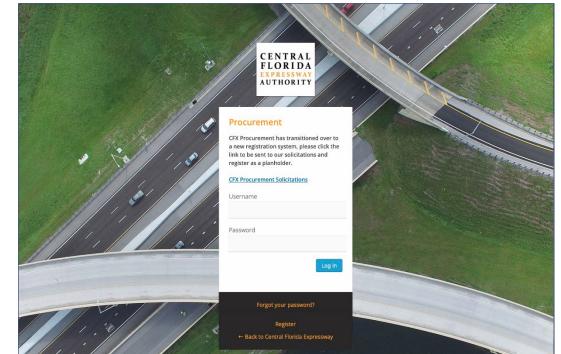

Public Meeting notices, Tax forms, Ethics policies, Records request, Auction information etc.

E-Procurement Registration

Transportation Technology Overview Bryan Homayouni, P.E. – Director of Intelligent Transportation Systems

Sustainability Study

- Deployment of photovoltaic power solutions
- Improved energy efficiencies at CFX buildings
- Readiness for vehicle electrification
- Currently working on Update

Sustainability Projects FY 2025-2029 Work Plan

- Five solar deployment projects
- Includes solar deployment projects at nine existing toll plaza facilities
- SR 516 sustainability project
- Total capital investment estimated at \$14.8M

Current ITS Assets

- 316 CCTV cameras
- 266 Data Collection Sensors
- 460 Traffic Monitoring Stations
- 55 Three-line Dynamic Message Signs (DMS)
- 52 Toll plaza DMS
- 31 Arterial DMS
- 2 Toll booth DMS
- 4 Incident management DMS (Flex Lanes)
- 117 Lane Control Signs (Flex Lanes)
- 62 Variable Speed Limit (Flex Lanes)
- 73 Wrong-way Driving detection sites
- Over 500 miles of fiber optic cable

ITS Design Details

Current 12th Edition

- Updated March 2024
 - Includes Flex lanes
 - Includes wrong-way driving system

Brent Dustin, P.E.

Construction Project Manager 407.690.5378

Brent.Dustin@cfxway.com

DRVING **CENTRAL FLORIDA'S** FUTURE **ONE INNOVATION AT A TIME**

Desk Trooper Pilot Program

- Faster resolution to minor crashes via virtual connection
- Interactive technology provides immediate, detailed crash assessments and documentation

Partnership with:

SR 417 Flex Lanes (International Drive & John Young Parkway)

Nation's First Electrified Highway

- Piloting induction charging at highway speeds
- <1.0-mile stretch of SR 516 with of induction coils within concrete pre-cast and overlay
- Collaboration between public, private and academia via ASPIRE

COMMUNITY CHALLENGES

Osceola County is one of the fastest growing counties in the country – and – it has some of the worst commute times to go along with that. Polk County is not far behind – with its population growing by more than a third in the last decade or so. Straddling both counties is the Poinciana community – home to more than 70,000 people – and growing.

With growth comes traffic congestion. Traveling around the Poinciana community is a real challenge – and its expected to get worse.

TELL US YOUR STORY!

Send your written, audio or video (45 seconds or less) testimonial about how traffic congestion affects your daily life at ProjectStudies@CFXway.com

Enhanced Engagement Approach

- Interactive webpages with surveys, project renderings, videos and virtual meeting room to drive engagement
- Dynamic and measurable strategies to gauge community feedback and interest through QR Codes
- Defined stakeholder engagement plans with community, business & elected leaders in project counties
