PROJECT DESCRIPTION

The Central Florida Expressway Authority (CFX), in partnership with Osceola County, is widening County Road 532 (Osceola Polk Line Road) in Osceola and Polk counties. The capacity improvements are being constructed in advance of the planned extension of State Road 538 Poinciana Parkway from Ronald Reagan Parkway to CR 532.

The approximately 3-mile CR 532 project will make travel easier between Poinciana, Kissimmee, ChampionsGate, and other areas within the growing region.

The 3.1 mile Poinciana Parkway Extension – in conjunction with other CFX and state projects – will provide a vital regional connection for our customers to Florida’s Turnpike, Interstate 4 and future planned expressways like the Southport Connector Expressway, Northeast Connector Expressway and SR 534. Together, all these new corridors will form the 50-mile outer beltway through Osceola County.
