SR 515 NORTHEAST CONNECTOR EXPRESSWAY PHASE 2 - PD&E STUDY

FLORIDA'S TURNPIKE TO US 192 AND SR 534

SPRING 2025

STUDY DESCRIPTION

The Central Florida Expressway Authority (CFX) is evaluating the SR 515 Northeast Connector Expressway Phase 2. This new 15-20-mile corridor would extend from Florida's Turnpike (State Road 91) northeast to US 192 and continue north toward the planned State Road 534.

The Project Development and Environment (PD&E) Study aims to further evaluate corridor alternatives deemed to be feasible in the earlier Northeast Connector Expressway Concept, Feasibility, and Mobility (CF&M) Study and other previous studies. The PD&E Study will conduct a more detailed environmental and engineering analysis on the corridor alternatives. The findings of the study will present various alignments, as well as a Preferred Alternative, which will be reviewed for feedback by environmental agencies, stakeholders and the public.

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3 million residents of Brevard, Lake, Orange, Osceola, and Seminole counties and more than 75 million annual visitors to Central Florida. CFX's 125-centerline mile, user-funded system includes 73 interchanges, 14 mainline toll plazas, 5 mainline gantries, 76 ramp toll plazas and 369 bridges. On average, more than 1.6 million toll transactions are recorded daily, nearly 98 percent of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with more than one million E-PASS accounts. For more information, visit CFXway.com.

SR 515 NORTHEAST CONNECTOR EXPRESSWAY PHASE 2 - PD&E STUDY

FLORIDA'S TURNPIKE TO US 192 AND SR 534

★ STUDY GOALS

- Provide additional east-west routes within the project area.
- Promote regional connectivity.
- Maintain consistency with long-range transportation plans.
- Enhance mobility of the area's growing population and economy.
- Provide for incorporation of transit options.
- Support planned economic development within the study area.
- Enhance safety, evacuations and emergency services response.

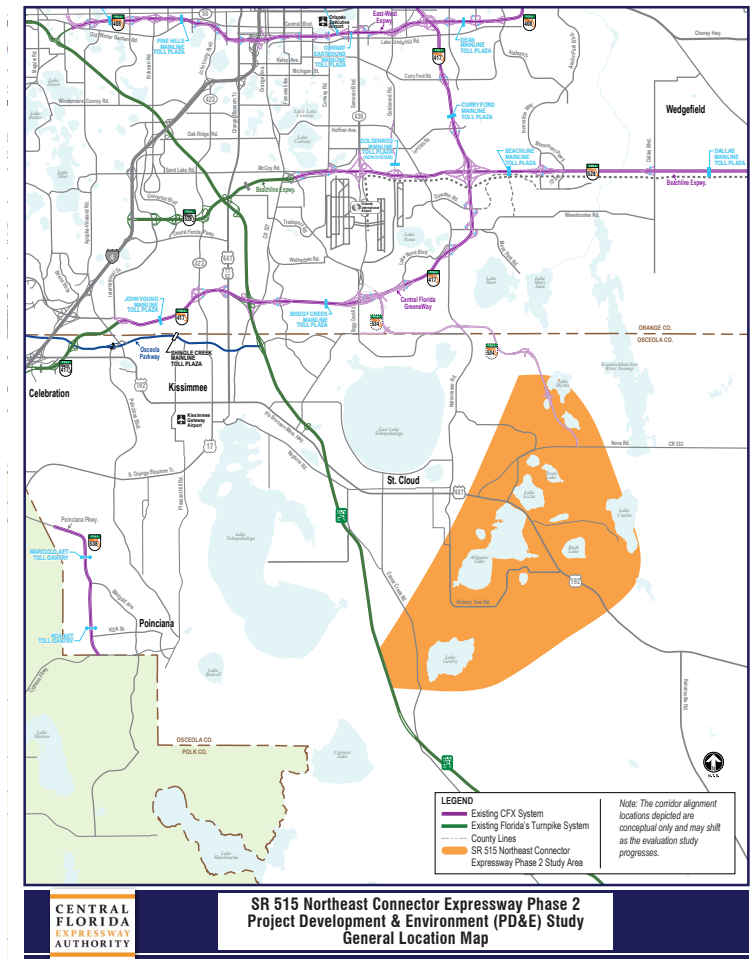

💡 STUDY PARTICIPATION

We value your input. Public engagement and interagency coordination are an integral part of the study, and opportunities for public participation will be provided. CFX anticipates holding a Public Information Meeting, an Alternatives Public Workshop and a Public Hearing as part of this study.
