

SR 417 SANFORD AIRPORT CONNECTOR PD&E STUDY

SR 417 TO RED CLEVELAND BOULEVARD

SUMMER 2025

STUDY DESCRIPTION

The State Road 417 Sanford Airport Connector proposes providing direct access between SR 417 (Seminole Expressway) and East Lake Mary Boulevard, near Red Cleveland Boulevard. The new connector would help alleviate traffic on local roads (such as East Lake Mary Boulevard and Ronald Reagan Boulevard) and meet the growing demands of residents and businesses in the area that rely on SR 417, including Orlando Sanford International Airport.

Based on agency and community input – including from the January 2025 Alternatives Public Workshop and April 2025 Refined Alternatives Public Workshop – and engineering evaluations and refinements, the State Road 417 Sanford Airport Connector Project Development & Environment (PD&E) Study has developed a Preferred Alternative, Alignment 2A, and will hold a series of Public Hearings for review and comment.
