PROJECT DESCRIPTION

The Central Florida Expressway Authority is designing the extension of State Road 538/Poinciana Parkway. The extension is being designed in two segments. Segment 1, from Ronald Reagan Parkway to south of US 17/92 and Segment 2, from south of US 17/92 to County Road 532 are expected to improve traffic flow and operations in the area. This project is being done in conjunction with the capacity improvements of CR 532.

The 3.1-mile project extends the Poinciana Parkway from Ronald Reagan Parkway to CR 532 and includes nearly a half mile of bridging over wetlands within the Reedy Creek Mitigation Bank. Design also includes an interchange at US 17/92, tolled ramps at CR 532, and bridges over the CSX railroad, Old Tampa Highway, and US 17/92. A noise analysis has been performed as part of this project.

ABOUT PUBLIC INVOLVEMENT

CFX held a public information meeting on January 17, 2023, and anticipates a pre-construction meeting prior to the start of construction (which is currently scheduled to begin in 2027).

QUICK FACTS

- Construction Timeline:**
2027 - 2030
- Estimated Construction Cost:**
\$311.7 Million

PROJECT MAP (LARGER MAP ON BACK)

The Central Florida Expressway Authority (CFX) is an independent agency of the State of Florida that operates and maintains a regional network of expressways for 3.5 million residents of Brevard, Lake, Orange, Osceola, and Seminole counties and more than 80 million annual visitors to Central Florida. CFX's 125-centerline mile, user-funded system includes 73 interchanges, 14 mainline toll plazas, 5 mainline gantries, 76 ramp toll facilities (includes six ramp gantries) and 365 bridges. On average, more than 1.6 million toll transactions are recorded daily, all of them electronically. CFX operates E-PASS, the first electronic toll collection system in Florida, with more than one million E-PASS accounts. For more information, visit CFXway.com.

POINCIANA PARKWAY EXTENSION: SEGMENTS 1 & 2

RONALD REAGAN PARKWAY TO COUNTY ROAD 532

★ PROJECT GOALS

- Improve connectivity opportunities for Osceola and Polk counties.
- Meet anticipated transportation demand for planned growth.
- Provide evacuation and emergency services access for emergency events such as hurricanes.
